Get into it.

Low to the ground and lightweight, the 2020 Toyota Corolla Hatchback will reintroduce you to the thrill of driving. With an available black roof, its sporty exterior highlights the practical five-door design. And the available SE Nightshade Edition speaks to your sense of style. Corolla Hatchback is also up to speed with the latest standard tech like Android Auto™ compatibility, standard SiriusXM® and our state-of-the-art Toyota Safety Sense™ 2.0 (TSS 2.0). So, whether you’re headed downtown for the night or going away for the weekend, Corolla Hatchback is ready for whatever’s next.
Fun at first sight.

Corolla Hatchback has unforgettable charisma. Its sporty hatchback design makes a lasting first impression and inspires you to go out and make more happen. Coming down the road, its polished available chrome grille surround reels in eyes while its distinctive rear spoiler acts as its signature sign-off. After you park, you’ll catch yourself looking over your shoulder, trying to steal one more glance before you walk away.

18-IN. ALLOY WHEELS
Available 18-in. alloy wheels add to the unique profile of Corolla Hatchback. Every stoplight is a chance to make a new impression. Every spoke on the wheels is crafted to enhance style.

CHROME TAILPIPE DIFFUSER
It’s the little things that give Corolla Hatchback its sporty street cred. The standard chrome tailpipe diffuser captures eyes from every corner and ensures that this hatchback’s good looks just can’t be ignored.

LED HEADLIGHTS
The fun doesn’t stop after the sun goes down. Stylish headlights featuring distinct LED Daytime Running Lights (DRL) flaunt Corolla Hatchback’s charisma and light up the road.
XSE shown in Blue Flame with available accessory rear window spoiler.
Rev up your heart beats per minute.

Corolla Hatchback was engineered to reintroduce you to the thrill of driving. Under the hood, its 2.0L Dynamic Force Engine releases endorphins the moment you step on the gas. With its low and lightweight body, Corolla Hatchback will punch up your enthusiasm around every curve. Rest assured, fast-paced fun is waiting for you the second you start the engine.

PADDLE SHIFTERS
Hone your paddle-shifting skills with our Dynamic Shift-CVT, which combines the immediate response of a traditional First gear with the efficiency of a Continuously Variable Transmission (CVT).

6-SPEED INTELLIGENT MANUAL TRANSMISSION (iMT)
Three pedals. Six forward gears. One incredible driving experience. Corolla Hatchback’s available 6-speed Intelligent Manual Transmission (iMT) features close-ratio gears down low for spirited acceleration, with taller gears up top for optimized fuel economy while cruising. It also incorporates an intelligent rev-matching feature, helping to reduce transmission shock when downshifting.
XSE shown in Blue Flame with available accessory rear window spoiler.
Fun for all five senses.

Corolla Hatchback doesn’t compromise on comfort. Premium piano-black accents, soft-touch materials and contrast stitching on the dash and doors show that no inch of the interior was overlooked. More premium features, like available leather-trimmed seats and dual zone automatic climate control, naturally complement Corolla Hatchback’s fun-to-drive DNA. Just like its performance, Corolla Hatchback’s interior doesn’t chase a feeling — it creates it.

**SOFT-TOUCH INTERIOR AND AUTO WINDOWS**
Corolla Hatchback’s premium features like soft-touch materials on the dash and doors shift your senses into the moment. Plus, automatic windows power up and down at the touch of the button to instantly elevate the drive. No matter where you’re going, Corolla Hatchback was designed to make sure driving doesn’t feel like a chore.

**HEATED SEATS**
This driver-centric cabin doesn’t settle on comfort. With just the press of a button, the available heated seats will get toasty in no time so you can stop worrying about the cold and start enjoying every turn.

**CONTRAST STITCHING**
Complementing Corolla Hatchback’s driver-centric feel is available contrast stitching. This subtle design touch adds visual interest and contemporary style. It’s one of many quality details that helps Corolla Hatchback’s new interior stand out.
XSE interior shown in Black combination leather trim.
Shift into the moment.

Step inside Corolla Hatchback and you only think about one thing: driving. An available 7-in. Multi-Information Display (MID) helps you stay focused around every turn by displaying driving information right before your eyes. With Android Auto™ compatibility, just plug in your phone and your music, maps and contacts pop up on the 8-in. touch-screen display. Standard SiriusXM® gives you access to over 140+ channels. And with Amazon Alexa® compatibility, you can simply ask to play music, read the news, control your smart home, tell a joke and more.

DUAL ZONE AUTOMATIC CLIMATE CONTROL
You like it cool. Your passenger likes it warm. And with Corolla Hatchback’s available dual zone automatic climate control, you can both ride in total comfort.

LEATHER-TRIMMED STEERING WHEEL AND PIANO-BLACK ACCENTS
Even your fingertips feel the thrill of driving. Corolla Hatchback’s standard leather-trimmed steering wheel and shift knob fit comfortably between your hands while available piano-black accents perfectly complement the refined interior.

