World-Class Quality

Since the company’s founding over 75 years ago, Toyota has always gone the extra mile to do things differently—embracing change and challenge alike on the road to worldwide success, innovation and manufacturing excellence.

In 2022, Toyota continues to drive the international automotive industry forward with its commitment to class-leading engineering, groundbreaking design and game-changing technological advancements.

1957
Toyopet Crown arrives in the U.S.

1997
Prius hits the road in the U.S.

2021
“Fully Electric” concept SUV debuts in the U.S.
The Toyota Difference

Toyota has been part of the cultural fabric of the United States for over 60 years, empowering American businesses by advancing sustainable, next-generation mobility.

Diversity & Inclusion
The future of Toyota depends on the well-being of dealership employees and the company’s ability to embrace diversity, respect and inclusivity.

Jobs & Investments
Toyota has fully modernized the manufacturing process – expanding biodiversity efforts and doubling down on electrified vehicles.

Sustainability
Toyota offers more hybrid choices than any other full-line manufacturer and has sold more than 15 million hybrid vehicles worldwide.¹

Vehicle Production
Toyota is proud to continue production in the U.S., where assembly is completed on models like Tundra, Corolla, Camry and Avalon.

Business Continuity
Toyota is dedicated to helping address supply shortages, production obstacles and even large-scale market fluctuations.
Investing in America

Toyota raised its stake in U.S. operations to increase production and create a wealth of new jobs, with direct investments in the American economy totaling $30.6 billion. Additionally, Toyota has paid it forward by investing $1.15 billion in total U.S. donations for non-profits – along with hundreds of millions in dealerships and facilities across the country.

- **176,000+** People directly employed in the U.S.²
- **470,000+** Total jobs created in the U.S.
- **1,200+** Toyota dealerships across the country
- **$30.6+ Billion** Total investments in U.S. economy since 1957
- **$13 Billion** Five-year committed investment plan fulfilled one year early⁴
- **$1.15+ Billion** Total USA donations
Optimized Productivity

The Toyota Production System is a well-oiled machine, responsible for Toyota’s position as one of the most capable, efficient and productive automotive manufacturers on the planet. In 2021, Toyota kicked the system into overdrive – increasing its yearly worldwide output to a record high of over 9.2 million vehicles.

To maintain this industry-leading advantage and better serve Fleet customers, Toyota coordinates with manufacturers, suppliers and customers to minimize costs while maximizing quality, production speed and vehicle availability.

- **35 Years**: Time spent manufacturing vehicles in the U.S.
- **30+ Million**: Vehicles assembled in the U.S. and counting²
- **9+ Million**: Projected vehicles manufactured globally in 2021²
Innovation Meets Collaboration

Drawing on the diverse backgrounds and perspectives of dedicated employees across the country, Toyota has been able to drive innovation, collaboration and a refined manufacturing process – creating new jobs and providing a boost to the U.S. economy.\(^6\)

---

**DiversityInc**

Recognized as a Top 10 diversity leader

**Human Rights Campaign**

Received 13 consecutive perfect scores for LGBTQ+ workplace equality

**National Minority Supplier Development Council**

Honored for investments in minority businesses totaling $1 billion
Fueling the Future

Toyota fosters a more sustainable society by addressing global environmental issues like climate change, resource depletion and habitat loss. In 2022, Toyota Financial Services issued its fifth Green Bond of $750 million to fund new vehicle contracts that meet clean-air criteria.

Toyota has set its sights on six global challenges that will lead to positive changes in its manufacturing process – and the overall environment – by 2050.

1. **New Vehicle Zero CO₂ Emissions Challenge**
2. **Life Cycle Zero CO₂ Emissions Challenge**
3. **Plant Zero CO₂ Emissions Challenge**
4. **Challenge of Minimizing and Optimizing Water Usage**
5. **Challenge of Establishing a Recycling-based Society and Systems**
6. **Challenge of Establishing a Future Society in Harmony with Nature**
Strategy & Supply

Toyota’s fine-tuned business continuity plan helps to ensure quality and consistency, building toward a sustainable supply chain that cuts down on waste and increases production capacity.

