Anytime. Anywhere.
The 2020 4Runner.

The best stories begin where the trail map ends. 4Runner has been delivering on this promise for over 30 years, and the 2020 Toyota 4Runner is ready to take you to places you never thought possible. Proven body-on-frame construction, advanced off-road technologies and a tough powertrain mean that this SUV can easily go where lesser trucks can’t. And with its suite of available convenient technologies, just connect your compatible iPhone to access its integrated Apple CarPlay. You can also enjoy the advanced voice-activated capabilities of Alexa compatibility to stay connected long after the city has left your rearview mirror. The next great campfire story is yours for the making. Let’s keep it wild.
Built to take on what Mother Nature dishes out.

4Runner’s heritage has always been one of toughness. That’s why the 2020 4Runner is built utilizing rugged body-on-frame construction, for optimized strength and durability. All 4Runners get beefy skid plates to help protect the engine, front suspension and fuel tank. 4x4 models also get a skid plate to help protect the transfer case. This all rides on a suspension made up of independent double-wishbones up front, and a 4-link and coil-spring setup in the rear. This proven combination gives 4Runner a ride that’s smooth in the city, yet tough enough to take on your favorite trail.

See numbered footnotes in Disclosures section.
Limited shown in Classic Silver Metallic.
Out here, lesser vehicles are an endangered species.

The best trails aren’t known for their easygoing demeanor. Good thing 4Runner’s ready to take on almost every terrain. Its available Kinetic Dynamic Suspension System (KDSS) allows for extra wheel articulation when needed. Available Crawl Control (CRAWL)\textsuperscript{35} assists the driver in determining an optimal combination of low speed and traction. And with the available dial-type transfer case, finding the right off-road mode is as simple as turning a knob.

**LOCKING REAR DIFFERENTIAL**
To help you negotiate uncertain terrain, 4Runner TRD Off-Road has an electronically controlled locking rear differential that distributes engine power evenly to both rear wheels, so they move at the same speed, even if one is off the ground.\textsuperscript{62} It also ensures a predictable output to help you maintain a controlled pace over obstacles.

**MULTI-TERRAIN SELECT**
Available Multi-terrain Select allows you to choose from four modes that will regulate wheelspin by adjusting the engine throttle setting and braking pressure to help provide you with optimized traction in various off-road situations.

**AVAILABLE CRAWL CONTROL (CRAWL)**\textsuperscript{35}
This advanced system automatically modulates the throttle and brakes on five low-speed settings so you can keep your focus on steering through difficult terrain.

See numbered footnotes in Disclosures section.
TRD Off-Road Premium shown in Barcelona Red Metallic.

See footnote number 67 in Disclosures section for more information on off-roading.
Take the reins, set the mood, choose a destination and charge on.

4Runner may be built to take on the rugged terrain, but its interior is designed for pure comfort. Intuitive controls make it easy to adjust everything from the climate control to off-road traction settings. A new 8-in. high-resolution touch-screen makes your playlist, navigation settings and more all look stunning. And with new tech like Apple CarPlay®, just pair your compatible iPhone® to access your music, phone book and more. The addition of Android Auto™ and Amazon Alexa™ compatibility also makes it easier than ever to stay connected.

MULTIMEDIA

ANDROID AUTO™ COMPATIBILITY
Android Auto™ puts many of your favorite Android™ apps right on 4Runner’s 8-in. touch-screen. You can take calls, pull up your favorite playlist, and a whole lot more — all while your Android™ phone is safely stashed away.

AMAZON ALEXA™ COMPATIBILITY
Almost anywhere the road takes you, Amazon Alexa connectivity follows. With a smartphone connection and the Toyota+Alexa app, all you have to do is ask Alexa to play music, hear the news, check weather, control smart home devices and more.

APPLE CARPLAY® COMPATIBILITY
4Runner’s equipped with Apple CarPlay® compatibility. Just plug in your compatible iPhone® and get directions, make calls, send and receive messages, listen to your own playlist and more — all via the familiar touch-screen interface. Screen depiction accurate as of summer 2019.

AVAILABLE JBL® SPEAKERS

The perfect soundtrack can make your adventures even more epic. That’s why 4Runner is available with a powerful 15-speaker JBL® system that delivers rich, powerful sound.
Technology that keeps up with you.

