Imagine the new possible.  
The 2018 Toyota Prius Prime.

Let’s put limits in the rearview mirror. The Prius Prime is the most efficient Toyota hybrid yet. With the power to run in either EV* or hybrid driving modes, Prime strikes a harmonious balance between necessity and desire. Designed with intelligent tech, premium materials and thoughtful engineering, Prime represents the next step of our continuous quest to reach more efficient mobility, without compromise. It’s time to make the drive toward a better tomorrow even better. And above all, it’s time to make the drive fun again. Let’s go places.

*Advanced shown in Magnetic Gray Metallic.  
See numbered footnotes in Disclosures section.
Discover a new freedom that takes you further.

Let’s charge toward the next exciting chapter where our vehicles can aim even higher. Prius Prime has an outstanding EPA-estimated 133 MPGe, thanks to its cutting-edge, lightweight materials, proven hybrid technology and an optimized Plug-in Hybrid Vehicle (PHV) system. With its EPA-estimated 640-mile total driving range, Prime continues to raise the efficiency bar and help you challenge what’s possible. Toyota’s legendary hybrid technology was developed to help you get the most out of every drive. Prime’s name comes with a signature design that helps improve aerodynamics and creates a lasting impression. The powertrain is a Toyota first, thanks to a dual motor drive system that improves acceleration in EV Mode for a fun drive. It’s an exhilarating experience that elevates your possibilities.
Innovative touches with style to match.

Prius Prime is designed to enhance your drive with innovation that lies above and beneath the surface of the artfully sculpted exterior. The union of purposeful, aerodynamic elements and lightweight components helps increase your efficiency. Not to mention the EPA-estimated 25 miles\(^1\) in EV Mode.\(^2\) All of this helps Prime strike the perfect balance between its elevated efficiency and eye-catching style. It’s an uncompromising approach that ensures you’ll enjoy every moment.

---

**CARBON-FIBER-REINFORCED-POLYMER REAR HATCH**

Prime’s rear hatch is made of carbon-fiber-reinforced polymer, a first for Toyota. This strong yet lightweight material makes opening and closing the hatch effortless. Found only on Prime, the dual-wave rear glass design flows seamlessly into the rear spoiler, helping reduce air resistance. Advanced aerodynamics and lightweight materials like these help increase efficiency and elevate your drive.

**STANDARD LED LIGHTING**

Prime features visually striking Quad-LED projector headlights, available LED fog lights and accent lights to help you see more of what matters. Bright and efficient, the rear taillights are also equipped with LEDs that consume less energy.

**15-IN. ALLOY WHEELS**

Prime’s lightweight aluminum alloy wheels are designed to perform. The low-rolling resistance tires and wind-cheating wheel covers help enhance fuel efficiency and make your drive a quiet, comfortable one.

---

See numbered footnotes in Disclosures section.
Advanced shown in Magnetic Gray Metallic.
A display as big as your imagination.

Prime has innovative tech that you just can’t miss. Its available 11.6-in. HD multimedia display is Toyota’s most impressive yet. Intuitive pinch, zoom, tap and swipe gestures create a familiar smartphone-like experience while giving you easy access to the features that matter most. So whether you’re using the Entune® App Suite to plan your next night out, or using the navigation to help you get there, you’ve got the power to do it all.

MULTI-INFORMATION DISPLAY (MID)

The customizable 4.2-in. color dual Multi-Information Display screens let you keep track of Prime’s vitals at a glance. Use the steering wheel-mounted controls to keep track of real-time driving data, up-to-date fuel economy, energy use, and more — all while keeping both hands on the wheel.

REMOTE CLIMATE

Take control and use your smartphone with the available Prime apps including the Remote Climate app. This way, you can check your Prime’s current temperature setting and change it to your liking — all before you even get in. When Prime is plugged in, the power used for Remote Climate is pulled straight from the grid so your battery keeps its charge. Now your comfort is always within reach.

INTELLIGENT DRIVE COACH

This available intelligent technology, called Predictive Efficient Drive, helps boost fuel efficiency by learning your routine stopping patterns. When approaching a recorded stop, an icon will display and suggest the optimal time to release the accelerator. Regenerative braking also activates sooner to recover more energy for the hybrid battery.

