

2011 SIENNA

Limited shown in Predawn Gray Mica.

Limited interior shown in Bisque with available Premium Package, Convenience Package and Advanced Technology Package.

Along with its more spacious interior, powerful yet efficient engines and enough technology to impress a rocket scientist, the all-new Sienna offers something most minivans don't: a responsive driving feel wrapped in a sleek shape. What's more, Sienna is assembled in America, with among the highest levels of North American content in the segment!¹ The 2011 Toyota Sienna. **Moving Forward.**

TOP AVAILABLE FEATURES²

Available 180-Degree Panorama Camera³

Available Lounge Seating⁴

Available Dual-View Entertainment Center⁵

Available Dynamic Radar Cruise Control⁶

¹. Based on AALA preliminary estimate. ². Features listed not available on all model grades. ³. See footnote 20 in Disclaimers section. ⁴. See footnote 30 in Disclaimers section. ⁵. See footnote 28 in Disclaimers section. ⁶. See footnote 40 in Disclaimers section.

SEATS UP TO EIGHT. AND SUITS NEARLY EVERYONE.

Like we said, the all-new Sienna was designed to help redesign you. And what better way to put a new spin on things than by adding accessories to your Sienna. Whether it's gear for the on-the-go family or just something to make your Sienna more, well, yours, these Genuine Toyota accessories will do the trick.

AUTO ACCESS SEAT

Sienna LE and XLE are available with an innovative, industry-first, factory-installed Auto Access Seat. Designed for anyone who may need assistance getting in or out of a vehicle, the Auto Access Seat extends and retracts in the second-row position at the push of a button on either the remote or the seat itself. Dealer special order required.

ACCESSORIES

Add a personal touch to your Sienna with Genuine Toyota accessories. Some accessories may not be available in all regions of the country. See your Toyota dealer for details.

Limited Premium Package — includes Dual-View Entertainment Center²⁸ with two wireless headphones⁵, two 120V AC outlets, voice-activated touch-screen DVD navigation system²⁵ with Panorama Camera,²⁰ including integrated backup camera with two views (regular and wide-angle) and on-screen backup guides, JBL[®] AM/FM/MP3 4-disc CD changer, ten speakers, XM[®] Radio⁶ with XM NavTraffic^{®25} (includes 90-day trial subscriptions), auxiliary audio jack, USB²³ port with iPod^{®4} connectivity, hands-free phone capability and music streaming via Bluetooth^{®24} wireless technology

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Warranty and Maintenance Guide* for details.

Accessories: For Genuine Toyota accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

Towing Prep Option¹⁹ – 3500-lb. towing capacity¹⁴

Anti-theft system with engine immobilizer^{14,38}

Power tilt/slide moonroof with sunshade

Towing Prep Option¹⁹ – 3500-lb. towing capacity

XLE Premium Package — includes Dual-View Entertainment Center²⁸ with two wireless headphones⁵, two 120V AC outlets, voice-activated touch-screen DVD navigation system²⁵ with Panorama Camera,²⁰ including integrated backup camera with two views (regular and wide-angle) and on-screen backup guides, JBL[®] AM/FM/MP3 4-disc CD changer, ten speakers, XM[®] Radio⁶ with XM NavTraffic^{®25} (includes 90-day trial subscriptions), auxiliary audio jack, USB²³ port with iPod^{®4} connectivity, hands-free phone capability and music streaming via Bluetooth^{®24} wireless technology, Smart Key System²⁹ on all doors with Push Button Start and remote illuminated entry, chrome-accented outside door handles, rear parking sonar and Safety Connect^{™18}

Limited Convenience Package — includes High Intensity Discharge (HID) headlamps with auto on/off feature and Automatic High Beam;³ and rain-sensing washer-linked variable intermittent windshield wipers

Limited Advanced Technology Package^{31,45} — includes Dynamic Radar Cruise Control (DRCC);⁴⁰ Pre-Collision System (PCS);³⁹ Vehicle Dynamics Integrated Management (VDIM);⁴¹ and Hill Start Assist Control (HAC)⁴²

For Genuine Toyota accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable *Warranty and Maintenance Guide* or see your Toyota dealer.

