Make every drive count in the 2023 Toyota RAV4. With its versatile design and powertrain choices, you’ll be prepared for whatever the day brings. From camping by the lake to running errands around town, RAV4 is ready to maximize sport with utility. So jump in to explore your next favorite destination with a drive that feels as good as it looks.

Hybrid XSE shown in Cavalry Blue with Midnight Black Metallic roof and available Advanced Technology Package.

TRD Off-Road available in Ice Cap with available Advanced Technology Package. Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Do not overload your vehicle. See Owner’s Manual for weight limits and restrictions.
RAV4 Hybrid’s standard All-Wheel Drive (AWD) gives you confidence, with all-weather capability and enhanced on-road driving dynamics. Add 219 combined net horsepower and up to an EPA-estimated 40 mpg combined rating, and be ready for the trip ahead.
Power up your drive.

RAV4 Prime is a force on the road, with 302 combined net horsepower, making it our most exciting RAV4 yet. And with standard AWD, inclement weather won’t disrupt an adventurous day.

Plug-in hybrid efficiency

RAV4 Prime has an EPA-estimated rating of 42-mile EV-only range rating\(^4\) when fully charged. Add the ability to seamlessly switch between its hybrid mode and EV Mode, which has an EPA-estimated combined 94 MPGe rating,\(^4\) and experience versatility in every drive.

PERFORMANCE

Powered by efficiency.

Hybrid powertrain with 219 net horsepower

RAV4 Hybrid’s dual electric motors and an Electronically controlled Continuously Variable Transmission (ECVT) work together to provide impressive acceleration and help enhance fuel efficiency on every trip.

Dynamic Torque Vectoring All-Wheel Drive (TV-AWD)

Available on gas models, this AWD system helps enhance responsiveness and stability by sending up to 50 percent of the power to the rear and then further distributing that power to the right or left side — whichever needs it more.

Plug-in performance

With a 5.7-second 0–60 time,6 the power of RAV4 Prime will get you going fast. The advanced gas/electric powertrain delivers the power you need, while still delivering a smooth, comfortable ride.

Amplify your drive.

Enhance every drive with an experience that’s all about you. Whether enjoying your favorite soundtrack or interacting with an interface that you’re familiar with, you’ll always be surrounded by comfort.

JBL® Premium Audio System

Immerse yourself in quality sound with RAV4’s available JBL® Premium Audio. An 11-speaker, 800-watt audio system equipped with a subwoofer, it provides phenomenal sound that amplifies every drive.

Wireless Apple CarPlay®

Bring along a familiar face. With RAV4’s wireless Apple CarPlay® compatibility, you can use your compatible iPhone® with the multimedia system to get directions, make calls, send and receive messages and listen to music, all while staying focused behind the wheel.

Wireless Android Auto™

Stay connected on the road. When wirelessly pairing your compatible Android™ phone with the audio multimedia system, Android Auto™ lets you get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more.

SiriusXM® Platinum Plan 3-month trial

With the SiriusXM® Platinum Plan 3-month trial, you get 425+ channels, including 165+ channels in your vehicle, to listen to ad-free music, plus sports, news, comedy and more. Innovative features in RAV4 make it even easier to search, discover and listen than ever before, through personalized channel recommendations curated just “For You.” Plus, the Live Sports category puts all your games and teams in one place for easy access.

**WARRANTIES**

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Hybrid-Related Component Coverage:** Hybrid-related components, including the battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. Refer to applicable Warranty and Maintenance Guide for details.

**Hybrid Battery:** HV battery is covered for 10 years or 150,000 miles, whichever comes first. Warranty coverage is subject to terms and conditions. Refer to applicable Warranty and Maintenance Guide for details.

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

---

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

DISCLOSURES

at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details.

32. Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See Owner's Manual for additional limitations and details.

33. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and navigation system (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display (HUD). Road Sign Assist is dependent on road, weather and vehicle usage conditions. Use common sense when using RSA and do not drive distracted. See Owner's Manual for additional limitations and details.

34. May not be compatible with all mobile phones, MP3/WMA players and like models. The Drive Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Paid subscription required after trial (if applicable) to access the service. Terms of Use apply. 36. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rear-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details.

37. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details.

38. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details.

39. Installation of a tow hitch receiver or other accessories located near the rear bumper or side-door kick sensors may require disabling or removing the kick sensor, and the sensor operation setting in your vehicle should be turned off. See Owner's Manual for additional limitations and details.

40. SoFloX® is a registered trademark of Toyota Motor Sales, U.S.A., Inc. At speeds of 9 mph or less, Front and Rear Parking Assist with Automatic Braking (PA w/AB) is designed to assist drivers in avoiding potential collisions with nearby static objects when the vehicle is in Drive or Reverse and approaching crossing vehicles when the vehicle is in Reverse. Do not rely overly on PA w/AB. Always look around outside the vehicle and use mirrors to confirm clearance. Certain vehicle and environmental factors, including an object or vehicle’s size and shape, may affect the system's effectiveness. See Owner’s Manual for additional limitations and details.

42. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 43. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and cause burns.

44. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner’s Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. “Added vehicle equipment” includes additional standard/opptional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle’s exact curb weight is to weigh your vehicle without passengers or cargo. 45. Certain Toyota models will have the new SAE J2807-2009 “Weight Ratings and Load Limitations” label located near the rear of the vehicle. This label may require you to remove the kick sensor, and the sensor operation setting in your vehicle should be turned off. See Owner's Manual for limitations. 46. Do not exceed 120V. See Owner's Manual for additional limitations and details.

46. Extra-cost color. 47. Falken is a registered trademark of Sumitomo Rubber Industries, Ltd. 48. This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install floor mats/floor liners in the top of an existing liner of the area where a new floor mat/floor liner is being installed. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance.

49. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 50. EV Mode lets you operate solely on battery power at low speeds for short distances and in limited circumstances, such as in a parking garage. Different conditions may prevent or limit usage. See your Owner's Manual for limitations and details. 51. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 52. Toyota strives to build vehicles to match customer interest and thus your vehicle may be built with optional packages and may differ from the vehicle shown.

53. Not all options/packages are available separately and some may not be available in all regions of the country. See your Toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print).

54. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 55. When the system is on, Automatic Electric Parking Brake is designed to automatically engage the Electric Parking Brake under limited conditions. It may not operate the vehicle under all conditions and does not function when the vehicle is in Reverse. Automatic Electric Parking Brake is not a substitute for manual use of the Electric Parking Brake. See Owner’s Manual for additional limitations and details.

56. Rated for 12 volts/10 amps. See Owner’s Manual for additional limitations and details. 57. Toyota app requires an active Remote Connect trial or subscription. 58. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions and driver input can all affect whether VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 59. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner’s Manual for additional limitations and details. 60. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details. 61. The backup camera does not provide a complete view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner’s Manual for additional limitations and details.

62. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner’s Manual for additional limitations and details. 63. For Toyota Mobility program details, go to www.toyota.com/mobility or call the Toyota Brand Engagement Center at 1-800-331-4331.

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See Toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print).

Some vehicles are equipped with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary.
