Go beyond zero.

Get ready for a new way to take on the day. Introducing the first-ever, all-electric Toyota bZ4X. Designed to be more than just a sleek SUV with modern innovations, bZ4X is focused on enhancing the driving experience and elevating the connection to your world. It’s time to go “beyond Zero” and discover a better future just around the corner.

Limited shown in Heavy Metal with Black roof and available split roof rear spoiler.
PERFORMANCE

Plug and play.

Experience the smooth acceleration, instant torque delivery and quiet drive of bZ4X. Powered by its electric motor — one for front-wheel-drive models and two for all-wheel-drive models — you’ll enjoy a confident drive that’s always ready for what the day has to offer.

e-TNGA platform

bZ4X will be the first Toyota vehicle to utilize the brand-new e-TNGA (Toyota New Global Architecture) platform. Made specifically for Toyota electric vehicles, this structure allows for more space that you can feel in the cabin and provides a solid foundation for outstanding driving performance, ride comfort and stability for the road ahead.

All-Wheel Drive with X-MODE

Whether helping you navigate through a downpour or hug the curves of a winding road, bZ4X’s available AWD capability gives you confidence to stay the course. And with the push of a button, X-MODE maximizes bZ4X’s AWD potential. By adjusting drive force, braking and throttle input, you’ll enjoy its impressive performance in tougher conditions.

Powerful electric motor

bZ4X takes advantage of an electric powertrain by delivering almost instantaneous torque to a drive that comes naturally. Front-wheel-drive models use one electric motor to produce 201 hp with 196 lb.-ft. of torque, while all-wheel-drive models harness two electric motors to deliver 214 hp with 248 lb.-ft. of max torque to both axles combined.
BATTERY PERFORMANCE

Powered to take on every day.

From daily commutes to trips around town, find yourself getting things done. Thanks to a meticulous production process and multiple monitoring systems, bZ4X’s batteries are designed to have a battery capacity retention of 90% after ten years of ownership. Add a reputation for build quality, and you can feel confident your bZ4X will be there for you, day in and day out.

All-day range

With bZ4X’s EPA-estimated driving range of up to 252 miles for front-wheel-drive models and up to 228 miles for all-wheel-drive models, you can enjoy all the fun of electric driving, knowing it’s a Toyota.

Up to 252 miles of EPA-estimated range2

Limited shown in Heavy Metal with Black roof and available split roof rear spoiler. Below: Limited shown in Wind Chill Pearl1.

2 Limited shown in Heavy Metal with Black roof and available split roof rear spoiler. Below: Limited shown in Wind Chill Pearl.
Easy as one, two, three.

Charging bZ4X is as easy as plugging in your smartphone. Included is a portable 120V AC charger (Level 1) that simply plugs into a standard household outlet to charge. For faster charging times, bZ4X is compatible with and can be plugged into a 240V AC charger (Level 2) or DC Fast Charging.3

LEVEL 1 – 120-Volt AC Charging
A great pick for drivers with short commutes.

You can charge anywhere there is a common household 3-prong outlet.

LEVEL 2 – 240-Volt AC Charging
The best setup for faster charging at home.

Can be installed at home by a licensed electrician. ChargePoint® and Qmerit offer possible charger and installation options.

You can also find Level 2 chargers at public charging stations nationwide.4

LEVEL 3 – DC Fast Charging
Under ideal conditions, it can be the quickest way to charge up on the go.3

Currently only available at public charging stations.47

Limited shown in Heavy Metal with Black roof.1

See numbered footnotes in Disclosures section.
EXTERIOR

Sharp looks with purpose.

Striking design
Sleek character lines that flow from front to back, and an athletic stance, give bZ4X a look that’s unmistakable.

Aerodynamic performance
Lower front bumper vents and a fully covered underbody help air flow around the front and under the vehicle. The aerodynamic design is finished off with a streamlined rear that features a rear lip spoiler and an available split roof rear spoiler.