See numbered footnotes in Disclosures section.
Advanced interior shown in Black SofTex® trim.
Watching your back. So you can move ahead with confidence.

Enjoy every journey, from crosstown to cross country, all from inside Prius Prime. Everything has been purposefully designed with an uncompromising approach to serve your needs. And Prime’s innovative technologies like available Intelligent Clearance Sonar (ICS) with Intelligent Parking Assist (IPA) help lessen the challenges found in the everyday drive. It’s smart tech and comfort designed to give you the peace of mind to focus on the drive ahead.

**INTELLIGENT CLEARANCE SONAR**

Be aware of what’s around you. As you park, available Intelligent Clearance Sonar is designed to scan for stationary objects like walls or posts that are within close proximity. If Prime anticipates a collision, an audible and visual alert will be emitted, engine or motor output reduced, and if needed, the brakes will automatically be applied to help bring Prime to a halt.

**BACKUP CAMERA**

When in Reverse, Prime’s standard integrated backup camera uses a wide-angle lens to display a large viewing area. Clearly marked lines on the screen show the distance, giving you more confidence to get out of any spot — tricky or not.

**INTELLIGENT PARKING ASSIST**

Available Intelligent Parking Assist helps you navigate and conquer those difficult parking situations with the push of a button. Prime automatically controls the steering wheel while you control the gas and brake, and helps guide you into an open parking space.

See numbered footnotes in Disclosures section.
Advanced shown in Magnetic Gray Metallic.
Amenities that meet your aspirations.

Prime's cabin features a modern design and premium materials throughout. Thoughtful interior touches delight the senses while smart tech brings convenience and innovative thinking to every trip. Prime’s front seats feature deep bolsters to help keep you in place when the road twists, for extra confidence behind the wheel.

COLOR HEAD-UP DISPLAY (HUD)

Prius Prime’s available color Head-Up Display uses aircraft-inspired technology to project information about your drive on the windshield, where it’s convenient to see. Easily view the current speed, energy monitor, turn-by-turn navigation directions, battery charge, and Toyota Safety Sense™ P (TSS-P) alerts — all without taking your eyes off the road.

HEATED STEERING WHEEL

Prime’s available heated steering wheel warms things up when it’s cold outside. Once you’re comfortable, you can use the steering wheel-mounted controls for quick access to audio, phone, climate and the Multi-Information Display.

JBL® PREMIUM AUDIO SYSTEM

Sound all around. The available JBL® Premium Audio features ten JBL® GreenEdge™ speakers to amplify output from less energy. What you hear is clear sound imaging that will elevate any drive. You can also use the USB port or Bluetooth® hands-free wireless technology to bring your favorite playlist, and backup singers, along for the ride.

See numbered footnotes in Disclosures section.
Advanced interior shown in Black SofTex® trim.
Prime comes with standard heated front seats, so the comfort of you and your passenger is a top priority.

60/40 SPLIT FOLD-DOWN REAR SEATS
Prime’s 60/40 split fold-down rear seats fold to maximize cargo space and versatility. With 19.8 cu. ft. of space, the largest cargo capacity in its class, it will help you enjoy even more room — and more adventures.

QI-COMPATIBLE WIRELESS SMARTPHONE CHARGING
With Prime’s available Qi-compatible wireless smartphone charging, you can charge your Qi-compatible smartphone or other compatible device without wires or worry. Place it on the nonslip holder and charge up before getting to your destination.
All the range without the anxiety.

Every last detail of Prius Prime has been optimized to help make it the most advanced — and efficient — Prius yet. Advanced, lightweight materials, like the Toyota-first carbon-fiber-reinforced-polymer rear hatch, proven hybrid technology and an optimized Plug-in Hybrid Vehicle (PHV) system all play their part to enhance Prius Prime’s performance while maximizing efficiency. Simply charge from a standard household outlet and go even farther.