Now there’s more to love about 4Runner. Enjoy a new level of convenience and peace of mind with 4Runner’s available technology features.

**AVAILABLE REMOTE CONNECT**
Locate your Toyota in a crowded parking lot, start the engine, lock/unlock your doors and more, using your compatible smart devices. One-year trial included.

**SAFETY CONNECT**
Because the unexpected can happen at any time of day — or night. Emergency SOS assistance and 24/7 Toyota Roadside Assistance help you drive with added peace of mind. One-year trial included.

**AVAILABLE DESTINATION ASSIST**
Need directions? No problem. Destination Assist gives you 24/7 access to a live agent to help locate a destination and get directions. One-year trial included.

**AVAILABLE SERVICE CONNECT**
You keep track of your health info; now you can do the same for your 4Runner. Service Connect gives you personalized maintenance updates and vehicle health reports. Ten-year trial included.

See numbered footnotes in Disclosures section.
WI-FI CONNECT™

Turn your 4Runner into a hotspot. 4G Wi-Fi Connect lets you easily connect up to five devices. And depending on your existing mobile provider, you can add the Wi-Fi Connect subscription to your current mobile plan. Three-month trial included.17

TRD Off-Road Premium shown in Barcelona Red Metallic.18

TRD Off-Road Premium shown in Barcelona Red Metallic.
See footnote number 62 in Disclosures section for more information on off-roading.
You’ve got freedom to roam. Outside and inside.

Exploring the vast unknown requires a great amount of space for company or cargo. 4Runner’s roomy interior seats up to seven passengers and has plenty of features, like front and rear 12V power outlets38 for charging personal electronics, a variety of storage options, and available power-adjustable driver and front passenger seats, to keep everyone comfortable no matter how long the journey.

SLIDING REAR CARGO DECK
Get quicker access to your stuff. The available sliding rear cargo deck can support up to 440 lbs59 and helps make for an easy reach to your gear, or a quick setup before heading to the great outdoors.

POWER REAR GLASS
The 2020 4Runner features a power rear window, a signature element found across all generations of 4Runner. And best of all, it’s standard. This rear glass raises and lowers with the push of a button, making it easier to grab your gear from the cargo area.59

40/20/40 FOLD-FLAT SECOND-ROW SEATS
Every adventure has its own demands. With 4Runner’s 40/20/40 fold-flat second-row seats, you can make room for everything you need by folding one or both seats down to accommodate up to 88.8 cubic feet of cargo.59 When not folded down, the seatbacks recline for added passenger comfort.52
Limited shown in Classic Silver Metallic with available running boards.

See numbered footnotes in Disclosures section.
The peace of mind you need to enjoy the peace of nature.

While your many adventures have earned you a bold reputation, you also make sure that your equipment will help keep you and your crew safe. That’s why we’ve equipped 4Runner with an array of active and passive safety features. The standard Star Safety System™ is designed to help you avoid trouble. Our rigorous crash testing has helped us develop a comprehensive occupant-protection system that features eight standard airbags; a driver and front passenger Advanced Airbag System, driver and front passenger TAP (Thorax, Abdomen, Pelvis) front seat-mounted side airbags, driver and front passenger knee airbags and all-row (third-row airbags on models so equipped) Roll-sensing Side Curtain Airbags (RSCA) are all part of a system designed to help keep you safe.

INTEGRATED BACKUP CAMERA

When backing up, the area visible to the camera is displayed on the touch-screen. 4Runner’s available front and rear parking assist sonar beeps to tell you how close the bumpers are from an object. The faster it beeps, the closer the object is.

STAR SAFETY SYSTEM™

4Runner comes standard with the Star Safety System™, a suite of six safety features designed to keep you out of harm’s way. It includes Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Brake Assist (BA), Electronic Brake-force Distribution (EBD) and Smart Stop Technology® (SST).

DRIVER AND FRONT PASSENGER ACTIVE HEADRESTS

Designed to optimize headrest position during certain types of rear-end collisions, driver and front passenger active headrests move slightly up and forward, so your head and neck are more effectively cushioned.

