Be the center of your world.

When your life revolves around more than just family, the all-new 2020 Toyota Highlander is ready to take on whatever you’ve got, all while bringing more refinement to the daily drive. And thanks to the Toyota New Global Architecture (TNGA) platform, Highlander can seat up to eight while providing greater capability, comfort and safety than ever before. Whatever your life requires, there’s a Highlander that will fit your needs. With the choice between two advanced powertrains, a gas V6 or a fuel-efficient hybrid, and All-Wheel Drive availability for further peace of mind — it’s time to take your drives to the next level.

Left to right: Platinum AWD shown in Moon Dust.® Platinum Hybrid AWD shown in Ruby Flare Pearl.®
See numbered footnotes in Disclosures section.
Up the ante on comfort.

The all-new Highlander is ready to elevate every moment with its plush, modern interior. Up front, the sculpted dash features an available, best-in-class 12.3-in. touch-screen display. Here, you can easily access a variety of Highlander’s systems with an intuitive touch. And from every seat, quality is always within reach. Soft-touch surfaces and premium materials throughout add another level of sophistication to help create more unforgettable memories for you and your crew.

GLAZED CARAMEL INTERIOR
Inside Highlander Platinum, quality is taken to another level. Exclusive to this trim is a Glazed Caramel leather-trimmed interior. The rich brown leather covers the seats, dash and door panels — enhancing every drive with a quality you can feel.

SPLIT-LEVEL IN-DASH STORAGE TRAYS
Convenience built right in. The open design of Highlander’s storage compartments gives you easy access to the things you need, while the glow of available blue LED ambient lighting welcomes you in.

PANORAMIC MOONROOF
Brighten each day with an available panoramic roof with a front tilt/slide moonroof. Enjoy the wide-open view or easily block it out with a power-retractable sunshade.
Platinum interior shown in Harvest Beige leather trim. Always drive safely and obey traffic laws.
Take the lead, in style.

Highlander’s dynamic new design will turn heads wherever you’re headed. Expanded fender flares accentuate its wider stance, while muscular character lines run all the way from the hood to the rear taillights to help define its exceptional good looks. Platinum’s black front grille with chrome surround ups the styling game with a sleekness that adds to its overall modern design. So when you’re pursuing your own passion or one that’s shared, find inspiration every time you look at Highlander.

20-IN. WHEELS
Highlander’s all-new design introduces its first-ever 20-in. alloy wheels. Available on Limited and Platinum, these stylish wheels add more sophistication without compromising performance.

LED HEADLIGHTS
The prominent front end of Highlander shows off its unique look. The stylish standard LED headlights provide a crisp, clean light, while available auto-leveling LED projector-beam headlights help keep light aimed down at the road for better visibility.

HANDS-FREE POWER REAR LIFTGATE®
Easy to use and even more convenient. When your hands are full, Highlander’s available hands-free power liftgate senses your Smart Key fob® and opens automatically when you wave your foot under the rear bumper."
Platinum AWD shown in Moon Dust.
See numbered footnotes in Disclosures section.
Push the boundaries of your comfort zone.

Whether you’re hustling around town or venturing out to see what nature has to offer, you’ll enjoy Highlander’s impressive ride comfort. Its high-strength TNGA platform provides Highlander with a stiff frame for a smooth and quiet ride. Take all-wheel-drive capability to the next level with available Dynamic Torque Vectoring All-Wheel Drive. This intelligent system improves responsiveness and stability by sending power to the wheel that needs it most. So wherever you’re going, you’ll have more confidence down every path you take.

3.5L V6 ENGINE
The epitome of power and smoothness. Highlander’s advanced 3.5-liter V6 engine produces 295 hp and 263 lb.-ft. of torque, and gets up to an EPA-estimated 24 mpg combined.64 And when adventures require more, take advantage of its impressive towing capacity of up to 5000 lbs.64
Platinum AWD shown in Moon Dust®
See numbered footnotes in Disclosures section.
Driven to do it all.

From a night out to a day trip beyond city limits, Highlander Hybrid is ready to take on every challenge. A responsive 4-cylinder gas engine with two electric motors gets you to more places with a best-in-class, manufacturer-estimated 35 combined mpg. Even everyday commutes have been designed with fuel efficiency in mind. The more you drive, the more Predictive Fuel-Efficient Drive learns your routine stopping patterns to charge and discharge the hybrid battery more effectively.

Front-Wheel Drive or All-Wheel Drive Hybrid Drivetrain
For the first time, Highlander Hybrid now gives you the choice between front-wheel-drive or all-wheel-drive performance. Front-Wheel Drive maximizes efficiency, while All-Wheel Drive uses a separate electric motor for the rear wheels, to give you extra traction when needed.