EV MODE

With a charged battery, the driver can experience electrifying performance. Prius Prime features a Toyota-first dual motor generator drive system that gives a fun acceleration feel and enables electric driving mode at full highway speeds. The system’s output and regeneration conditions are clearly displayed in real-time on the MID, so you can see your efficiency in action.

HV/EV AUTO DRIVE MODES

Prime also offers two other driving modes so that the driver stays in control: EV Auto Mode and HV Mode. EV Auto Mode intelligently selects between EV and hybrid driving based on demand and driving conditions to optimize your efficiency. HV Mode efficiently combines the gas engine and electrical power from the HV battery to drive Prime.

CHARGE SCHEDULING

Charge scheduling gives you the option to charge during off-peak hours to help reduce electricity costs and support efficient grid usage in your community. Simply program your preferred charge start or departure time from Prime so it can be topped off and ready to roll when you are. And, you can even start your charge from afar through the available Prime apps.

See numbered footnotes in Disclosures section.
Premium shown in Blue Magnetism.
Active safety comes standard.

Prius Prime’s standard Toyota Safety Sense™ P (TSS-P) is an active safety package that combines Pre-Collision System with Pedestrian Detection (PCS w/PD), Lane Departure Alert with Steering Assist (LDA w/SA), Automatic High Beams (AHB) and Full-Speed Range Dynamic Radar Cruise Control (DRCC) to assist you. TSS-P’s comprehensive features create in-the-moment safety designed to help keep you safe under certain circumstances.

Pre-Collision System with Pedestrian Detection helps keep the road safe by detecting a vehicle or a pedestrian in certain situations. By combining millimeter-wave radar with a camera capable of shape recognition, the system provides an audio/visual alert warning you of a possible collision with a pedestrian under certain circumstances. If you don’t react, automatic braking support helps mitigate the potential for a collision.
AUTOMATIC HIGH BEAMS (AHB)³²

Prime enhances visibility and helps make nighttime driving safe. The Automatic High Beam system uses a camera to help detect oncoming vehicles as far away as 2000 feet and, depending on the circumstances, it can automatically switch the high beams on and off, helping make it easier for other drivers on the road.

LANE DEPARTURE ALERT WITH STEERING ASSIST (LDA w/SA)³¹

If an inadvertent lane departure is detected and there are visible lane markings, the Lane Departure Alert system will issue both an audible alert and visual warning on the MID screen. If the system determines that the driver is not taking corrective steering action, the Steering Assist function will initiate and provide gentle corrective steering when necessary to help keep the vehicle in the lane.

DYNAMIC RADAR CRUISE CONTROL (DRCC)³³

Intended for highways and similar to “constant speed” cruise control, Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance. If a driver is traveling slower than you, or within your preset range, DRCC will automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes are applied. When there’s no longer a vehicle driving slower than your set speed in front of you, DRCC will then accelerate and regular cruise control will resume.
Smart tech for a safe drive.

Prepare for the unexpected. Prius Prime comes standard with an advanced suite of six safety features. The Star Safety System™ includes Enhanced Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA), and Smart Stop Technology® (SST). Prime also comes with eight airbags, including a driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, front and rear side curtain airbags, a driver’s knee airbag and a front passenger seat cushion airbag, to help you drive with more confidence.

RAIN-SENSING WIPERS
Keeping your view clear. Between light rain and heavy downpours, Prime’s available rain-sensing variable windshield wipers can be set to automatically activate depending on the amount of rain on the windshield and the speed of the car. It’s a convenience that helps you stay focused on the road.

BLIND SPOT MONITOR (BSM)
See more of what matters. When a vehicle in the next lane enters your vehicle’s blind spot on either side, the available Blind Spot Monitor is designed to illuminate the indicator in that sideview mirror. If you continue to signal a lane change to that lane, the indicator will flash to get your attention.

REAR CROSS-TRAFFIC ALERT (RCTA)
Watching out for you. In Reverse, Prime’s available Rear Cross-Traffic Alert uses sensors to detect vehicles approaching from either side. If the system senses cross traffic, it warns you by flashing the side mirror indicators and sounding a warning tone.