EIGHT AIRBAGS

A driver and front passenger Advanced Airbag System, driver and front passenger TAP (Thorax, Abdomen, Pelvis) front seat-mounted side airbags, driver and front passenger knee airbags and all-row (third-row airbags on models so equipped) Roll-sensing Side Curtain Airbags (RSCA) are all part of a system designed to help keep you safe.
High-tech backup for the road ahead.

Toyota Safety Sense™ P (TSS-P)\(^{40}\) is an active safety package that comes standard on every new Toyota 4Runner. This advanced precautionary safety system combines the Pre-Collision System with Pedestrian Detection (PCS w/PD),\(^{41}\) Lane Departure Alert (LDA),\(^{42}\) Automatic High Beams (AHB)\(^{43}\) and Dynamic Radar Cruise Control (DRCC)\(^{32}\) to assist you. TSS-P’s comprehensive features create in-the-moment safety designed to help support your awareness and decision-making on the road.

**Pre-Collision System with Pedestrian Detection (PCS w/PD)**\(^{44}\)

Pre-Collision System with Pedestrian Detection (PCS w/PD) is designed to help keep the road safe by detecting a vehicle or a pedestrian in certain situations. By combining millimeter-wave radar with a camera capable of shape recognition, the system provides an audio/visual alert, warning you of a possible collision under certain circumstances. If you don’t react, the system is designed for automatic braking support to help mitigate the potential for a collision.

**Dynamic Radar Cruise Control (DRCC)**\(^{32}\)

Intended for highway use and similar to “constant speed” cruise control, Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. If a driver is traveling slower than you, or within your preset range, DRCC will automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes are applied.

**Automatic High Beams (AHB)**\(^{43}\)

The Automatic High Beams (AHB) feature is a safety system designed to help you see more clearly at night — without distracting other drivers. Designed to activate at speeds above 25 mph, AHB relies on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggles between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow for earlier detection of pedestrians and obstacles.

Under certain circumstances, Lane Departure Alert (LDA) is designed to help detect lane departure on roads with visible lane markings. LDA only activates when you’re traveling at a speed of 32 mph or faster. When you hear and see the alert, after carefully checking the road around you, safely direct your vehicle back to the center of your lane.
Ultimate toughness. Proven capability.

How do we make an off-road legend even more capable? Simple: We give it to the engineers at Toyota Racing Development (TRD). 4Runner TRD Pro is the culmination of our off-road know-how, boasting upgraded features that include a robust suspension, TRD-engineered alloy wheels and aggressive off-road tires. And with a heritage-inspired grille, TRD Pro badging and a ¼-in.-thick aluminum skid plate that protects things up front, this rugged body-on-frame SUV fears no trail.
A unique TRD-stamped aluminum front skid plate comes standard on 4Runner TRD Pro. Constructed from 1/4-in.-thick aluminum, this piece helps protect crucial mechanical components underneath the front end, so you can go even farther beyond the map.62

TRD-TUNED FOX® SHOCKS AND TRD-TUNED SUSPENSION
Take your adventures to the next level. 4Runner TRD Pro’s suspension features oversized FOX® high-performance shocks — with remote reservoirs on the rear shocks — and TRD-tuned front springs to help carry you over unforgiving terrain.62

NITTO® TERRA GRAPPLER® ALL-TERRAIN TIRES
4Runner TRD Pro’s unique alloy wheels come wrapped in Nitto® Terra Grappler® all-terrain tires for more on-road comfort and enhanced off-road traction.

TRD ROOF RACK
Pack it up and strap it down. 4Runner TRD Pro’s rugged roof basket lets you bring more gear for more adventure.
TRD PRO SERIES

What is TRD?

Toyota Racing Development (TRD) is Toyota’s factory-backed racing division. While TRD USA has been building go-fast parts for Toyotas since 1979, our racing legacy traces back well over two decades before that. With a history rich in motorsports, TRD engineers have continued to apply their knowledge to help enthusiasts get more performance from their vehicles, while maintaining factory levels of quality and reliability. Our TRD Pro Series vehicles are factory-tuned and built to take you way off-road. These are more than just parts; our engineers spend countless hours building, testing and tuning with passion. And with capability this exciting, our TRD Pro Series vehicles will help fuel your passion too.

