Ready. Set. Send it.

The all-new 2019 Toyota Corolla Hatchback keeps the fun going. Low to the ground and lightweight, this energetic hatch will reintroduce you to the thrill of driving. Its sporty exterior highlights the practical five-door design, while the interior surrounds you in comfort with plenty of room to take friends along for the ride. Corolla Hatchback is also up to speed with the latest standard tech like Apple CarPlay® compatibility and our state-of-the-art Toyota Safety Sense™ 2.0 (TSS 2.0)™ that helps provide peace of mind on every trip. So, whether you’re running to the store or driving to the lake, Corolla Hatchback finds fun around every corner.

“Our designers went all out. They took our new platform and shaped one striking physique.”
Fun at first sight.

Corolla Hatchback has unforgettable charisma. Its all-new sporty Hatchback design makes a lasting first impression and inspires you to go out and make more happen. Coming down the road, its polished available chrome grille surround reels in eyes while its distinctive rear spoiler acts as its signature sign-off. After you park, you’ll catch yourself looking over your shoulder, trying to steal one more glance before you walk away.

18-IN. ALLOY WHEELS
Available 18-in. alloy wheels add to the unique profile of Corolla Hatchback. Every stoplight is a chance to make a new impression. Every spoke on the wheels is crafted to enhance style and performance.

CHROME TAILPIPE DIFFUSER
It’s the little things that give Corolla Hatchback its sporty street cred. The standard chrome tailpipe diffuser captures eyes from every corner and ensures that this Hatchback’s good looks just can’t be ignored.

LED HEADLIGHTS
The fun doesn’t stop after the sun goes down. Stylish headlights featuring distinct LED Daytime Running Lights (DRL) flaunt Corolla Hatchback’s charisma and light up the road.
Rev up your heartbeats per minute.

Corolla Hatchback was engineered to reintroduce you to the thrill of driving. Under the hood, its 2.0L Dynamic Force Engine releases endorphins the moment you step on the gas. With an all-new suspension combined with its low, lightweight body, Corolla Hatchback will punch up your enthusiasm around every curve. Rest assured, fast-paced fun is waiting for you the second you start the engine.

6-SPEED INTELLIGENT MANUAL TRANSMISSION (iMT)
Three pedals. Six forward gears. One incredible driving experience. Corolla Hatchback’s available 6-speed Intelligent Manual Transmission (iMT) features close-ratio gears down low for spirited acceleration, with taller gears up top for optimized fuel economy while cruising. It also incorporates an intelligent rev-matching feature, helping to reduce transmission shock when downshifting.

PADDLE SHIFTERS
Hone your paddle-shifting skills with our Dynamic Shift-CVT, which combines the immediate response of a traditional First gear with the efficiency of a Continuously Variable Transmission (CVT).
XSE shown in Blue Flame with available accessory rear window spoiler.
Fun for all five senses.

Corolla Hatchback doesn’t compromise on comfort. Premium piano-black accents, soft-touch materials and contrast stitching on the dash and doors show that no inch of the interior was overlooked. More premium features, like available leather-trimmed seats and dual zone automatic climate control, naturally complement Corolla Hatchback’s fun-to-drive DNA. Just like its performance, Corolla Hatchback’s interior doesn’t chase a feeling — it creates it.

SOFT-TOUCH INTERIOR AND AUTO WINDOWS
Corolla Hatchback’s premium features like soft-touch materials on the dash and doors shift your senses into the moment. Plus, automatic windows power up and down at the touch of the button to instantly elevate the drive. No matter where you’re going, Corolla Hatchback was designed to make sure driving doesn’t feel like a chore.

HEATED SEATS
This driver-centric cabin doesn’t settle on comfort. With just the press of a button, the available heated seats will get toasty in no time so you can stop worrying about the cold and start enjoying every turn.

CONTRAST STITCHING
Complementing Corolla Hatchback’s driver-centric feel is available contrast stitching. Using genuine thread, this subtle design touch adds visual interest and contemporary style. It’s one of many quality details that helps Corolla Hatchback’s new interior stand out.
PREMIUM INTERIOR

XSE interior shown in Black combination leather trim.
Shift into the moment.

Step inside Corolla Hatchback and you only think about one thing: driving. Its driver-centric interior offers unmatched comfort and control. An available 7-in. Multi-Information Display (MID) helps you stay focused around every turn by bringing driving information right before your eyes, while ergonomically designed sport seats heighten your focus without sacrificing your comfort. With Amazon Alexa™ connectivity, you can simply ask to play music, read the news, control your smart home, tell a joke and more — Alexa will respond instantly.

The Toyota+Alexa App requires an Android™ smartphone using version 5.0 and above (Apple iOS available early 2019).
FUNCTIONAL INTERIOR

XSE interior shown in Black combination leather trim.
Up to speed with the latest tech.

Corolla Hatchback has street smarts. Remotely lock/unlock doors, start/stop the engine, find your vehicle in a parking lot and get vehicle status notifications using your compatible smartwatch. Standard Apple CarPlay compatibility takes the things you want to do with your iPhone while driving and puts them right on Corolla Hatchback’s 8-in. touch-screen display. In short, Corolla Hatchback puts the latest technology and infotainment at your control by touch or voice commands.

WEARABLE CONNECTIVITY
Newly enhanced available Remote Connect gives you amazing control of Corolla Hatchback, all from your Apple Watch or Android smartwatch. Through touch or voice commands, you can locate your vehicle, lock or unlock the doors or even start the engine.