See numbered footnotes in Disclosures section.
**Interior Features**

- Charge port with illumination and charging indicator light
- Carbon-fiber-reinforced-polymer rear hatch
- Washer-linked variable intermittent windshield wipers
- 15-in. 5-spoke alloy wheels with two-tone wheel covers and P195/65R15 tires
- Dual-wave rear glass design
- Interior Features
- Power window with auto up/down
- Power door locks
- Rear center console with armrest, storage compartment and two rear cup/bottle holders
- Cargo area lightweight tonneau cover
- One front and one rear 12V auxiliary power outlets
- One front USB power outlet
- Foot pedal parking brake
- Charge cable for standard outlet (120V)

**Exterior Features**

- Quad-LED projector headlights with auto-off feature
- LED Daytime Running Lights (DRL) with on/off feature
- LED taillights and stop lights
- Patterned acrylic grille overlay with active grille shutter
- Heated power outside mirrors with folding feature
- 15-inch, 5-spoke alloy wheels with two-tone wheel covers and P195/65R15 tires
- Washer-linked variable intermittent windshield wipers
- Dual-waved rear glass design
- Carbon-fiber-reinforced-polymer rear hatch
- Charge port with illumination and charging indicator light

**Powertrain**

- 1.8L 4-Cylinder Engine with Hybrid Synergy Drive®
- Electronically controlled Continuously Variable Transmission (ECVT)
- 55 city/53 highway/54 combined EPA-estimated mpg
- 133 EPA-estimated MPGe
- 640-mile EPA-estimated total driving range
- 25-mile EPA-estimated EV Mode driving range
- 640-mile EPA-estimated total driving range

**Exterior Features**

- 4-passenger seating with 60/40 split fold-down rear seats
- Center armrest with cup holders and center console
- SofTex®-trimmed tilt/telescopic steering wheel with audio, climate, Multi-Information Display (MID) and Bluetooth® hands-free phone controls
- Digital instrumentation with speedometer, hybrid system power meter, fuel gauge, odometer, current fuel economy, shift-position indicator, EV/hybrid mode indicator, and drive mode indicator
- Fabric-trimmed heated front seats with armrests and seatback pockets; 6-way adjustable driver’s seat; 4-way adjustable front passenger seat
- Key System® on driver’s door with Push Button Start
- Power windows with auto up/down
- Dual sun visors with illuminated vanity mirrors
- Power door locks
- Rear center console with armrest, storage compartment and two rear cup/bottle holders
- Cargo area lightweight tonneau cover
- One front and one rear 12V auxiliary power outlets
- One front USB power outlet
- Foot pedal parking brake
- Charge cable for standard outlet (120V)

**Safety Features**

- Star Safety System™ — includes Enhanced Vehicle Stability Control (VSC)®, Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)®, and Smart Stop Technology® (SST)®
- Driver and front passenger Advanced Airbag System®
- Driver and front passenger seat-mounted side airbags, passenger seat cushion airbag, driver’s knee airbag and front and rear side curtain airbags®
- Toyota Safety Sense™ — includes Pre-Collision System® with Pedestrian Detection® (PCS w/PD), Lane Departure Alert with Smart Stop Technology® (LDA w/SA), Automatic High Beams (AHB)®, and Full-Speed Range Dynamic Radar Cruise Control (DRCC)®
- LATCH (Lower Anchors and Tethers for Children) includes lower anchors on rear seats
- Tire Pressure Monitor System (TPMS)®
- Vehicle Proximity Notification System (VPNS)®
- Hill Start Assist Control (HAC)®
- Engine immobilizer®
- Tire Repair System
- Additional year of roadside assistance; for a total of 3 years of roadside assistance from date of purchase

**Premium**

- Adds to or replaces features offered on Plus
- 1.8L 4-Cylinder Engine with Hybrid Synergy Drive®
- Electronically controlled Continuously Variable Transmission (ECVT)
- 55 city/53 highway/54 combined EPA-estimated mpg
- 133 EPA-estimated MPGe
- 640-mile EPA-estimated total driving range
- 25-mile EPA-estimated EV Mode driving range
- 640-mile EPA-estimated total driving range