Given the surge of demand for electrified Toyota Fleets, Toyota has combined its highly effective inventory management with a cutting-edge assembly system and a world-class network of suppliers and component manufacturers.²
BUILD YOUR ELECTRIFIED FLEET

Toyota is a leader in mobility, with America’s largest and most diverse lineup of Hybrid, Plug-in Hybrid, Fuel Cell and Battery Electric vehicles. And as we accelerate toward a net-zero carbon future, there’s a Toyota made just for your business’s needs.
## Blended Powertrain Fleet

With more vehicles with electrified powertrains on the U.S. roads than any other automaker, we’re not just promising a cleaner future, we’re proving it today. From internal combustion engines (ICE) to all-electric vehicles—the easiest way to start reducing carbon emissions is by creating a fleet made up of a variety of powertrains.

### Hybrid Electric (HEV)
Toyota’s hybrid electric vehicles have made history, renowned for top-notch efficiency and low emissions.
- ✔ Reduced fuel costs
- ✔ Everyday driving

### Plug-in Hybrid Electric (PHEV)
Seamlessly go between rechargeable battery power and conventional fueling systems to utilize the best of both worlds.
- ✔ Long electric-only driving range
- ✔ Short commutes

### Battery Electric (BEV)
These pure-electric vehicles use only powerful electric motors to provide smooth, silent and clean propulsion.
- ✔ Low maintenance
- ✔ Everyday commutes

### Fuel Cell Electric (FCEV)
By utilizing hydrogen to generate their own electric charge, the only thing they’ll leave behind is water vapor.
- ✔ Power and performance
- ✔ Ideal for areas with fueling infrastructure

---

**ABOUT TOYOTA / ELECTRIFICATION OVERVIEW

APRIL 2022**
As our lineup of electrified vehicles continues to grow, discover an impressive balance of efficiency and power—whichever powertrains you choose.

The road to a cleaner future begins today.
The Height of High-Tech

Every Toyota model on the market delivers state-of-the-art technology that prioritizes safety, convenience, capability, performance and entertainment.

The goal? Advanced features that can fully unlock a Fleet’s potential with effortless, seamless and intuitive mechanics.

Connectivity
The Toyota lineup is designed to stay connected to the driver, dealer and beyond.

Safety
Advanced safety is a core piece of the Toyota formula.

Advanced Powertrains
New powertrain units significantly improve both driving and environmental performance.
It’s All Connected

True connectivity is the driving force behind Toyota’s achievements in mechanical and software engineering. With Connected Services, Toyota Fleet drivers are instantly plugged into a suite of intuitive convenience features that are available with an active subscription.

Meanwhile, Toyota Data Solutions allows Fleet Managers to monitor the condition and location of their entire fleet – 24 hours a day, 7 days a week – while also helping with driver safety and vehicle efficiency with on-demand data that includes driver behavior analytics, collision detection warnings and custom event notifications.

Connected Services
Enjoy added convenience, safety and peace of mind.

Toyota Data Solutions
Critical telemetry services to help manage fleet vehicles.
Enjoy 24/7 Connectivity

Toyota's available Connected Services* help provide Toyota Fleet managers with added convenience, safety and peace of mind.

Remote Connect
1-Year Trial Period
- Remote lock/unlock doors, start/stop the engine and locate the vehicle.
- Receive alerts when a guest driver exceeds the speed limit, curfew or miles driven.
- Receive vehicle status alerts.

Safety Connect
1-Year Trial Period
- Automatic Collision Notifications
- Enhanced Roadside Assistance
- Emergency Assistance Button
- Stolen Vehicle Locator

Service Connect
10-Year Trial Period
- Receive vehicle alerts from your preferred dealer when maintenance is required.
- Get updates on fuel level, mileage, applicable recalls and more.

Wi-Fi Connect
3-Month Trial Period/Up to 2GB
- In-vehicle Wi-Fi hotspot using a 4G LTE cellular network.
- Connectivity for up to five devices simultaneously.
  (Trial period information can vary by model.)