20-in. alloy wheels
bZ4X’s available 20-in. machine-finished alloy wheels do more than accentuate its powerful SUV stance — they command your attention.
Centered around you.

Discover refined comfort inside bZ4X’s modern design. With its soft-touch materials and an instrument panel that puts all your system controls within reach, the future will always look optimistic.

Premium interior

Gain a sense of luxury every time you enter bZ4X. From its standard leather-wrapped steering wheel to the personalized comfort of available heated and ventilated front seats, you’ll feel the dedication in every detail.

Inviting space

bZ4X’s interior exudes a feeling of warmth and comfort. Its open layout creates a cabin space that naturally provides impressive leg room for everyone and makes no compromise on convenience.

Fixed panoramic moonroof

The future looks brighter in bZ4X. Just open its power sunshade that spans across the roof. And whether sitting in the front or rear seats, you can always gaze at the stars or let the sunshine in.
TECHNOLOGY

Discover more ease in every drive.

Experience a drive that’s more effortless, with a connection that caters to your needs. Standard Qi wireless charging and five USB ports let you personalize your experience and power up a variety of devices to keep you going. That versatility and added convenience help simplify every movement, for a more captivating drive.

12.3-in. Toyota Audio Multimedia touchscreen display

bZ4X’s standard 12.3-in. Toyota Audio Multimedia touchscreen display seamlessly rises from the center console, for a modern look. Here, you can control a variety of functions with an intuitive touch. Clearly see where you’re going with turn-by-turn directions, access multimedia functions, and connect your smartphone to enjoy your favorite apps, playlists and more.

Top-mount Multi-Information Display

Information that meets the eye. bZ4X’s top-mount Multi-Information Display is placed right above the steering wheel to clearly give you vehicle details, outside temperature, driver assist systems and more — all to help keep your eyes on the road ahead.

Intelligent convenience

From rain-sensing wipers that automatically activate when the windshield gets too wet, to an auto-dimming rearview mirror that reduces glare, you’ll feel an ease with every drive. And to raise your comfort efficiently, bZ4X’s Eco function uses less overall energy by adjusting the air temp for front passengers while an available radiant foot-and-leg heater can quickly warm you up.

See numbered footnotes in Disclosures section.
Amplify your drive.

Enhance every drive with an experience that’s all about you. Whether enjoying the sounds of your favorite soundtrack or interacting with an interface that you’re familiar with, you’ll always be surrounded by comfort.

**JBL® Premium Audio System**

Immerse yourself in quality sound with bZ4X’s available JBL® Premium Audio system. A 9-speaker, 800-watt audio system, equipped with a subwoofer, it provides phenomenal sound that amplifies every drive.

**Wireless Apple CarPlay®**

Bring along a familiar face. With bZ4X’s wireless Apple CarPlay® compatibility, you can use your compatible iPhone® with the multimedia system to get directions, make calls, send and receive messages and listen to music, all while staying focused behind the wheel.

**Wireless Android Auto™**

Stay connected on the road. By pairing your compatible Android™ phone with the audio multimedia system, Android Auto™ lets you get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more.

**SiriusXM® Platinum Plan 3-month trial**

With a SiriusXM® 3-month Platinum Plan trial subscription, you get 425+ channels, including 165+ channels in your vehicle, to listen to ad-free music, plus sports, news, comedy and more. Innovative features in the bZ4X make it even easier to search, discover and listen than ever before, through personalized channel recommendations curated just “For You.” Plus, the Live Sports category puts all your games and teams in one place for easy access.
Technology that keeps up with you.

Take advantage of smarter and convenient technologies designed to simplify your everyday life. Trial periods included for the listed connected technologies. Subscription required upon expiration of each trial period.*

SAFETY & CONVENIENCE

Ready when you are.

With intelligent tech that looks out for you and helps you make the most of your connection, bZ4X is ready to help keep your adventures going. Add comprehensive active and passive safety features, and drive on with confidence.

