Sometimes, compromising isn’t necessary.

Have it all with the 2022 Toyota Prius. It’s geared up to take on your every whim with its style, tech and capability features that’ll leave you inspired. With ample cargo space and available AWD-e¹ capability, Prius continues to set the standard for the modern-day hybrid.
Don’t just imagine the possibilities. Explore them.

Capable of much more than just city commutes, Prius offers ample cargo space for your impromptu adventures and planned itineraries. If up to 27.4 cu. ft. of space with the seats up or 50.7 cu. ft. with the seats folded flat isn’t enough to hold all your gear, cargo cross bars are available to share the load. Seek out hidden gems — like that quiet surf spot or that bustling marketplace — in the 2022 Prius, and you’ll be in your element.

Impressive fuel efficiency

With up to an EPA-estimated combined 52 mpg, Prius encourages you to go farther than you thought possible. For AWD models, capability and efficiency work together for an EPA-estimated combined 49 mpg. And for added efficiency, L Eco has up to an EPA-estimated combined 56 mpg.

Cargo space

The ample cargo space on Prius leaves room for your tent, snowboard or gear of choice. Prius offers up to 50.7 cu. ft. of space with its 60/40 fold-down rear seats folded, maximizing cargo and versatility.

Cross bars

Think outside the car. The available accessory cargo cross bars on Prius offer even more space — and possibilities — for your next adventure.
EXTERIOR

Style to inspire your next escape.

From city streets to mountain highways, navigate all roads with style and confidence. The artfully sculpted exterior of Prius suits any setting, no matter where your curiosity takes you. Each striking feature is purposefully designed to encourage you to embrace more of life’s moments with fewer compromises.

17-in. alloy wheels

The lightweight aluminum wheels on Prius add just the right amount of attitude. These available 17-in. wheels are topped with titanium-finished inserts or available accessory black wheel inserts to ensure all eyes are on this hybrid.

Fog lights and LED accent lights

Rain or shine, Prius will take you there. Standard on AWD-e,1 XLE and Limited grades, integrated fog lights help improve road visibility in fog or foul weather, while LED accent lights add to the vehicle’s stun factor.

Sculpted exterior

Prius’ sleek lines, active grille shutter, aero stabilizing fins and underbody panels all work together to smooth airflow, which in turn helps maximize fuel efficiency.
More reasons to take the long way home.

Designed for your convenience, Prius features the latest tech, like available Premium JBL® Audio and color Head-Up Display (HUD) that uses aircraft-inspired technology to project important information right onto the windshield. An elevated driving experience is all in the details.

11.6-in. multimedia display

You’ll want to take note of this. Prius’ available 11.6-in. display uses intuitive pinch, zoom, tap and swipe gestures that create a familiar smartphone-like experience while giving you easy access to the features that matter most.

Qi-compatible wireless charging

No wires. Total convenience. With available Qi-compatible wireless smartphone charging, simply place your Qi-compatible device on the nonslip surface to charge it up on the go — without the interference of cords.
Amplify your drive.

Take advantage of smarter and convenient technologies designed to simplify your everyday life. From a suite of services that are there for you 24/7 to an immersive audio multimedia system, you can stay connected to your world.

Connected Services

Our available suite of Connected Services provides added convenience and peace of mind.

- **Safety Connect®**
  Emergency SOS assistance and 24/7 Toyota Roadside Assistance.

- **Service Connect**
  Get personalized maintenance updates and vehicle health reports.

Audio Multimedia

Make every drive more personal. By utilizing your vehicle’s touchscreen display and audio multimedia capabilities, you’ll always have access to what you want. Whether it’s listening to your favorite playlist or finding the most scenic route to your destination, you’ll enjoy the latest in connectivity and technologies that are all about you.

Apple CarPlay®

Bring along a familiar face. With Apple CarPlay compatibility, you can use your compatible iPhone with the audio multimedia system to get directions, make calls, send and receive messages, and listen to music — all while staying focused on your commute.

