MY25 Remote Connect Features by Model

Toyota vehicles are tech-forward and built with performance and safety in mind. The latest Toyota Audio Multimedia system offers many Connected Services[1] features and capabilities. However, those system features will vary based on the model. **This document illustrates those differences**.

Guest Driver Alerts
(Remote Connect[2] feature)

With guest driver alerts, the primary driver is notified via push notification alerts if something has been changed from the primary driver's pre-settings.

DISCLOSURES

1. Toyota Connected Services vary by vehicle and are subject to change at any time without notice. Services depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded, including access to response center and emergency support. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then the Connected Services will not work, and Toyota will need to discontinue impacted services. Services require account registration through the Toyota app and acceptance of the Connected Services Terms of Use at **https://www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf** and Master Data Consent. Data charges may apply. For Toyota Connected Services' vehicle-generated data collection, use, sharing and retention practices and agreements, see **https://www.toyota.com/support/privacy-notice/**. All trials begin on original purchase or lease date of new vehicle, with the exception of Wi-Fi for which trial begins at time of activation. Paid subscription required after trial (if applicable). **2.** Use only if aware of circumstances surrounding vehicle it is legal safe to do so (e.g., do not remotely start a gas engine vehicle in an enclosed space or if vehicle is occupied by a child). Remote Connect services vary by vehicle and are subject to change at any time without notice. Services depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then the services will not work and will need to be discontinued. Digital Key also requires Bluetooth connectivity. Not available on manual transmissions. Services require account registration through Toyota App and acceptance of Connected Services Terms of Use at **https://www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf** and Master Data Consent. Data charges may apply. For Toyota Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see **https://www.toyota.com/support/privacy-notice/**. Trial period begins on original purchase or lease date of new vehicle. Paid subscription required after trial (if applicable). Terms of Use apply. **3.** Digital Key requires active Remote Connect trial or subscription. **4.** A compatible Bluetooth enabled phone must be paired. Phone performance depends on software, coverage and carrier. The Bluetooth word mark and logos are registered trademarks of Bluetooth SIG, Inc. Use of such marks by Toyota is under license.