Best-In-Class
35
Estimated Combined MPG

Hybrid Drive Modes
Highlander Hybrid offers four selectable driving modes that let you choose how it performs. Normal for everyday driving, ECO for maximum efficiency, Sport for improved acceleration, and an EV Mode, which allows electric-only driving at low speeds for short distances.
HYBRID PERFORMANCE

Do not overload your vehicle. See Owner’s Manual for weight limits and restrictions. Always properly secure cargo and cargo area. See numbered footnotes in Disclosures section.

Platinum Hybrid AWD shown in Ruby Flare Pearl™

Do not overload your vehicle. See Owner’s Manual for weight limits and restrictions. Always properly secure cargo and cargo area. See numbered footnotes in Disclosures section.
Focused on you.

Bring along more fun on every adventure. With the help of Highlander’s available best-in-class 12.3-in. touch-screen display, you’ll always be in control of what’s next. It’s as simple as connecting your iPhone with standard Apple CarPlay for a more personalized experience. Or pair your Android smartphone to take advantage of standard Android Auto. It’s convenience that comes naturally and raises the bar on every drive.

**SIRIUSXM® ALL ACCESS 3-MONTH TRIAL**

SiriusXM® is playing what you want to hear. You get to try the widest variety of entertainment anywhere when you purchase a vehicle equipped with SiriusXM®. Just hit the button and start listening — it’s an experience like no other! Choose from over 200 channels in your vehicle, including ad-free music, plus sports, news, talk, comedy and more.

**JBL® AUDIO SYSTEM**

Experience the clear sound of Highlander’s available JBL® w/Clari-Fi® audio system. With its 1200 watts, 11 speakers, surround sound, and high-quality hardware, software and structural engineering, phenomenal sound is delivered to amp up every drive.

**WI-FI CONNECTIVITY AND FIVE USB PORTS**

When you enable available in-car Wi-Fi Connect, you can turn your Highlander into a hotspot with 4G connectivity. This feature allows up to five devices to stay connected to your favorite apps. And to help everyone find a charge are five USB ports and up to two 12V outlets.

Headphones are for passenger use only.

See numbered footnotes in Disclosures section.
Platinum interior shown in Harvest Beige leather trim. Apple CarPlay® shown.
See numbered footnotes in Disclosures section.
Smarter moves made effortless.

Enjoy Highlander’s intelligent conveniences that help make every day as easy as possible. It’s all about the little things, like unlocking your door when you’re nearby, to giving you access to smart devices at home. And when you’re exploring new territory, have no fear. Available Dynamic Navigation provides you with the most up-to-date map data, routes and points of interest. Just set your destination and get ready to take in what the drive has to offer.

**AMAZON ALEXA COMPATIBILITY**
Almost anywhere the road takes you, standard Amazon Alexa follows. With a smartphone connection and the Toyota+Alexa app, all you have to do is ask Alexa to play music, hear the news, check weather, control smart-home devices and more.

**DIGITAL REARVIEW MIRROR**
Get a clear view with the flip of a switch on Highlander’s available digital rearview mirror. This innovative feature uses a camera, mounted up high inside the rear window, for a wider field of vision — letting you see more of what’s behind you.

**SMART KEY SYSTEM**
No need to reach for your keys with Highlander’s standard Smart Key System. When Highlander senses you are near the vehicle, you can unlock the doors by grabbing the handles on the front doors or liftgate.
Limited interior shown in Graphite leather trim.

Highlander is full of safety features that add up to a more confident drive. Get in and out of the tightest spots with ease, thanks to Highlander’s available Front and Rear Parking Assist with Automated Braking. This system is designed to warn you when it detects nearby obstacles, and, if necessary, will reduce engine power and apply the brakes. When vehicles are detected, the system uses alerts and brake control to help minimize damage or even help you avoid a possible collision. And to help you make sure the coast is clear, an available Bird’s Eye View Camera with Perimeter Scan provides a 360-degree view around Highlander.

BLIND SPOT MONITOR® WITH REAR CROSS-TRAFFIC ALERT®

The available Blind Spot Monitor is designed to warn you when a vehicle in the next lane enters Highlander’s blind spot on either side of the vehicle. Available Rear Cross-Traffic Alert works when Highlander is in Reverse to help detect vehicles approaching from either side. If the system senses cross traffic, it warns you with side mirror indicators and a warning tone.