Destination Assist
1-Year Trial Period
- Enjoy 24-hour access to a live agent who can give directions to an address via the navigation system.
- Display map data, routes and points of interest on the navigation system.

Dynamic Navigation
Up to 3-Year Trial Period
- Display map data, routes and points of interest on the navigation system.
- Access favorite destinations, view recent searches or choose an address from the Contacts list.

*Select models only.
More than 20 Toyota models now offer critical telemetry services to help Fleet Managers stay up to date on their vehicles. By eliminating installation time and providing a built-in OEM hardware solution, keeping track of drivers and vehicles has never been easier. Learn more at toyotadatasolutions.com.
Safety Comes Standard

Safety is a key part of the Toyota Fleet formula. Which is why every Fleet vehicle in the 2022 lineup comes standard with a wide range of active and passive safety features, like Toyota Safety Sense™ (TSS)\textsuperscript{19} and the Star Safety System™ – as well as comprehensive airbag\textsuperscript{20} arrangements and standout safety tech like an available Blind Spot Monitor (BSM)\textsuperscript{21} with Rear Cross-Traffic Alert (RCTA).\textsuperscript{22}
Toyota Safety Sense™

**Pre-Collision System**
An integrated camera and radar system that helps reduce the likelihood of colliding with a preceding car or pedestrian.

**Dynamic Radar Cruise Control**
This high-tech cruise control uses radar to adjust the vehicle’s speed, helping drivers maintain a preset distance from nearby cars.

**Lane Departure Alert**
A windshield camera that may help drivers avoid unintended visible lane departures by alerting them when the vehicle veers from its lane.

**Lane Tracing Assist**
Lane Tracing Assist uses the visible lines on the road and preceding vehicles to help keep the vehicle centered and in its lane.

**Automatic High Beams**
Designed to aid nighttime driving by detecting headlights and taillights of preceding vehicles.

**Road Sign Assist**
Road Sign Assist detects speed limit signs, stop signs, Do Not Enter signs and yield signs – then shows them on the Multi-Information Display.
Toyota Safety Sense™: Across the Lineup

The Toyota Safety Sense™ (TSS) suite of active safety systems is currently offered across several bundles – and they all come standard. Here’s how the applicability breaks down.

APRIL 2022

21
Star Safety System™

The Star Safety System™ comes standard on every Toyota vehicle – helping drivers maintain control, keep an eye on surrounding traffic and avoid collisions. These six systems are designed to enhance driver reaction times, give Fleet Managers added peace of mind, and help keep everyone in the vehicle safe and secure.
The Bright Future of Mobility

Mobility as a Service (MaaS) enables a customer to pay to access transportation means through a third-party service provider who owns vehicles, like cars or bikes. By 2040, Toyota expects to grow its MaaS ecosystem through car sharing, subscription services and micro-mobility solutions – with the added benefits of reduced accidents, congestion and pollution.

Rent a Toyota
A dealership based rental platform that leverages the latest model Toyota vehicles.

KINTO Share
A ride-share service connecting drivers to Toyota vehicle rentals on an hourly or weekly basis with unlimited mileage, insurance, maintenance and customer service.

Ride Hailing
Toyota is teaming up with ride-hailing partners like Aurora to develop driverless mobility services, working to build and deploy self-driving vehicles around the world.
Get What You Pay for, And Then Some

Backed by outstanding sales numbers, automaker accolades, consumer evangelism and an always growing lineup of technologically advanced and fun-to-drive vehicles, Toyota stands at the top of the industry as one of the most valuable automobile brands in the world.

Total Cost of Ownership
Reliability, durability and efficiency lead to Toyota models that are built to last and affordable to maintain.