Android Auto™

Stay connected on the road. By pairing your compatible Android phone with the audio multimedia system, Android Auto lets you access your Google Assistant, get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more.

SiriusXM® All Access 3-month trial subscription

Enjoy listening to what you want to hear. With SiriusXM, you get the deepest variety of ad-free music, more sports coverage than anywhere else, exclusive talk channels, every kind of comedy, and the most complete news coverage.

Amazon Alexa

Almost anywhere the road takes you, Amazon Alexa connectivity follows. With a smartphone connection and the Toyota+Alexa app, all you have to do is ask Alexa to play music, listen to audiobooks, hear the news, check weather, control smart-home devices and more.

JBL®

Feel the difference and hear the truth. Designed specifically for Toyota, JBL finely tunes each speaker to the interior of the vehicle. Just turn up the volume to hear the crisp, rich, vibrant sound come through.

WARRANTIES
Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. Refer to applicable Warranty and Maintenance Guide for details.

Hybrid Battery: HV battery is covered for 10 years or 150,000 miles, whichever comes first. Warranty coverage is subject to terms and conditions. Refer to applicable Warranty and Maintenance Guide for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

### Mechanical

**ENGINE**
- Type: 1.8-Liter, 4-Cylinder Aluminum DOHC 16-Valve with Variable Valve Timing with intelligence (VVT-i), EV29/Eco/POWER Modes; 96 hp @ 5200 rpm (71 kW @ 5200 rpm), 105 lb.-ft. @ 3600 rpm (142 N•m @ 3600 rpm)
- Compression ratio: 13.0:1
- Induction system: Sequential multi-point EFI with Electronic Throttle Control System with intelligence (ETCS-i)

**EMISSION RATING**
- SULEV with Advanced Technology Partial Zero Emission Vehicle (AT-PZEV)

**ELECTRIC MOTOR**
- Motor type: Permanent magnet AC synchronous motor
- Motor type: Magnetless rear motor (5kW)
- Power output: 71 hp (53 kW)
- Torque: 120 lb.-ft. (163 N•m)
- Voltage: 600V maximum
- Hybrid system net power: 121 hp (90kW)

**TRACTION BATTERY**
- Type: Sealed Nickel-Metal Hydride (Ni-MH) — Voltage: 201.6V
- Type: Lithium-ion (Li-ion) — Voltage: 207.2V

**TRANSMISSION**
- Electronically controlled Continuously Variable Transmission (ECVT)

**DRIVETRAIN**
- Front-Wheel Drive
- Electronic On-Demand Compact All-Wheel Drive (AWD-e)

**SUSPENSION**
- Independent MacPherson strut front suspension with stabilizer bars; multi-link rear suspension with stabilizer bars

**STEERING**
- Electric Power Steering (EPS); power-assisted rack-and-pinion
- Turning circle diameter, curb to curb (ft.): 33.5

**BRAKE**
- Power-assisted ventilated front disc brakes; solid rear disc with integrated regenerative braking and Star Safety System™

DISCLOSURES

43. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 44. This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. 45. Genuine Toyota Paint Protection Film by 3M™ is designed for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Toyota Genuine Accessory Warranty only applies when installation is performed by a trained Toyota-approved installer. See Toyota dealer for details. 46. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). 47. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Functionality, availability and accuracy of information provided by the system depends on many factors and service may not be available in every location. Use common sense when relying on information provided. Apps/services vary by phone/carer. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See toyota.com/connected-services for details. Services and programming subject to change. Updates may be available from your dealer at an additional cost. See Owner’s Manual for additional limitations and details. 48. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 49. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner’s Manual for additional limitations and details. 50. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details. 51. Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance contact the Toyota Customer Experience Center at 1-800-331-4331. 52. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. Toyota PRIUS is designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing hitch receiver/ball mount kits are not intended to provide crash protection. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.