SMART KEY SYSTEM
Don’t waste time fumbling for your keys. Corolla Hatchback comes standard with the Smart Key System that lets you unlock the doors and trunk, plus start the engine, with just the push of a button — all while the key fob sits comfortably in your pocket or bag.
XSE interior shown in Black combination leather trim.
Up to speed with the latest tech.

Corolla Hatchback has street smarts. With available Remote Connect, you can remotely lock/unlock doors, start/stop the engine, find your vehicle and more using your compatible smartwatch. Standard Apple CarPlay compatibility takes the things you want to do with your iPhone while driving and puts them right on Corolla Hatchback’s 8-in. touch-screen display. In short, Corolla Hatchback puts the latest technology and infotainment at your control by touch or voice commands.

WEARABLE CONNECTIVITY
Available Remote Connect through the Toyota app gives you amazing control of Corolla Hatchback, all from your smart device. Through touch or voice commands, you can locate your vehicle, lock or unlock the doors and even start the engine.

JBL SOUND SYSTEM
Make every seat a front-row seat. Corolla Hatchback’s available Premium Audio multimedia system with JBL w/Clari-Fi uses eight speakers to deliver an enhanced sound quality and hit every high note.

Unforgettable.

XSE shown in Blue Flame with available accessory rear window spoiler.
Smart safety.

While city streets can be exciting, they’re also unpredictable. That’s why every Corolla Hatchback comes with intelligent safety technology. The available Blind Spot Monitor (BSM)\(^4\) can help alert you if another vehicle is in your blind spot. And its available Adaptive Front-Lighting System (AFS)\(^3\) “follows” your front wheels when you turn. Safe to say, Corolla Hatchback was designed to help make the open road a safer playground.

**BLIND SPOT MONITOR\(^4\)**
By illuminating a warning signal on the applicable outside mirror, the available Blind Spot Monitor (BSM) can help alert you to vehicles that may be hiding in your vehicle’s blind spot.

**STAR SAFETY SYSTEM™**
Every new Corolla Hatchback is built with our Star Safety System™, an advanced integration of active safety technologies designed to enhance traction, braking and more.

**ADAPTIVE HEADLIGHTS\(^3\)**
Corolla Hatchback is loaded with technology designed to enhance every drive — even at night. The available Adaptive Front-Lighting System (AFS) “follows” your front wheels when you turn and lights up the road before you.

See numbered footnotes in Disclosures section.
XSE shown in Blue Flame.
Pre-Collision System with Pedestrian Detection (PCS w/PD) is designed to help keep the road safe by detecting a vehicle, pedestrian or bicyclist in certain situations. The latest system has enhanced low-light capabilities for pedestrian detection. By combining millimeter-wave radar with a camera capable of certain shape recognition, the system provides an audio/visual alert, warning you of a possible collision under certain circumstances. If you don’t react, the system is designed for automatic braking support to help mitigate the potential for a collision.

See numbered footnotes in Disclosures section.

Using Road Edge Detection or by detecting visible lane markings, Lane Departure Alert with Steering Assist (LDA w/SA) is designed to issue both an audible alert and visual warning on the MID screen if an inadvertent lane departure is detected at speeds above 32 mph. If the system determines that the driver is not taking corrective steering action, the Steering Assist function is designed to initiate and provide gentle corrective steering to help keep Corolla Hatchback in the lane.

The Automatic High Beams (AHB) feature is a safety system designed to help you see more clearly at night — without distracting other drivers. Designed to activate at speeds above 25 mph, AHB relies on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggles between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow for earlier detection of pedestrians and obstacles.

Pre-Collision System with Pedestrian Detection44

Lane Departure Alert with Steering Assist45 and Road Edge Detection

Automatic High Beams2

Designed for safety.

Toyota Safety Sense™ 2.0 (TSS 2.0) is a bundle of active safety features standard on every 2020 Corolla Hatchback. These innovative features were designed to help protect you and your passengers from harm.
Road Sign Assist (RSA) is designed to help keep you safe on the road. Using a forward-facing intelligent camera, Road Sign Assist is designed to detect speed limit signs, stop signs, yield signs and Do Not Enter signs, and display them on the MID.

FULL-SPEED RANGE DYNAMIC RADAR CRUISE CONTROL

Intended for highway use and similar to “constant speed” cruise control, available Full-Speed Range Dynamic Radar Cruise Control (DRCC) (unavailable on manual transmissions) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which is designed to adjust your speed, to help you maintain a preset distance from the vehicle ahead of you that is driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance. If a driver is traveling slower than you, or within your preset range, DRCC is designed to automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes may be applied. When there’s no longer a vehicle driving slower than your preset speed in front of you, DRCC will then accelerate to the preset speed and regular cruise control will resume.

