Sometimes, compromising isn’t necessary.

Have it all with the 2022 Toyota Prius. It’s geared up to take on your every whim with its style, tech and capability features that’ll leave you inspired. With ample cargo space and available AWD-e¹ potential, Prius continues to set the standard for the modern-day hybrid.
Don’t just imagine the possibilities. Explore them.

Capable of much more than just city commutes, Prius offers ample cargo space for your impromptu adventures and planned itineraries. If up to 27.4 cu. ft. of space with the seats up or 50.7 cu. ft. with the seats folded flat isn’t enough to hold all your gear, cargo cross bars are available to share the load. Seek out hidden gems — like that quiet surf spot or that bustling marketplace — in the 2022 Prius, and you’ll be in your element.

Impressive fuel efficiency

With up to an EPA-estimated combined 52 mpg, Prius encourages you to go farther than you thought possible. For AWD models, capability and efficiency work together for an EPA-estimated combined 49 mpg. And for added efficiency, L Eco has up to an EPA-estimated combined 56 mpg.

Cargo space

The ample cargo space in Prius leaves room for your tent, snowboard or gear of choice. Prius offers up to 50.7 cu. ft. of space with its 60/40 fold-down rear seats folded, maximizing cargo and versatility.

Cross bars

Think outside the car. The available accessory cargo cross bars on Prius offer even more space — and possibilities — for your next adventure.
From city streets to mountain highways, navigate all roads with style and confidence. The artfully sculpted exterior of Prius suits any setting, no matter where your curiosity takes you. Each striking feature is purposefully designed to encourage you to embrace more of life’s moments with fewer compromises.

Available Nightshade Special Edition
Take a bold stance with Prius Nightshade Special Edition. Blacked-out badging, wheels, handles and accents let you bring more attitude along for the ride.

Fog lights and LED accent lights
Rain or shine, Prius will take you there. Standard on Nightshade Edition and AWD-e grades, the fog lights are designed to increase your visibility while driving through fog, and the LED accent lights add to the vehicle’s stun factor.

Sculpted exterior
Prius’ sleek lines, active grille shutter, aero stabilizing fins and underbody panels all work together to smooth airflow, which in turn helps maximize fuel efficiency.
More reasons to take the long way home.

Designed for your convenience, Prius’ interior features the latest tech, like available Premium JBL® Audio and the color Head-Up Display (HUD) that uses aircraft-inspired technology to project important information right onto the windshield. Stylish touches further elevate your driving experience.

11.6-in. multimedia display

You’ll want to take note of this. Prius’ available 11.6-in. display uses intuitive pinch, zoom, tap and swipe gestures that create a familiar smartphone-like experience while giving you easy access to the features that matter most.

Qi-compatible wireless charging

No wires. Total convenience. With available Qi-compatible wireless smartphone charging, simply place your Qi-compatible device on the nonslip surface to charge it up on the go — without the interference of cords.
Amplify your drive.

Take advantage of smarter and convenient technologies designed to simplify your everyday life. From a suite of services that are there for you 24/7 to an immersive audio multimedia system, you can stay connected to your world.