ToyotaCare
Toyota’s complimentary maintenance plan covers factory scheduled service for 2 years or 25,000 miles, along with 24-hour Roadside Assistance for 2 years.32

Warranty
Every new Toyota is covered by comprehensive warranty packages, including standard 3-year/36,000-mile coverage and an industry-leading 10-year/150,000-mile hybrid battery warranty.35

Awards & Accolades
Toyota’s award-winning vehicles race ahead of the competition – picking up multiple IIHS, NHTSA, and Kelley Blue Book36 value awards.
Long-Term Payoffs

Toyota takes special care to keep the cost of ownership as low as possible – always striving to maintain quality and affordability. And when measured against the industry's best-selling models, Toyota punches well above its weight. Toyota models have earned a reputation for efficiency and impressive mpg on highways and city streets, putting in the work to keep fuel costs to a minimum. On top of that, Toyota Fleet vehicles stand apart with the best resale and lowest depreciation values in the industry, maintaining high-quality performance year after year after year.

Backed by over 30 years of automotive research and analysis, IntelliChoice provides comprehensive long-term cost estimates and value ratings for nearly every vehicle on the market, and it's no surprise that Toyota frequently comes out on top.
You’re Covered

Toyota Fleet is devoted to safety and dependability – and proper vehicle maintenance is important to both. That’s why Toyota includes a maintenance plan and Roadside Assistance with every new Fleet vehicle.

No Cost Maintenance Plan

2 Years/25,000 Miles*

Toyota-trained technicians will perform factory recommended maintenance on Toyota Fleet vehicles, including:

- Replace engine oil and oil filter
- Rotate tires
- Multi-point vehicle inspection
- Inspect and adjust all fluid levels

*Whichever comes first.

24-Hour Roadside Assistance

2 Years/25,000 Miles
2 Years/Unlimited Miles

24-hour Roadside Assistance is provided at no cost for 2 years from the effective date, for unlimited miles. Services include:

- Battery jump start
- Lockout protection
- Emergency fuel delivery
- Tire service
- Towing
- Winching
A Worthy Warranty

Every Toyota Fleet vehicle comes standard with a comprehensive warranty package that includes 3 years or 36,000 miles of limited coverage. But the buck doesn’t stop there.

- **Basic**: 3 years/36,000 miles
- **Rust-Through**: 5 years/Unlimited miles
- **Powertrain**: 5 years/60,000 miles
- **Emissions**: Coverages vary under Federal and California regulations
- **Hybrid System**: 8 years/100,000 miles
- **Hybrid Battery**: 10 years/150,000 miles
Gold Star Standards

On top of offering a robust warranty and low cost of ownership, Toyota has been recognized as an industry leader across the board when it comes to safety, performance, reputation and value.

2022 IIHS Top Safety Pick\textsuperscript{63}
Three Toyota models awarded TOP SAFETY PICK, and five models awarded TOP SAFETY PICK+.

2022 Kelley Blue Book Kbb.com Best Buy Award\textsuperscript{96}
RAV4, RAV4 Prime, Sienna and Tacoma awarded a 2022 Best Buy Award from Kelley Blue Book’s KBB.com.

2022 NHTSA Safety Rating\textsuperscript{108}
13 Toyota models awarded a 5-Star Overall Safety Rating.

2021 Vincentric Best Fleet Value in America\textsuperscript{109}
Six models awarded for outstanding value, more than any other manufacturer.

2021 Autotrader Best New Car Award\textsuperscript{110}
2021 Venza was named a Best New Car by Autotrader.
TOYOTA FLEET INFORMATION
A Custom-Fit Toyota Fleet

Committed to delivering vehicles that meet and exceed the expectations of Fleet customers, Toyota Fleet goes above and beyond to tailor individual vehicles to a client’s unique situation. This means partnering with companies that can provide upfitting solutions by adding additional equipment to a new vehicle, along with full-scale mobility conversions that implement holistic removals and replacements.

Holman
Holman specializes in the design, manufacture and installation of truck equipment for a wide variety of customers, trades and industries. They are ready to help pool/dealer customers, fleets, construction, energy and telecommunications, utilities, municipal and state governments, railroads, and many other businesses and industries.

Knapheide
Efficient manufacturing processes and flexible assembly lines enable Knapheide to produce both standard and highly customized truck and van bodies. Their products include service bodies, KUV bodies, platform bodies, gooseneck bodies, dump bodies, forestry bodies, pickup accessories, mechanic’s trucks, fuel and lube trucks, and water trucks.