LANE TRACING ASSIST

When the available Full-Speed Range Dynamic Radar Cruise Control (DRCC) is enabled and lane markers are detectable, Lane Tracing Assist (LTA) (unavailable on manual transmissions) uses the lines on the road and/or preceding vehicles to help keep the vehicle centered while also displaying the vehicle’s position on the MID screen. The system is designed to help reduce driver strain and increase convenience, and may benefit drivers most during traffic jams — but can be turned off using the MID.

See numbered footnotes in Disclosures section.
SE

Powertrain

- 2.0L 4-Cylinder Dynamic Force Engine
- Dynamic Shift Continuously Variable Transmission (CVT)
- Available Intelligent Manual Transmission (iMT)
- Up to 32 city/41 highway/35 combined est. mpg

Exterior Features

- LED headlights and LED Daytime Running Lights (DRL) with auto on/off feature
- 16-in. twin-spoke alloy wheels
- Front dark gray grille surround
- Color-keyed rear spoiler
- Color-keyed heated power outside mirrors with turn signal indicators
- Single exhaust with dual chrome diffusers
- Black rear diffuser surround
- Black rear Toyota emblem and badges

Interior Features

- Apple CarPlay® compatibility
- SiriusXM® compatibility

Safety/Convenience

- Toyota Safety Sense™ 2.0 (TSS 2.0) — Pre-Collision System with Pedestrian Detection (PCS w/PD), Lane Departure Alert with Steering Assist (LDA w/SA), Automatic High Beams (AHB), Full-Speed Range Dynamic Radar Cruise Control (DRCC), Road Sign Assist (RSA) and Lane Tracing Assist (LTA)

Options and Package

- SE Preferred Package (automatic transmission) includes:
  - Audio Plus — includes 6 speakers and 8-in. touch-screen
  - Blind Spot Monitor (BSM)
  - Enhanced cargo space
  - Two-tone Midnight Black Metallic roof and outside mirrors

SE Nightshade Edition

Adds to or replaces features offered on SE

---

See numbered footnotes in Disclosures section.
complete stop. It may not hold the vehicle under certain conditions and does not function when the vehicle is in Reverse. Brake Hold is not a substitute for safe and attentive driving. See Owner’s Manual for additional limitations and details. 36. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions and driver input can all affect whether VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 37. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire condition and road conditions. See Owner’s Manual for additional limitations and details. 38. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details. 39. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner’s Manual for additional limitations and details. 40. Whiplash-Injury-Lessening front seats can help reduce the severity of whiplash injury in certain rear-end collisions. 41. Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance contact the Toyota Customer Experience Center at 1-800-331-4331. 42. Requires adequate cellular coverage and GPS signal strength. May not work in all areas. Service may vary by vehicle and region. See Toyota dealer for details and exclusions. 43. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 44. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle or a pedestrian. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian and weather, light and road conditions. See Owner’s Manual for additional limitations and details. 45. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effective at speeds above 45 mph, vehicle is designed as such in your Owner’s Manual for additional limitations and details. 46. Full-Speed Range Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on road, weather and traffic conditions. See Owner’s Manual for additional limitations and details. 47. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle’s forward-facing camera and navigation system to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See Owner’s Manual for additional limitations and details. 48. Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions when DRCC is engaged. When potential lane departure is detected, LTA provides a visual warning and an audible alert or vibration in the steering wheel and can apply a slight steering force. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. LTA not available on manual transmissions. See Owner’s Manual for additional limitations and details. 49. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. See Owner’s Manual for additional limitations and details. 50. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 51. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.alaos.org to find a qualified locksmith in your area who can perform high-security key service. 52. ToyotaCare covers normal factory scheduled maintenance at no additional cost for two years or 25,000 miles, whichever comes first. Certain models require a different maintenance schedule as described in their Maintenance Guide. 24-hour Roadside Assistance is also included for two years, unlimited mileage. Roadside Assistance does not include parts and fluids, except emergency fuel delivery. See Toyota dealer for details and exclusions. Valid only in the continental U.S. and Alaska. 53. The universal tablet holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the event of an accident. Tablet sold separately. 54. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 55. 2020 EPA-estimated mileage. Actual mileage will vary. 56. Remote start/stop not available on manual transmission-equipped vehicles. 57. Not all smartwatches are compatible with Remote Connect: Samsung Gear, Fitbit, Garmin are not compatible. 58. iPhone® is a registered trademark of Apple Inc. All rights reserved. 59. Not available on manual transmission. 60. This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with each other mat, each mat/floor liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. 61. Genuine Toyota Paint Protection Film by 3M™ is designed for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Toyota Genuine Accessory Warranty only applies when installation is performed by a trained Toyota-approved installer. See Toyota dealer for details. 62. Do not overload trailer. See Owner’s Manual for weight limits and restrictions. Always properly secure cargo and cargo area.

DISCLAIMERS (continued)

Toyota strives to build vehicles that match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See Toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print).

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).
Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).
Rust: 6 years/unlimited miles (corrosion perforation of sheet metal).

For complete details about Toyota’s warranties, please visit www.toyota.com, or call the Toyota Customer Assistance Center at 1-800-331-4331.