EIGHT AIRBAGS®

An Advanced Airbag System helps protect you and your family with driver and front passenger dual stage airbags, driver and front passenger seat-mounted side airbags, a driver knee airbag, a front passenger seat-cushion airbag and Roll-sensing Side Curtain Airbags for all rows.

LATCH

To help keep children safe and secure, Highlander has LATCH, which stands for “Lower Anchors and Tethers for Children.” With lower anchors on the outboard rear seats and a tether anchor on the rear center seat, LATCH allows you to securely mount a child seat quickly and easily.

See numbered footnotes in Disclosures section.

TOYOTA SAFETY SENSE™ 2.0 (TSS 2.0)40 is a bundle of active safety features standard on every 2020 Highlander and 2020 Highlander Hybrid. These innovative features are designed to help protect you and your passengers from harm.

**Designed for safety.**

**Pre-Collision System with Low-Light Pedestrian Detection**

Pre-Collision System with Pedestrian Detection (PCS w/PD) is designed to help keep the road safe by detecting a vehicle, pedestrian or bicyclist in certain situations. The latest system has enhanced low-light capabilities for pedestrian detection. By combining millimeter-wave radar with a camera capable of shape recognition, the system provides an audio/visual alert, warning you of a possible collision under certain circumstances. If you don’t react, the system is designed for automatic braking support to help mitigate the potential for a collision.

**Lane Departure Alert with Steering Assist**

Using Road Edge Detection or by detecting visible lane markings, Lane Departure Alert with Steering Assist (LDA w/SA) is designed to issue both an audible alert and visual warning on the MID screen if an inadvertent lane departure is detected at speeds above 32 mph. If the system determines that the driver is not taking corrective steering action, the Steering Assist function is designed to initiate and provide gentle corrective steering to help keep the vehicle in the lane.

**Lane Tracing Assist**

When the available Full-Speed Range Dynamic Radar Cruise Control (DRCC)11 is enabled and lane markers are detectable, Lane Tracing Assist (LTA) uses the lines on the road and/or preceding vehicles to help keep the vehicle centered while also displaying the vehicle’s position on the MID screen. The system is designed to help reduce driver strain and increase convenience, and may benefit drivers most during traffic jams — but can be turned off using the MID.

See numbered footnotes in Disclosures section.
TOYOTA SAFETY SENSE™ 2.0 (TSS 2.0)

FULL-SPEED RANGE DYNAMIC RADAR CRUISE CONTROL

Intended for highway use and similar to “constant speed” cruise control, available Full-Speed Range Dynamic Radar Cruise Control (DRCC) (unavailable on manual transmissions) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which is designed to adjust your speed, to help you maintain a preset distance from the vehicle ahead of you that is driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance. If a driver is traveling slower than you, or within your preset range, DRCC is designed to automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes may be applied. When there’s no longer a vehicle driving slower than your preset speed in front of you, DRCC will then accelerate to the preset speed and regular cruise control will resume.

AUTOMATIC HIGH BEAMS

The Automatic High Beams (AHB) feature is a safety system designed to help you see more clearly at night — without distracting other drivers. Designed to activate at speeds above 25 mph, AHB relies on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggles between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow for earlier detection of pedestrians and obstacles.

ROAD SIGN ASSIST

Road Sign Assist (RSA) is designed to help keep the road safe. Using a forward-facing intelligent camera, Road Sign Assist is designed to detect speed limit signs, stop signs, yield signs and Do Not Enter signs, and display them on the MID.

See numbered footnotes in Disclosures section.
Open up the possibilities.

Highlander’s interior is as versatile as your life demands. Available leather-trimmed seating and its unique perforation pattern add sophistication to the interior. When you’re filling it up with your crew, available second-row captain’s chairs give them first-class treatment, while bench seating maximizes seating for up to eight. And for when you need to put a premium on cargo space, all rear seats fold flat to open up to 84.3 cu. ft. of space. So whoever, wherever, whenever: Highlander is ready to take on whatever you’ve got.

THIRD-ROW SEATING
Highlander’s roomy interior gives you enough space to seat up to eight and provides impressive leg room, even for those in back.

CENTER CONSOLE WITH Qi WIRELESS CHARGING
No wires? No worries. Highlander features available Qi-compatible wireless smartphone charging. Simply place your device on the charging pad in the center console to easily charge it up.

HEATED AND VENTILATED SEATS
Make every seat more comfortable. Available heated and ventilated front seats cool down or warm up on demand, while available heated second-row seats can help keep passengers warm.
Platinum Hybrid interior shown in Glazed Caramel leather trim. See numbered footnotes in Disclosures section.