ACCESSORIES

You know your 4Runner is supremely capable right out of the box. But when you want to crank up the attitude, turn to those who know your 4Runner best. Toyota Racing Development (TRD) brings you a line of accessories engineered just for your 4Runner. Each and every part is designed to give you maximum performance with proven dependability. And it’s all available from your local Toyota dealer. All you have to do is pick out which parts are right for you.

OTHER TRD PERFORMANCE PARTS AND ACCESSORIES

- TRD 17-in. matte-gray alloy wheels
- TRD air filter
- TRD oil cap
- TRD oil filter
- TRD radiator cap

TRD PRO ALL-WEATHER FLOOR LINERS

Floor liners embossed with the TRD Pro logo add protection and style to 4Runner’s cabin.

TRD PRO 17-IN. MATTE-BLACK ALLOY WHEELS

Cutting-edge style. Trail-ready toughness. These TRD 17-in. matte-black alloy wheels amplify 4Runner TRD Pro’s presence on- and off-road.

TRD EXHAUST

The bark to match the powerful V6 bite. This cat-back exhaust is constructed from 304 stainless steel, and its precise CNC mandrel bends help maximize efficiency. Helping finish off the package is a chrome-plated, dual-walled tip with embossed TRD logo.

See numbered footnotes in Disclosures section.
TRD Pro shown in Super White.
See footnote number 62 in Disclosures section for more information on off-roading.
4Runner Nightshade Edition

Arrive with attitude. The Nightshade Edition available for 4Runner shows off this SUV’s darker side with its 20-in. black alloy wheels, black chrome bumper accents and black interior accents.
4Runner Venture Special Edition

The all-new 4Runner Venture Special Edition brings extra style and utility to all your on- and off-road adventures. It features all the same great equipment found on 4Runner TRD Off-Road Premium, and adds exclusive 17-in. dark metallic gray alloy wheels, a standard Yakima® MegaWarrior roof-mounted cargo basket, black door handles, a black rear spoiler and rugged all-weather floor liners.
4RUNNER MODELS

SR5

Drivetrain
• 4.0-Liter DOHC 24-Valve V6 with Dual Independent Variable Valve Timing with intelligence (VVT-i); 270 hp @ 5600 rpm; 278 lb.-ft. @ 4400 rpm; 5-speed automatic transmission
• Rear-Wheel Drive (RWD) or part-time 4WD system with Active Traction Control (A-TRAC)
• Automatic Limited-Slip Differential™ (Auto LSD on 4x2 models only)
• Downhill Assist Control (DAC)™ (4x4 models only) and Hill Start Assist Control (HAC)™

Exterior Features
• Integrated fog lights
• Projector-beam headlights with smoked trim
• Skid plates — on engine/front suspension, fuel tank and transfer case (transfer case on 4x4 models only)
• 17-in. 6-spoke alloy wheels with P265/70R17 tires

Interior Features
• Backup camera™ with projected path
• Leather-trimmed tilt/telescopic steering wheel with audio and Bluetooth® hands-free phone and voice command controls
• Fabric-trimmed front seats, 8-way power-adjustable driver’s seat with power lumbar support, 4-way adjustable front passenger seat
• Fabric-trimmed 40/20/40 split reclining and fold-flat second-row seat
• Audio with eight speakers, and Android Auto™ & Apple CarPlay™ & Amazon Alexa™ compatible

Safety Features
• Toyota Safety Sense™ P (TSS-P)™ includes:
  – Pre-Collision System with Pedestrian Detection (PCS w/PD)™
  – Lane Departure Alert (LDA)™
  – Automatic High Beams (AHS)™
  – Dynamic Radar Cruise Control (DRCC)™

Options
• Running boards
• 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third-row seat
• Sliding rear cargo deck with under-floor storage box (not available with third row)
• Premium Audio with Dynamic Navigation™ and Android Auto™ & Apple CarPlay™ & Amazon Alexa™ compatible

SR5 Premium

Adds to or replaces features offered on SR5

Drivetrain
• 4.0-Liter DOHC 24-Valve V6 with Dual Independent Variable Valve Timing with intelligence (VVT-i); 270 hp @ 5600 rpm; 278 lb.-ft. @ 4400 rpm; 5-speed automatic transmission
• Rear-Wheel Drive (RWD) or part-time 4WD system with Active Traction Control (A-TRAC)
• Automatic Limited-Slip Differential™ (Auto LSD on 4x2 models only)
• Downhill Assist Control (DAC)™ (4x4 models only) and Hill Start Assist Control (HAC)™