BraunAbility
Voted #1 in overall quality, service, safety and value, BraunAbility is the most-certified accessible vehicle manufacturer in the industry. Engineering built-to-trust mobility vehicles, BraunAbility converts vehicles by removing ancillary equipment and installing vendor-specific replacements – developing customized mobility solutions for every kind of driver.

Vantage Mobility International (VMI)
A pioneer in the mobility vehicle industry, VMI builds cutting-edge accessibility conversions that are tailored to the needs of disabled drivers. Working arm-in-arm with original equipment manufacturers, VMI’s state-of-the-art conversion process features the latest in assembly-line technology and CAD software.
Long Distance? No Problem.

Toyota Fleet can ship its entire line of vehicles to a wide range of delivery and pickup locations, including approved drop-ship locations and Toyota Executive Delivery dealers. Over 800 Toyota dealerships around the country are enrolled in the Commercial Toyota Executive Delivery (TED) program.

As part of the TED agreement, these dealers will:
- Perform quality courtesy delivery of vehicles
- Appoint a dealership contact to coordinate deliveries
- Negotiate a delivery fee not to exceed $350/vehicle

A list of TED dealers can be found at fleet.toyota.com.
**High Value, Low Cost**

Competitive pricing is offered across the entire Toyota lineup. So not only is Toyota Fleet’s trademark value evident in its high-quality, fuel-efficient vehicles, but also through available Fleet pricing and discount incentives.

WHAT'S NEW IN OUR LINEUP

See what’s been added to your fleet options in our ever-growing lineup. These new and updated vehicles continue to push the envelope for active safety technologies, audio multimedia enhancements and high-tech convenience features – on top of their outstanding resale value.
As the next step in Toyota’s electrification journey, the first-ever bZ4X provides a simple way for your business to drive toward a cleaner future. Its all-electric powertrain requires less maintenance than conventional powertrains and of course, requires no fuel. Add Toyota quality with future-forward technologies, and trust your fleet will get the most out of electric power, day in and day out.

**THE ALL-ELECTRIC bZ4X**

Compatible with 120-Volt AC, 240-Volt AC and DC Fast Charging.

**ALL-DAY RANGE**
Available FWD models offer an estimated driving range of up to 252 miles.36

**SLEEK INTERIOR**
A 12.3-in. Toyota Audio Multimedia touchscreen display puts all your controls within reach.

**CHARGING COMPATIBILITY**
The all-new Sequoia is ready to go to work as our most-sophisticated and most-capable full-size SUV yet.

New from the ground up, Sequoia aims to elevate the full-size segment with luxurious comfort, impressive technology and breathtaking performance from an efficient new hybrid powertrain. And being built on a modernized body-on-frame chassis, Sequoia will bring along its reputation of long-lasting quality, durability and reliability to your fleet.

**THE ALL-NEW SEQUOIA**

**3-ROW SEATING**
A spacious interior provides room for up to eight passengers and their gear.25

**TOWING**
With max towing of 9,000 lbs. and optional added towing tech, hauling is made easier.39

**Standard i-FORCE MAX Powertrain**
This exceptional hybrid produces 437 horsepower and 583 lb.-ft. of torque.

**PRODUCT PORTFOLIO / WHAT'S NEW FOR 2023 / SEQUOIA**

APRIL 2022
THE THIRD-GENERATION TUNDRA

The all-new 2022 Tundra is the most advanced body-on-frame Toyota truck ever produced. When your fleet needs next-generation capability that’s matched with smart technology and great efficiency, Tundra’s impressive lineup offers a model for every application, thanks to a huge range of available configurations.

On the road or off, Tundra delivers big with all-new powertrain offerings, incredible towing functionalities and tough construction.

2 NEW ENGINES
Including the brand-new i-FORCE MAX hybrid design for extra power and efficiency.

3 BED LENGTHS
5.5-, 6.5- and 8.1-ft., as well as Tundra’s first extended bed with CrewMax Cab configuration.

ADVANCED TECH
A fully redesigned Audio Multimedia platform brings entertainment and connectivity into a new generation.