**Exterior Features**

- Quad-LED projector headlights with auto-on/off feature
- Smart charging cable lock

**Interior Features**

- Digital instrumentation with speedometer, hybrid system power meter, fuel gauge, odometer, current fuel economy, shift-position indicator, EV/hybrid mode indicator, and drive mode indicator
- Fabric-trimmed heated front seats with armrests and seatback pockets; 6-way adjustable driver’s seat; 4-way adjustable front passenger seat
- Key System® on driver’s door with Push Button Start
- Power windows with auto up/down
- Dual sun visors with illuminated vanity mirrors
- Power door locks
- Rear center console with armrest, storage compartment and two rear cup/bottle holders
- Cargo area lightweight tonneau cover
- One front and one rear 12V auxiliary power outlets
- One front USB power outlet
- Foot pedal parking brake
- Charge cable for standard outlet (120V)

See numbered footnotes in Disclosures section.
Always plug-in in accordance with your Owner's Manual for details. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you should charge your vehicle and use mirrors to confirm clearance. See your Owner's Manual for details.

The Intelligent Parking Assist system requires driver brake control. Always look around outside the vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details.

1. Toyota strives to build vehicles to meet customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order. 2. Maximum operation duration of this system is ten minutes. System may not operate if the hybrid battery charge is low or if the battery charge is low, car is plugged in, or if hybrid power is on. See your Owner's Manual for further information. 3. Available only when vehicle has no tow hook, tow strap or trailer connected and is not towing a trailer. 4. System is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See Owner's Manual for details. 4. Always plug-in in accordance with your Owner's Manual for details. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you should charge your vehicle and use mirrors to confirm clearance. See your Owner's Manual for details. 5. Entune™ is a trademark of Toyota Motor Corporation. Always drive safely, obey traffic laws and focus on the road while driving. Services vary by phone. Functionality subject to change. For enrollment and more details, see toyota.com/entune. 6. May not be compatible with all mobile phones, MP3/WMA players and like models. 7. iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. 8. Advanced voice recognition capabilities vary by head unit. 9. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data; you should charge your vehicle and use mirrors to confirm clearance. Apps and services subject to change. See toyota.com/entune for details. 10. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 11. Always drive safely, obey traffic laws and focus on the road while driving. Service varies by phone/carrier and phone may be preferred, or may not operate. 12. Siri® is available on select iPhone®/iPad® models and requires Internet access. Siri® is not available in all languages or all areas and features vary by area. Some Siri® functionality and commands are not accessible in the vehicle at all times due to the vehicle's safety systems and contactor. For more details, see your Owner's Manual. 13. SiriusXM audio services require a subscription sold separately, or as a package, by Sirius XM Radio Inc. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are capable of receiving all services offered by SiriusXM. Current information and features may require additional subscription. For more details, see your Owner's Manual. 14. The Wi-Fi® and Wi-Fi® CERTIFIED marks are proprietary trademarks of the Wi-Fi Alliance. 15. The Intelligent Parking Assist system requires driver brake control. Always look around outside the vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 16. Subscribe to Safety Connect® service and download the Entune® App Suite to compatible smartphones. 17. Contact with the response center may not be available in all areas. Service Agreement required. 18. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Effectiveness depends on many factors. Depending on the conditions of roads, vehicles, weather, etc., Predictive Efficient Drive may not work as intended. See Owner's Manual for details. 19. CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in EV Mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off or approaching them, so take extra care while driving. Prime's EV Mode has an EPA-estimated driving range of 25 miles, allowing it to work under certain conditions at full highway speeds. EV Mode range will vary and is dependent upon many factors, including charging practice, driving style, road/traffic conditions, outside temperature, air conditioning control levels, payload/cargo weight, proper tire pressure, vehicle maintenance, battery age and changes in energy costs. Battery capacity will decrease with time and use. For more information on MPGe and range, please see www.fueleconomy.gov. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order. 20. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 21. The vehicle and the Intelligent Clearance Sonar (ICS) system is designed to help the driver reduce the vehicle in low speed situations. It is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 22. Always drive safely, obey traffic laws and focus on the road while driving. Service varies by phone/carrier and phone may be preferred, or may not operate. 23. Always look around outside the vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 24. Parking Assist Warning systems are not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 25. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on tire/road conditions, driver input and brake pedal conditions. 26. The device is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 27. All the airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of an injury from an inflating airbag, wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not allow the seat cushion to be too far forward. 28. Smart Stop Technology® is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 29. The TSS Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 30. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, and weather, light and road conditions. See Owner's Manual for additional limitations and details. 31. Lane Departure Alert with Steering Assist is designed to read lane markers under certain conditions. It provides a visual and audible alert, and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effective operation of the system is dependent upon many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 32. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 33. Full-Speed Range Dynamic Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 34. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details. 35. This device is not a substitute for safe and attentive driving practices. It is the driver's responsibility to maintain a lookout for pedestrians, cyclists, other cars and objects and to drive the vehicle in a safe and prudent manner to avoid making contact. 36. Intelligent Clearance Sonar (ICS) is designed to assist drivers in avoiding potential collisions at speeds of 9 miles per hour or less. Certain vehicle and environmental conditions, including an object's shape and composition, may affect the ability of the ICS to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details. 37. The Intelligent Parking Assist system requires driver brake control. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details. 38. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving practices and judgments. 39. The device is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 40. No rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your turn signal. See Owner's Manual for additional limitations and details. 41. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the fob can be verified. If you leave the key or fob in the vehicle or if you allow someone to borrow the key or fob, you may be in violation of the warranty. 42. Contact with the response center may not be available in all areas. Service Agreement required. 43. Meets Tier 2/Bin 3 Federal emissions standard. 44. The Intelligent Parking Assist system requires driver brake control. Always look around outside the vehicle and use your mirrors to confirm clearance. See Owner's Manual for additional limitations and details. 45. Cargo and load capacity limited to the maximumCargo and load capacity limited to the maximum. See Owner's Manual for additional limitations and details. 46. 2018 Prius Prime EPA-estimated mpg. Actual mpg will vary based on driving habits, weather, temperature and road/traffic conditions. For more information on mpg, please see www.fueleconomy.gov. 47. 2018 Prius Prime EPA-estimated Mpg. Actual mpg will vary based on driving habits, weather, temperature and road/traffic conditions. For more information on mpg, please see www.fueleconomy.gov. 48. 2018 Prius Prime EPA-estimated range rating when fully charged and with a full tank of gas. Excludes driving conditions. Actual mileage will vary. 49. Calculations based on 2018 Prius Prime EPA-estimated EV Mode range of 25 miles when vehicle is fully charged. Excludes driving conditions. Actual mileage traveled in EV Mode will vary and is dependent upon many factors such as traffic, road and weather conditions, vehicle maintenance, driving speed and cargo load. 50. Charger time is limited to the maximum. For more information on MPGe and range, please see www.fueleconomy.gov. 51. Based on manufacturers' data, as of August 2016, for cargo area behind the rear seats.
At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow—from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

For Toyota Mobility program details, go to www.toyota.com/mobility or call the Toyota Customer Assistance Center at 1-800-331-4331

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Hybrid-Related Component Coverage:** Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Warranty and Maintenance Guide for details.

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle. All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.

DISCLOSURES (continued)

second-row seats, 19.8 cu. ft. from fueleconomy.gov non-luxury plug-in hybrids. **53.** EV Auto Mode requires some level of charge to activate EV Mode driving, and will trigger the engine as the battery drains, especially when accelerating. There are limited driving conditions—largely due to climate and temperature—that may require EV Auto Mode to turn off. See Owner’s Manual for details. **54.** Extra-cost color. **55.** This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. **56.** The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details. **57.** Trial length and service availability may vary by model, model year or trim. **58.** Roadside Assistance coverage is 2 years unlimited mileage. See Toyota Dealer for details and exclusions. Valid only in the Continental U.S. and Alaska.

CARS BUILT FOR THE WAY YOU LIVE

Toyota. Built for how you live. Together we are going places.

**WARRANTIES**

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Hybrid-Related Component Coverage:** Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Warranty and Maintenance Guide for details.

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.