Exterior Features
• Heated power outside mirrors with turn signal indicators

Interior Features
• Smart Key System™ with Push Button Start and remote illuminated entry
• SofTex®-trimmed® heated front seats; 8-way power-adjustable driver’s seat with power lumbar support; 4-way power-adjustable front passenger seat
• SofTex®-trimmed® 40/20/40 split reclining and fold-flat second-row seat
• Premium Audio with Dynamic Navigation™ and Android Auto™ & Apple CarPlay™ & Amazon Alexa™ compatible
• Auto-dimming rearview mirror

Options
• Power tilt/slide moonroof with sunshade
• Running boards
• SofTex®-trimmed® 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third-row seat

TRD Off-Road

Adds to or replaces features offered on SR5

Drivetrain
• Part-time 4WD system with Active Traction Control (A-TRAC)
• Hill Start Assist Control (HAC)™ Multi-terrain Select and Crawl Control (CRAWL)™
• Locking rear differential

Exterior Features
• 17-in. 7-spoke alloy wheels with P265/70R17 tires and black-painted accents
• Color-keyed front and rear bumpers with silver accents and color-keyed hood scoop
• “TRD Off-Road” external hard badges

Interior Features
• Overhead console with Multi-terrain Select and Crawl Control (CRAWL)™ switches
• TRD shift knob
• TRD Off-Road floor mats™
• Audio Plus with eight speakers, and Android Auto™ & Apple CarPlay™ & Amazon Alexa™ compatible

Options
• Running boards
• Kinetic Dynamic Suspension System (KDSS)
• Sliding rear cargo deck with under-floor storage box
• Premium Audio with Dynamic Navigation™ and Android Auto™ & Apple CarPlay™ & Amazon Alexa™ compatible

See numbered footnotes in Disclosures section.
4RUNNER MODELS (continued)

TRD Off-Road Premium
Adds to or replaces features offered on TRD Off-Road

**Exterior Features**
- Heated power outside mirrors with turn signal indicators
- Smart Key System® with Push Button Start and remote illuminated entry
- SofTex®-trimmed heated front seats; 8-way power-adjustable driver’s seat with power lumbar support, 4-way power-adjustable front passenger seat
- SofTex®-trimmed 40/20/40 split reclining and fold-flat second-row seat
- Premium Audio with Dynamic Navigation®, and Android Auto™ & Apple CarPlay™ & Amazon Alexa® compatible
- Auto-dimming rearview mirror
- “TRD” red lettering on driver and front passenger headrests

**Options**
- Power tilt/slide moonroof with sunshade
- Running boards
- Kinetic Dynamic Suspension System (KDSS)
- Sliding rear cargo deck with under-floor storage box

**Limited**
Adds to or replaces features offered on SRS Premium

**Drivetrain**
- Rear-Wheel Drive (RWD) or full-time 4WD system with Active Traction Control (A-TRAC) and Torsen® limited-slip center differential with locking feature
- X-REAS Sport Enhancement Suspension

**Exterior Features**
- 20-in. split 6-spoke alloy wheels with P245/60R20 tires
- Power tilt/slide moonroof with sunshade
- Front and rear parking assist sonar
- Color-keyed front and rear bumpers and side rocker panels with chrome inserts, chrome door handles and chrome-accented front grille insert

**Interior Features**
- Perforated leather-trimmed heated and ventilated front seats; 8-way power-adjustable driver’s seat with memory function and power lumbar support; 4-way power-adjustable front passenger seat
- Premium Audio with Dynamic Navigation®, JBL® w/Clari-Fi®, and Android Auto™ & Apple CarPlay™ & Amazon Alexa® compatible
- Dual zone automatic climate control with air filter and second-row vents

**Options**
- Automatic running boards
- Leather-trimmed 50/50 split fold-flat third-row seat and sliding second row with passenger-side one-touch access to third row
- Sliding rear cargo deck with under-floor storage box (not available with third row)

**Venture Special Edition**
Adds to or replaces features offered on TRD Off-Road Premium

**Exterior**
- 17-in. dark gray metallic alloy wheels with P265/70R17 tires
- Blacked-out Toyota emblems, outer door handles, and side mirrors
- Roof rails with cross bars and Yakima® MegaWarrior cargo basket
- Black rear spoiler with LED center high-mount stop light and integrated concealed rear wiper with mist cycle
- All-weather floor liners

