2023 4RUNNER

An off-road icon.

Grab your gear — it’s going to be a wild ride. 4Runner has been championing the off-road for 40 years, with more to come. And with the introduction of 4Runner’s 40th Anniversary Special Edition, this all-new SUV shows up ready to play. With the dependability of a veteran and the hustle of a rookie, the 2023 Toyota 4Runner is equipped to take your adventures up a notch.
For decades, 4Runners have earned the reputation of being an off-road icon, and we intend to keep it that way. To commemorate this milestone, we’re proud to introduce the 2023 4Runner 40th Anniversary Special Edition. Limited to only 4,040 units, this SUV features unique details inside and out that celebrate how far we’ve come and welcome what’s next.

The heritage-inspired edition features tri-color striped exterior graphics and bronze-colored accents, including its 17-in. wheels and detailed interior stitching. Feel a part of something truly special every time you look at the unique embossments and 1 of 4,040 interior emblem.

Rugged body-on-frame construction

With its legendary body-on-frame design, 4Runner 40th Anniversary Special Edition continues to provide the sturdy and reliable support you need when your adventures go beyond where the road ends.

Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage.
CAPABILITY

Conquer the off-road.

4Runner delivers a ride that’s smooth in the city — but its true home is on the trail. Featuring standard Hill Start Assist Control (HAC)\(^2\) and available off-road technologies like Multi-Terrain Monitor (MTM)\(^3\) and Multi-Terrain Select (MTS), this body-on-frame icon is built to take on the toughest terrain.

### Multi-Terrain Monitor (MTM)

Get a next-level view of what’s around you with 4Runner’s available Multi-Terrain Monitor (MTM),\(^3\) which helps you navigate nature’s obstacles with confidence.

### Electronic Locking Rear Differential

To help you negotiate uncertain terrain, 4Runner’s available electronically controlled locking rear differential distributes engine power evenly to both rear wheels, so they move at the same speed.

### Crawl Control (CRAWL)

Available Crawl Control (CRAWL)\(^4\) automatically modulates the throttle and brakes on five low-speed settings so you can keep your focus on navigating across difficult terrain.

### Kinetic Dynamic Suspension System (KDSS)

When taking on extreme off-road terrain, 4Runner’s available Kinetic Dynamic Suspension System (KDSS) automatically decouples the sway bars as needed, helping improve wheel articulation.

Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. See numbered footnotes in Disclosures section.
**PERFORMANCE**

**Designed for the long haul.**

4Runner’s rugged performance gives you the confidence to take on the world’s terrain. And it’s loaded with versatile features that come in handy when it’s just you and the trail.

270-hp 4.0-liter V6 engine

4Runner’s legendary reliability continues with power from its 4.0-liter V6 engine. With up to 270 hp and 278 lb.-ft. of torque, you have all that you need to take you from adventure to adventure.

Full-time 4WD

Standard on 4Runner Limited, full-time 4WD helps provide you with optimal traction for every drive. By automatically sending power to the wheel that needs it most, all you have to do is focus on the path ahead when the terrain gets rugged or when the road conditions become challenging.

Part-time 4WD

Giving you more control of your 4Runner’s capabilities is an available four-wheel-drive system that provides high and low range. Select High 2 (H2) for daily driving and the best fuel efficiency, High 4 (H4) for more traction under 55 mph, and Low 4 (L4) when you need to drive slowly or for trekking over difficult terrain.

5000-lb. max towing capacity

With 4Runner’s ability to tow up to 5000 lbs., venturing into some of nature’s toughest ranges doesn’t mean you have to leave everything behind. 4Runner adheres to SAE J2807, the standard for tow ratings set by the Society of Automotive Engineers (SAE).

See numbered footnotes in Disclosures section.
TRD FAMILY

Tame wilder terrain.

Boasting unique TRD badging, the 4Runner TRD Family is ready to take your adventures to the next level. Looking its best with a fresh coat of mud, 4Runner TRD’s trail-ready toughness and cutting-edge style have made this vehicle an off-road icon.

Nitto® Terra Grappler® all-terrain tires

4Runner TRD Pro’s unique 17-in. alloy wheels come wrapped in Nitto® Terra Grappler® all-terrain tires for more on-road comfort and enhanced off-road traction.

FOX® shocks and TRD-tuned suspension

Take your adventures to the next level. 4Runner TRD Pro’s suspension features oversize TRD-tuned FOX® high-performance shocks — with remote reservoirs on the rear shocks — and TRD-tuned front springs to help carry you over unforgiving terrain.

Rugged looks

When you’re an off-road legend, there’s no need to shout it. But that doesn’t mean you can’t show off. 4Runner turns heads on the trail with its signature hood scoop and black roof rails.
**EXTERIOR**

Turn heads on the trail.