Blind Spot Monitor with Rear Cross-Traffic Alert

The Blind Spot Monitor (BSM) helps to warn you when a vehicle in the next lane enters bZ4X's blind spot on either side of the vehicle. And when you’re in reverse, the Rear Cross-Traffic Alert (RCTA) helps detect vehicles approaching from either side, warning you with side mirror indicators and a warning tone.

Panoramic View Monitor

bZ4X’s available Panoramic View Monitor helps you check your surroundings for hazards. It uses four cameras, one on each side of the vehicle, to display a bird’s-eye view of the exterior on the touchscreen display. When you’re parked and using the Moving View setting, bZ4X creates an animated virtual view from above to give you a bigger picture of what’s around.

Hands-free power liftgate

Powered to help you out. With the push of a button, the available hands-free power rear liftgate can be opened and closed automatically. When your hands are full, bZ4X senses your Smart Key fob and opens automatically when you wave your foot under the center of the rear bumper.

Onboard charging cable

Find a charge almost anywhere you go. All you need to do is plug bZ4X’s included Level 1 charging cable into any standard household outlet to charge. And when not in use, it simply stows away in the storage compartment.

Toyota app connectivity

Take advantage of what your smartphone can do for you. With Toyota Connected Services, the Toyota app gives you the ability to manage and stay connected to your bZ4X when you’re away from it. Keep track of your vehicle’s charge, find the nearest public charging station and more — for added peace of mind while on the go.

Digital Key compatibility

Convenience at hand. Remote Connect’s Digital Key available on bZ4X Limited, can detect your Bluetooth-connected smartphone, enabling you to lock/unlock and start/stop your vehicle. You can even share your Digital Key with others through the Toyota app to give them the same access to your bZ4X when you’re away.
TOYOTA SAFETY SENSE™ 3.0 (TSS 3.0) Peace of mind comes standard.

Toyota Safety Sense™ 3.0 (TSS 3.0) is the latest bundle of active safety features included at no additional cost. These innovative features were designed to help protect you and your passengers from harm.

- Pre-Collision System with Pedestrian Detection
- Full-Speed Range Dynamic Radar Cruise Control
- Lane Departure Alert with Steering Assist
- Automatic High Beams
- Lane Tracing Assist
- Road Sign Assist

XLE

Includes these key features

Mechanical/Performance
✓ AC synchronous electric generator
✓ Total system power output: 201 hp (FWD); 214 hp (AWD)
✓ Total system max torque: 196 lb.-ft. (FWD), 248 lb.-ft. (AWD)
✓ Zero Emission Vehicle (ZEV)
✓ Front-Wheel Drive (FWD)
✓ Available All-Wheel Drive (AWD)
✓ X-MODE with Snow/Dirt, Deep Snow/Mud and Grip Control modes (AWD only)
✓ Regenerative braking with Boost and Eco drive modes
✓ EPA-estimated range (mi.): 252 (FWD); 228 (AWD)

Exterior Features
✓ Bi-LED projector low- and high-beam headlights with LED accent lights
✓ LED Daytime Running Lights (DRL)
✓ LED taillights and stop lights
✓ Unique color-keyed center bumper; thin lower grille with matte-gray insert
✓ Panoramic fixed-glass roof with power sunshade
✓ Black window trim
✓ Ducktail spoiler
✓ Rain-sensing variable intermittent windshield wipers with de-icer function
✓ 18-in. multi-spoke black/silver alloy wheels with plastic covers

Interior Features
✓ Seating for five
✓ Dual zone automatic climate control system with dust and pollen filter, and rear-seat vents
✓ Covered Qi-compatible wireless smartphone charging with charge indicator light
✓ Fabric/Softex®-trimmed seats
✓ 6-way adjustable front seats
✓ 18-in. multi-spoke black/silver alloy wheels with plastic covers
✓ Digital speedometer and charging status, 7-in. top-mount TFT LCD Multi-Information Display (MID)
✓ Four USB-C charge ports
✓ One USB-A media port