TOYOTA CARE

ToyotaCare

Covers normal factory scheduled service. Plan is 2 years or 25K miles, whichever comes first. The new Toyota vehicle cannot be part of a rental or commercial fleet, or a livery or taxi vehicle. See plan for complete coverage details. See participating Toyota dealer for details.

DISCLAIMERS

1. Performance of BLU Logic® compatible phones will vary based on phone software version, coverage and your wireless carrier. See www.blulogicupdate.com for more details. 2. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with retention hooks/clips. Do not install a floor mat on top of an existing floor mat. 3. Interface kit for iPod® not available if vehicle is equipped with XM® Radio services. 4. iPod® is a registered trademark of Apple, Inc. All rights reserved. 5. Headphones are for passenger use only. Do not use while operating vehicle. 6. XM services require a subscription after 90-day trial period. Subscriptions governed by XM Customer Agreement available at xmradio.com. **If you decide to continue your XM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-800-967-2346 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 7. SE model only. 8. Not available on SE model. 9. Extra-cost color. 10. Limited models only. 11. Not available on Limited models. 12. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. 13. The automatic high beam system can help improve vision at night. However, conditions such as a dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness so the driver may need to manually change the high beams from on to off. See *Owner's Manual* for details. 14. V6 models only. 15. Available on 4-cylinder, standard on V6 models. 16. Models equipped with All-Wheel Drive replace standard wheels and tires with 18-in. 10-spoke machine-finished alloy wheels with P235/55RF18 run-flat tires and do not include a spare tire. 17. All-Wheel Drive models only. 18. Available on select 2011 Toyota models. Contact with the Safety Connect™ response center is dependent upon the telematics device being in operative condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency service support. Enrollment and Telematics Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Safety Connect™-equipped vehicles. Additional subscription terms available; charges vary by subscription term selected. 19. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and available equipment. 20. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 21. The backup camera uses the navigation system display on vehicles so equipped. 22. Requires touch-screen DVD navigation system. 23. May not be compatible with all MP3/WMA players and like models. 24. The Bluetooth® technology phones listed on toyota.com have been tested for compatibility with Toyota vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Toyota. 25. Availability and accuracy of the information provided by the navigation system or any XM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic navigation updates available at additional cost. See your *Navigation System Owner's Manual* or contact XM for details. 26. HomeLink® is a registered trademark of Johnson Controls, Inc. 27. Requires power tilt/slide moonroof. 28. A single-disc DVD player is standard on vehicles equipped with the Dual-View Entertainment Center. A separate DVD player or compatible game system utilizing the center console's video/audio inputs is required in order to use the split-screen function. 29. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 30. Do not use the ottoman feature when the vehicle is in motion. The ottoman feature should only be used when the vehicle is stationary. If the ottoman feature is in use during an accident the lap belt may slide past the hips. This could also result in restraint forces being applied directly to the abdomen or your neck may contact the shoulder belt, increasing the risk of death or serious injury. 31. Not available on AWD model. 32. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 33. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. 34. Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your *Owner's Manual* for further details. 35. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your *Owner's Manual* for further information/warnings. 36. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 37. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your *Owner's Manual* for details. 38. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or Smart Key fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or Smart Key fob, it can be costly to replace. If you lose a key or Smart Key fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org 39. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors such as speed, driver input and road conditions. See your *Owner's Manual* for further information. 40. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. 41. Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 42. Hill Start Assist Control (HAC) is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. 43. Cargo and load capacity limited by weight and distribution. 44. 2011 EPA-estimated mileage. Actual mileage will vary. 45. Requires Convenience Package.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the

dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only.