At first glance, there’s no doubt what this rugged SUV is capable of. From its aggressive front grille to its iconic badging, 4Runner’s adventurous spirit is seen in every detail.

**TRD Sport**

4Runner TRD Sport scores style points with its commanding front grille, sporty hood scoop and color-keyed body details. One look at the TRD Sport badge and everyone knows this 4Runner is ready to get after it.

**TRD Off-Road**

Delivering consistent performance when the going gets rough, TRD Off-Road’s Crawl Control (CRAWL) helps steady the course. And its Multi-Terrain Select (MTS) and part-time selectable 4WD help you take on rocks, dirt and mud — without losing your grip.

**Limited grade**

20-in. wheels, chrome body accents and a striking front fascia give 4Runner Limited a refined presence. Inside, it’s all decked out with creature comforts, like leather-trimmed seats and a 15-speaker JBL® audio system. And staying true to its name, Limited is loaded with the proven capability features 4Runner is known for, like its standard X-REAS Sport Enhancement Suspension and available full-time 4WD.

---

See numbered footnotes in Disclosures section.
INTERIOR & UTILITY

Rugged, yet refined.

Inside, it’s the perfect balance of resourceful and sophisticated. And when you’re behind the wheel, 4Runner’s 8-in. high-resolution touchscreen makes your playlist, navigation settings and more all look stunning.

TRD interior signature touches

Climb inside 4Runner TRD Sport and feel its elevated vibe. SofTex®-trimmed seats feature TRD embroidered headrests, while accent stitching found throughout the interior lets you know it’s ready for action. All you have to do is grab hold of the TRD shift knob and drive off to your next adventure.

Power tilt/slide moonroof

Take it all in. 4Runner’s available power tilt/slide moonroof brings you closer to the great outdoors, without even leaving your seat.

Power rear glass

4Runner features a power rear window, a signature element found across all generations of 4Runner. And best of all, it’s standard. This rear glass raises and lowers with the push of a button, making it easier to grab your gear from the cargo area.

Fold-flat second-row seating

With 4Runner’s 40/20/40 fold-flat second-row seats, you can make room for everything you need by folding one or all three seats down to accommodate up to 88.8 cubic feet of cargo.
CONNECTED SERVICES

Technology that keeps up with you.

Take advantage of smart and convenient technologies designed to simplify your everyday life. Trial periods are available on select models for the listed Connected Services.*

Toyota App
With active applicable Connected Services12 subscriptions, the Toyota app13 allows you to stay connected to your 4Runner wherever you go. Available for Apple®14 and Android™15 devices.
✓ Remote Vehicle Start16 and Lock/Unlock Doors

Services and/or their features vary by model grade. See toyota.com/connected-services. See numbered footnotes in Disclosures section.
AUDIO MULTIMEDIA

Amplify your drive.

Make every drive more personal. By utilizing your vehicle’s touchscreen display and audio multimedia capabilities, you’ll always have access to what you want. Whether it’s listening to your favorite playlist or finding the most scenic route to your destination, you’ll enjoy connectivity and technologies that are all about you.

Apple CarPlay®

Bring along a familiar face. With 4Runner’s Apple CarPlay® compatibility, you can use your compatible iPhone® with the multimedia system to get directions, make calls, send and receive messages and listen to music, all while staying focused behind the wheel.

Android Auto™

Stay connected on the road. By pairing your compatible Android™ phone with the audio multimedia system, Android Auto™ lets you get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more.

SiriusXM® Platinum Plan 3-month trial

With SiriusXM® Platinum Plan 3-month trial, you get 425+ channels, including 165+ channels in your vehicle, to listen to ad-free music, plus sports, news, comedy and more. Innovative features in 4Runner make it even easier to search, discover and listen than ever before, through personalized channel recommendations curated just “For You.” Plus, the Live Sports category puts all your games and teams in one place for easy access.

Available JBL® Premium Audio System

Feel the difference and hear the truth. Designed specifically for your Toyota, JBL® finely tunes each speaker to the interior of the vehicle. Just turn up the volume to hear the crisp, rich, vibrant sound come through.
Peace of mind comes standard.

Toyota Safety Sense™ (TSS-P)31 is a bundle of active safety features included on many new Toyota vehicles at no additional cost. These innovative features were designed to help protect you and your passengers from harm.