Audio Multimedia
✓ 12.3-in. Toyota Audio Multimedia with six speakers
✓ Wireless Android Auto™ & Apple CarPlay® compatible
✓ SiriusXM® 3-month Platinum Plan trial subscription
✓ Safety Connect® with up to 10-year trial; 4G network dependent
✓ Service Connect with up to 10-year trial; 4G network dependent
✓ Remote Connect with 3-year trial
✓ Drive Connect with 3-year trial
✓ Wi-Fi Connect with up to 3 GB within 1-month trial
✓ Digital Key® compatibility

Safety Features
✓ Toyota Safety Sense™ 3.0 (TSS 3.0)
✓ Star Safety System™
✓ Eight airbags
✓ Blind Spot Monitor (BSM) with Rear Cross-Traffic Alert (RCTA)
✓ Front and Rear Parking Assist with Automatic Braking (PA w/AB)
✓ Safe Exit Assist (SEA)

Options/Packages
✓ XLE Weather Package
  ✓ Heated leather-trimmed steering wheel
  ✓ Heated front seats

Limited

Adds to or replaces features offered on XLE

Mechanical/Performance
✓ AC synchronous electric generator

| Independent MacPherson strut-type front suspension with stabilizer bar; multi-link rear suspension with stabilizer bar | S | S |

### Steering

| Electric Power Steering (EPS), electric power-assisted rack-and-pinion | S | S |
| Steering wheel turns (lock-to-lock) | 2.8 | 2.8 |
| Steering ratio | 14.1 | 14.1 |
| Minimum turning circle diameter, curb-to-curb (ft.) | 40.0 | 40.0 |

### Brakes

| Electronically Controlled Braking (ECB) system with integrated regenerative braking | S | S |
| Ventilated 12.9-in. front disc brakes; ventilated 12.5-in. rear disc brakes | S | S |

## Dimensions

### Exterior Dimensions (in.)

| Overall height with antenna | 69.0 | 69.0 |
| Overall length | 184.6 | 184.6 |
| Overall width | 73.2 | 73.2 |
| Track (front/rear) | 63.0/63.4 | 63.0/63.4 |
| Wheelbase | 112.2 | 112.2 |

### Interior Dimensions, front/rear (in.)

| Head room | 38.6/37.1 | 38.6/37.1 |
| Hip room | 54.4/44.8 | 54.4/44.8 |
| Leg room | 44.8/47.7 | 44.8/47.7 |
| Shoulder room | 57.8/56.0 | 57.8/56.0 |

### Interior Dimensions (cu. ft.)

| Cargo volume behind front/rear seat (cu. ft.) (with JBL® speakers) | 27.7/56.9 | 27.7/56.9 (25.8/55.0) |
| Manufacturer-estimated interior volume (cu. ft.) (with JBL® speakers) | 123.0 | 123.0 (121.5) |
| Manufacturer-estimated passenger volume (cu. ft.) | 94.4 | 94.4 |

See numbered footnotes in Disclosures section.
30. Stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activates only in limited circumstances. Requires app download and registration after trial (if applicable). Service subject to change at any time without notice. Terms of Use apply. Service may vary by vehicle and region. Features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. 13. Do not rely exclusively on the Rear Cross-Sense system to detect pedestrians, bicyclists, and other vehicles. Always pay attention to the road and surrounding traffic. See Owner’s Manual for additional limitations and details. 31. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to the road and surrounding traffic. See Owner’s Manual for additional limitations and details. 32. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible wireless phone is required. Toyota recommends that while driving, the use of双手免提设备 should be limited to one-party conversations, such as to request directions or report an emergency. Toyota recommends hands-free devices that allow the use of only one hand, and that the use of双手免提设备 does not make the driver feel distracted. 33. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 34. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, a pedestrian or a bicyclist. PCS is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist and weather, light and road conditions. See Owner’s Manual for additional limitations and details. 35. Full-Speed Range Dynamic Radar Cruise Control (DRCC) is designed to assist the driver and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist and weather, light and road conditions. See Owner’s Manual for additional limitations and details.
DISCLOSURES

Driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. Vehicles with manual transmission have regular DRCC. See Owner's Manual for additional limitations and details. 36. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering correction when lane departure is detected. It is not a collision-avoidance or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 37. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 38. The Lane Tracing Assist (LTA) lane centering function is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. Not available on vehicles with manual transmissions. See Owner's Manual for additional limitations and details. 39. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and navigation system (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See Owner's Manual for additional limitations and details. 40. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details. 41. At speeds of 9 mph or less, Front and Rear Parking Assist with Automatic Braking (PA w/AB) is designed to assist drivers in avoiding potential collisions with nearby static objects when the vehicle is in Drive or Reverse and approaching crossing vehicles when the vehicle is in Reverse. Do not overly rely on PA w/AB. Always look around outside the vehicle and use mirrors to confirm clearance. Certain vehicle and environmental factors, including an object or vehicle's shape, size and composition, may affect the system's effectiveness. See Owner's Manual for additional limitations and details. 42. This product is not a Genuine Toyota part or accessory and was not designed or manufactured by Toyota. This product is not warranted by Toyota, and Toyota expressly disclaims any warranty for this product, including without limitation, any implied warranties of merchantability and of fitness for particular purpose. Toyota also disclaims all liability for direct, indirect, special, incidental, or consequential damages, including but not limited to, damage to or loss of personal or commercial property, loss of use, cost of purchase of replacement goods, or claims of customers of any Toyota dealer that result from the use of this product. 43. This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. 44. Do not overload your vehicle. See Owner's Manual for weight limits and restrictions. 45. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 46. The universal tablet holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the event of an accident. Tablet sold separately. 47. Public charging experience will vary based on charger type (Level 2 or DC Fast Charger) and other factors including vehicle and environmental conditions. See toyota.com/electrified/charging for more information. 48. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 49. When the system is on, Electric Parking Brake is designed to engage the Parking Brake under limited conditions. It may not hold the vehicle under all conditions. See Owner's Manual for additional limitations and details. 50. When the system is on, Brake Hold is designed to keep the brakes engaged after the driver brings the vehicle to a complete stop. It may not hold the vehicle under certain conditions and the driver brings the vehicle to the complete stop. It may not hold the vehicle under certain conditions and the driver holds the brake pedal down for a short period of time. Always press the brake pedal to stop the vehicle. 51. Rated for 12 volts/10 amps. See Owner's Manual for additional limitations and details. 52. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 53. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details. 54. Smart Stop Technology® operates only in the event of certain contemporary brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details. 55. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 56. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge, do not rely solely on the monitor system. See Owner's Manual for additional limitations and details. 57. Digital Key function requires active Remote Connect trial or subscription. Depends on operator's telematics device, availability of compatible wireless network and other factors. Use only if aware of vehicle surroundings and it is legal and safe (ex., do not use if vehicle is in enclosed space or is occupied by a child). Subject to change without notice. Requires app download and registration/subscription after trial (if applicable). Not available on vehicles with manual transmission. Terms of Use apply. Data charges may apply. See Toyota Owner's Manual and https://www.toyota.com/connected-services/. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacys/. 58. This device is not a substitute for safe and attentive driving practices. It is the driver's responsibility to maintain a lookout for pedestrians, cyclists, other cars and objects, and to drive the vehicle in a safe and attentive manner to avoid making contact. 59. The immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service. 60. Available in select states and in limited quantities. 61. Actual range attainable per minute/hour of charging will vary significantly depending on speed, outside temperature, accessory use, how/where you drive, battery condition and other factors.