**Nightshade Edition**
Adds to or replaces features offered on Limited

**Exterior**
- 20-in. black alloy wheels
- Black exterior accents including front and rear bumper spoilers, outer door handles, rocker panels, roof rails, mirrors, window moldings, garnishes and exhaust tip
- Black interior trim including steering wheel, shift knob, inner door grips and center console panel
- Black badge overlays

**TRD Pro**

**Drivetrain**
- 4.0-Liter DOHC 24-Valve V6 with Dual Independent Variable Valve Timing with intelligence (VVT-i); 270 hp @ 5600 rpm; 278 lb.-ft. @ 4400 rpm; 5-speed automatic transmission
- Part-time 4WD system with Active Traction Control (A-TRAC)
- Hill Start Assist Control (HAC)™ Multi-terrain Select and Crawl Control (CRAWL)™
- TRD FOX® high-performance shocks with rear remote reservoirs
- TRD-tuned front springs
- Locking rear differential

**Exterior Features**
- Black “TRD PRO” external hard badges
- Unique “TOYOTA” front grille
- Auto on/off headlight feature
- Black roof basket
- Power tilt/slide moonroof with sunshade
- TRD-stamped aluminum front skid plate
- TRD 17-in. matte-black alloy wheels with P265/70R17 A/T tires
- High-performance LED fog lights

**Interior Features**
- Smart Key System® with Push Button Start and remote illuminated entry
- Overhead console with Multi-terrain Select and Crawl Control (CRAWL)™ switches
- SofTex®-trimmed heated front seats; 8-way power-adjustable driver’s seat with power lumbar support, 4-way power-adjustable front passenger seat
- SofTex®-trimmed 40/20/40 split reclining and fold-flat second-row seat
- Premium Audio with Dynamic Navigation®, JBL® w/Clari-Fi®, and Android Auto™ & Apple CarPlay™ & Amazon Alexa® compatible
- TRD Pro all-weather floor liners
- TRD shift knob
- Dual zone automatic climate control with air filter and second-row vents

**Options**
- Running boards
- Sliding rear cargo deck with under-floor storage box

SAFETY AND CONVENIENCE

Toyota Safety Sense™ P (TSS-P)  - Pre-Collision System with Pedestrian Detection (PCS w/PD), Lane Departure Alert (LDA), Automatic High Beams (AHB), Dynamic Radar Cruise Control (DRCC)

Star Safety System™ — includes Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA), and Smart Stop Technology® (SST)

Driver and front passenger Advanced Airbag System

Driver and front passenger TAP (Thorax, Abdomen, Pelvis) front seat-mounted side airbags, driver and front passenger knee airbags, and front and all-row (third-row airbags on all models) Roll-sensing Side Curtain Airbags (RSCA)

Driver and front passenger active headrests

3-point seatbelts for all seating positions; driver-side Emergency Locking Retractor (ELR) and Automatic/Emergency Locking Retractors (ALR/ELR) on all passenger belts

Driver and front passenger seatbelt pretensioners with force limiters

LATCH (Lower Anchors and Tethers for CHildren) includes lower anchors on outboard second-row seats and tether anchors on all second-row seats

Child-protector rear door locks and power window lockout

Side-impact door beams

Tire Pressure Monitor System (TPMS)

Daytime Running Lights (DRL) with manual on/off feature

Front and rear parking assist sonar

Anti-theft system with engine immobilizer

ToyotaCare featuring a no cost maintenance plan with roadside assistance

See numbered footnotes in Disclosures section.