JBL SOUND SYSTEM
Make every seat a front-row seat. Corolla Hatchback’s available Entune 3.0 Premium Audio with JBL w/Clari-Fi uses eight speakers to deliver an enhanced sound quality and hit every high note.

See numbered footnotes in Disclosures section.
XSE interior shown in Black combination leather trim.
XSE shown in Blue Flame with available accessory rear window spoiler.
Safe from start to finish.

While city streets can be exciting, they’re also unpredictable. That’s why every Corolla Hatchback comes with intelligent safety technology. The available Blind Spot Monitor (BSM)\(^2\) is designed to alert you if another vehicle is in your blind spot. And its available Adaptive Front-Lighting System (AFS)\(^1\) “follows” your front wheels when you turn. Safe to say, Corolla Hatchback was designed to help make the open road a safer playground.

---

**BLIND SPOT MONITOR\(^2\)**

By illuminating a warning signal on the applicable outside mirror, the available Blind Spot Monitor (BSM) is designed to alert you to vehicles that may be hiding in your vehicle’s blind spot.

**STAR SAFETY SYSTEM™**

Every new Corolla Hatchback is built with our Star Safety System™, an advanced integration of active safety technologies designed to enhance traction, braking and more.

**ADAPTIVE HEADLIGHTS**

Corolla Hatchback is loaded with technology designed to enhance every drive — even at night. The available Adaptive Front-Lighting System (AFS)\(^1\) “follows” your front wheels when you turn and lights up the road before you.

See numbered footnotes in Disclosures section.
Designed for safety.

Toyota Safety Sense™ 2.0 (TSS 2.0)31 is a bundle of active safety features standard on every 2019 Corolla Hatchback. These innovative features were designed to help protect you and your passengers from harm.

Pre-Collision System with Pedestrian Detection (PCS w/PD) helps keep the road safe by detecting a vehicle, pedestrian or bicyclist in certain situations. The latest system has enhanced low-light capabilities to help detect a pedestrian at night. By combining millimeter-wave radar with a camera capable of shape recognition, the system provides an audio/visual alert, warning you of a possible collision under certain circumstances. If you don’t react, the system is designed for automatic braking support to help mitigate the potential for a collision.

Using Road Edge Detection or by detecting visible lane markings, the Lane Departure Alert with Steering Assist (LDA w/SA) issues both an audible alert and visual warning on the MID screen if an inadvertent lane departure is detected. If the system determines that the driver is not taking corrective steering action, the Steering Assist function is designed to initiate and provide gentle corrective steering to help keep Corolla Hatchback in the lane.

Automatic High Beams (AHB) are a safety system designed to help you see more clearly at night — without distracting other drivers. Designed to activate at speeds above 25 mph, AHB rely on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggle between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow earlier detection of pedestrians and obstacles.

See numbered footnotes in Disclosures section.
TOYOTA SAFETY SENSE™ 2.0 (TSS 2.0)

FULL-SPEED RANGE DYNAMIC RADAR CRUISE CONTROL38, 39

Intended for highways and similar to "constant speed" cruise control, available Full-Speed Range Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which is designed to adjust your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance. If a driver is traveling slower than you, or within your preset range, DRCC is designed to automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes may be applied. When there’s no longer a vehicle driving slower than your preset speed in front of you, DRCC will then accelerate and regular cruise control will resume.

LANE TRACING ASSIST34, 50

When the available Full-Speed Range Dynamic Radar Cruise Control (DRCC)38, 39 is enabled and lane markers are detectable, Lane Tracing Assist (LTA) uses the lines on the road and preceding vehicles to help keep the vehicle centered while also displaying the vehicle’s position on the MID screen. The system was designed to reduce driver strain and increase convenience, and benefits drivers most during traffic jams — but can be turned off using the MID.

ROAD SIGN ASSIST37

Corolla Hatchback’s Road Sign Assist (RSA) helps keep the road safe. Using a forward-facing intelligent camera, Road Sign Assist is designed to detect speed limit signs, stop signs and yield signs, and displays them on the MID.

See numbered footnotes in Disclosures section.
XSE interior shown in Black combination leather trim with available Entune™ 3.0 Premium Audio.

### WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Powertrain:** 60 months/60,000 miles (engine, transmission/axle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emission Coverages** vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

### Accessories

For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

See numbered footnotes in Disclosures section.
See Owner's Manual for additional limitations and details. Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. When potential lane departure is detected, LTA provides a visual warning and either an audible alert or vibration in the steering wheel and can apply a slight steering force. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert, and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and navigation system to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See Owner's Manual for additional limitations and details. Full-Speed Range Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See Owner's Manual for additional limitations and details. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See Owner's Manual for additional limitations and details. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. The Adaptive Front-Lighting System helps improve vision at night. Situations such as a dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness, requiring the driver to manually turn off the system. See Owner's Manual for details. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. Cargo and load capacity limited by weight and distribution. 2019 EPA-estimated mileage. Actual mileage will vary. Extra-cost color. Amazon, Alexa, and all related logos and marks are trademarks of Amazon.com, Inc. or its affiliates. Not all Amazon Alexa skills are available for in-vehicle use. Remote start/stop not available on manual transmission-equipped vehicles. Not all smartwatches are compatible with Remote Connect: Samsung Gear, Fitbit, Garmin are not compatible. Not available on manual transmission. 2019 EPA-estimated 32 city/42 highway/36 combined mpg for Corolla Hatchback XSE with automatic transmission. Actual mileage will vary. 2019 EPA-estimated 30 city/38 highway/33 combined mpg for Corolla Hatchback XSE with automatic transmission. Actual mileage will vary. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details. The full-Speed range Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See Owner's Manual for additional limitations and details. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.