- Pre-Collision System with Pedestrian Detection³²
- Dynamic Radar Cruise Control³³
- Lane Departure Alert³⁴
- Automatic High Beams³⁵

4RUNNER WHEELS

SRS: 17-in. 6-spoke alloy wheel

TRD Sport: 20-in. split 6-spoke alloy wheel

TRD Off-Road: 17-in. 7-spoke alloy wheel

40th Anniversary Special Edition: 17-in. bronze-colored alloy wheel

Limited: 20-in. split 6-spoke alloy wheel

TRD Pro: TRD 17-in. matte-black alloy wheel

See numbered footnotes in Disclosures section.
4RUNNER ACCESSORIES

This is a great way to add extra personality to your 4Runner. Not every accessory is available in your area, so for a complete list of accessories, go to toyota.com/4runner/accessories.

**WARRANTIES**

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

DISCLOSURES

1. The Toyota model or models shown are designed to meet most off-road driving requirements, but off-road driving is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area 2. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 3. The Multi-Terrain Monitor view is limited and can be affected by environmental, weather and traffic conditions. Multi-Terrain Monitor is not a substitute for safe driving judgment and practices. Dynamic Navigation depends on factors outside of Toyota’s control, including an operable telematics device, a cellular connection, GPS signal and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data usage and charges may apply. See usage precautions and service limitations in Owner’s Manual and https://www.toyota.com/connected-services for additional limitations and details. To learn about Toyota G-Code, see Owner’s Manual and https://www.toyota.com/owner manuals. All features are subject to change. See Owner’s Manual for additional limitations and details. 4. SST is a registered trademark of Solar Signal Technology, LLC.

2. 2GB of data is used or when the 3-month period ends. Subscription required after trial. Terms and conditions apply. 5. A registered trademark of Toyo Tire & Rubber Co., Ltd. 6. FOX is a registered trademark of FOX Factory, Inc. 7. JBL® is a registered trademark of Harman International Industries, Inc. 8. SoFtex® is a registered trademark of Toyota Motor Sales, U.S.A., Inc. 9. Terra Grappler is a registered trademark of Toyo Tire & Rubber Co., Ltd. 10. Energy Saver® is a registered trademark of Continental AG. 11. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 12. SST is a registered trademark of Solar Signal Technology, LLC. 13. 21. The Multi-Terrain Monitor view is limited and can be affected by environmental, weather and traffic conditions. Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance contact the Toyota Customer Experience Center at 1-800-331-4331 20. Information provided is based on the last time data was collected from the vehicle and is not real-time data. Service Connect depends on factors outside of Toyota’s control, including an operable telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data charges may apply. See usage precautions and service limitations in Owner’s Manual and https://www.toyota.com/connected-services for additional details. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in paid subscription is required. 33. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. See Owner’s Manual and https://www.toyota.com/connected-services for additional limitations and details. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscription required after trial. Service Connect renewal is required. Service Connect is not operable when connected to a manual vehicle. 34. 22. Safety Connect® depends on factors outside of Toyota’s control, including an operable telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Service may vary by vehicle and region. Registration required. Subscription required after trial. Services subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in Owner’s Manual and https://www.toyota.com/connected-services for additional limitations and details. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. The Dynamic Navigation Assist period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscribed required prior to trial. Service Connect is not operable when connected to a manual vehicle. 35. Apple CarPlay® is a registered trademark of Apple Inc. 36. The Availability of certain features on Google Maps for Android apps will vary by vehicle and region. 37. Apple and the Apple logo are trademarks of Apple Inc., registered in the U.S. and other countries. 16. Owner’s Manual and https://www.toyota.com/connected-services for additional limitations and details. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacyvts/. The Destination Assist trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Subscribed required after trial. Service Connect renewal is required. Service Connect is not operable when connected to a manual vehicle. 40. Requires compatible iPhone® connected with an Bluetooth enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 40. May not be compatible with all mobile phones, MPS/WMA players and like models. 41. 10. Toyota Owner’s Manual for additional limitations and details. 43. Airbag systems are Supplemental Restraints Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rear-facing child seat in any...
Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available in all regions of the country. See your Toyota dealer for additional limitations and details. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. The transponder chip is embedded in the key/fob and can only be available in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the system. See Owner’s Manual for additional limitations and details. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner’s Manual for additional limitations and details. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner’s Manual for additional limitations and details. Torsen® is a registered trademark of Zexel Torsen, Inc. Front and rear parking assist sonar is designed to warn drivers of potential front and rear collisions at speeds of 6 mph or less. Certain vehicle and environmental factors, including an object’s shape and composition, may affect the ability of the front and rear parking assist sonar to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner’s Manual for additional limitations and details. Extra-cost color. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. Advance voice recognition capabilities vary by head unit. Dynamic Voice Recognition capabilities vary by head unit. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner’s Manual for additional limitations and details. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service.