### ENGINE

4.0-Liter V6 DOHC 24-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i);
270 hp @ 5600 rpm; 278 lb.-ft. @ 4400 rpm

### EMISSION RATING

Low Emission Vehicle II (LEV–II)

### IGNITION SYSTEM

Electronic, with Toyota Direct Ignition (TDI)

### TRANSMISSION

5-speed Electronically Controlled automatic Transmission with intelligence (ECT-i) and sequential shift mode

### DRIVETRAIN

Rear-Wheel Drive (RWD) with Automatic Limited-Slip Differential (Auto LSD)\(^6\)

Part-time 4WD with Active Traction Control (A–TRAC) (4x4 models only)

Full-time 4WD with Active Traction Control (A-TRAC) and Torsen\(^55\) limited-slip center differential with locking feature (4x4 models only)

### OFF-ROAD

Approach/departure angle (degrees) (4x2/4x4)

### BODY CONSTRUCTION

Reinforced body-on-frame construction

### SUSPENSION

Coil-spring independent double-wishbone front suspension with stabilizer bar; coil-spring 4-link with lateral rod rear suspension with stabilizer bar

Kinetic Dynamic Suspension System (KDSS)

X-REAS Sport Enhancement Suspension

TRD FOX\(^58\) high performance shocks with rear remote reservoirs

TRD-tuned front springs

### STEERING

Engine speed-sensing Variable Flow Control (VFC) power-assisted rack-and-pinion

Turning circle diameter, curb to curb (ft.)

### BRAKES

Power-assisted 4-wheel ventilated front disc brakes (Multi-terrain ABS on 4Runner TRD Off-Road)

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage. You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.
DISCLOSURES

Manual for additional limitations and details. 42. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 43. Automatic High Beams operate at speeds above 23 mph. Factors such as a dusty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 44. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 45. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner's Manual for additional limitations and details. 46. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner's Manual for additional limitations and details. 47. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner's Manual for additional limitations and details. 48. Active front headrests can help reduce the extent of whiplash in certain types of rear-end collisions. 49. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner's Manual for additional limitations and details. 50. Front and rear parking assist sonar is designed to warn drivers of potential front and rear collisions at speeds of 6 mph or less. Certain vehicle and environmental factors, including an object's shape and composition, may affect the ability of the front and rear parking assist sonar to detect it. Always look around outside the vehicle and use mirrors to confirm clearance. See Owner's Manual for additional limitations and details. 51. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service. 52. ToyotaCare plan covers normal factory scheduled service for 2 years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their Maintenance Guide. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska. 53. Roadside Assistance coverage is 2 years unlimited mileage. Does not include parts and fluids, except emergency fuel delivery. See Toyota Dealer for details and exclusions. Valid only in the continental U.S. and Alaska. 54. Auto LSD is an electronic, brake-actuated limited-slip differential that automatically activates when VSC is disengaged at low speeds. See Owner's Manual for additional limitations and details. 55. Torsen® is a registered trademark of Zexel Torsen, Inc. 56. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 57. Downhill Assist Control is designed to help driver maintain vehicle control and speed on steep, downhill descents and is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can affect the DAC's ability to prevent loss of control. See Owner’s Manual for additional limitations and details. 58. FOX® is a registered trademark of FOX Factory, Inc. (©FOX Factory, Inc.) 59. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 60. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. 61. 2020 EPA-estimated mileage. Actual mileage will vary. 62. The Toyota 4Runner is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. 63. iPhone® is a registered trademark of Apple Inc. All rights reserved. 64. Do not overload your vehicle. See Owner's Manual for weight limits and restrictions. Always properly secure cargo and cargo area. 65. Vehicle shown with some accessories not available from Toyota. 66. Apps, prices and services vary by phone carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. Skills and services subject to change at any time without notice. 67. Not all smartwatches are compatible with Remote Connect: Samsung Gear, Fitbit, Garmin are not compatible. 68. Password required to start/stop engine/lock/unlock door. When using Alexa to start/stop engine/lock/unlock door, do so only if aware of circumstances surrounding vehicle and it is legal and safe to do so. Do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child. 69. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. 70. Toyota Dealer for details and exclusions. 71. Rear-seat leg rest may not fully raise based on height of passenger. Do not allow passengers to sit in a seat that has been fully or severely reclined while driving. This feature is intended for use only when the vehicle is parked. While the vehicle is being driven, all vehicle occupants should have the seatback upright, sit well back in the seat and properly wear the seatbelts provided. In the event of a collision, the more the seat is reclined, the greater the risk of death or personal injury. See Owner's Manual for additional limitations and details. 72. Terra Grappler® is a registered trademark of Toyo Tire & Rubber Co., Ltd. Terra Grappler® is a registered trademark of Toyo Tire Co., Ltd. 73. Extra-cost color.