# Highlander Models (continued)

## Limited

Add to or replaces features offered on XLE

**Powertrain**
- Available Dynamic Torque Vectoring All-Wheel Drive (AWD) and Multi-Terrain Select with dial

**Exterior Features**
- Color-keyed heated power outside mirrors with puddle lights with integrated Highlander logo, turn signal, blind spot warning indicators and memory feature
- LED projector headlights with LED strip Daytime Running Lights (DRL)
- High-output LED fog lights
- 20-in. chrome wheels with temporary spare
- Hands-free power liftgate with jam protection

**Interior Features**
- Leather-trimmed front- and second-row seats with heated and ventilated front seats
- Seat memory function
- Heated steering wheel
- Integrated backup camera with dynamic gridlines
- Premium Audio with Dynamic Navigation JBL® w/Clari-Fi® and Android Auto™ & Apple CarPlay® & Amazon Alexa® compatibility
- One 120V outlet (100W) located on the bottom rear of the center console
- Ambient interior lighting
- Faux wood door trim and ornamental dash trim
- Front doorsill metal scuff plate

**Safety Features**
- Toyota Safety Sense™ 2.0 (TSS 2.0)™
- Safety Connect®
- Eight airbags

**Options**
- 12.3-in. touch-screen, Bird’s Eye View Camera® with Perimeter Scan, Curb View
- Seating for eight; second-row bench seat with 60/40 split fold seats

## Platinum

Add to or replaces features offered on Limited

**Exterior Features**
- LED projector headlights with Adaptive Front-Lighting System (AFS)™, auto level and LED strip Daytime Running Lights (DRL)
- Rain-sensing washer-linked variable intermittent windshield wipers
- 20-in. alloy wheels with temporary spare
- Rear lower bumper accent
- Power panoramic view moonroof with sunshade and one-touch open/close with jam protection
- Rear bumper scuff plate

**Interior Features**
- Digital rearview mirror with HomeLink® universal transceiver
- 7-passenger seating with heated second-row captain’s chairs
- 10-in. color Head-Up Display (HUD)
- Bird’s Eye View Camera® with dynamic gridlines
- Premium Audio with Dynamic Navigation JBL® w/Clari-Fi® and Android Auto™ & Apple CarPlay® & Amazon Alexa® compatibility
- Illuminated front doorsill metal scuff plate

**Safety Features**
- Toyota Safety Sense™ 2.0 (TSS 2.0)™
- Safety Connect®
- Eight airbags

## Hybrid LE

**Powertrain**
- 2.5-Liter L4HV engine
- Electronically controlled Continuously Variable Transmission (ECVT)
- Available electronic AWD with Trail Mode

**Exterior Features**
- Color-keyed heated power outside mirrors with turn signal and blind spot warning indicators and manual folding feature
- LED fog lights
- 18-in. alloy wheels with temporary spare
- Height-adjustable power liftgate with jam protection
- Grille shutters

**Interior Features**
- Leather-trimmed shift knob and steering wheel
- Audio Plus with six speakers, 8-in. touch-screen, and Android Auto™ & Apple CarPlay® & Amazon Alexa® compatibility
- Blind Spot Monitor (BSM)® with Rear Cross-Traffic Alert (RCTA)™

### MECHANICAL/PERFORMANCE

**ENGINE**
- Gasoline engine — 3.5-Liter V6 Dual Overhead Cam (DOHC) 24-Valve D-4S Injection Atkinson Cycle-capable Engine with Dual Variable Valve Timing with Intelligence (VVT-i) and Stop and Start Engine System (S&S); 295 hp @ 6600 rpm, 263 lb.-ft. @ 4700 rpm
- Hybrid powertrain — 2.5-Liter L4HV Double Overhead Cam (DOHC) 24-Valve D-4S Injection Atkinson Cycle Engine with Dual Variable Valve Timing with intelligence (VVT-i); intake controlled by electric motor; combined 243 net hp, includes combustion engine with 186 hp @ 6000 rpm; 175 lb.-ft. @ 4400 rpm

DISCLOSURES (continued)

practices, please visit https://www.toyota.com/privacycts/. 33. The Remote Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required to access the service. Terms and conditions apply. 34. Dynamic Navigation depends on an operative telematics device, a cellular connection, navigation map data and GPS signal strength, and other factors outside of Toyota’s control, which can limit system function. Detection (PCS) and can help to reduce sense when it is engaged. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 35. Pre-Collision System (PCS) is designed to help mitigate injury in certain rear-end collisions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 36. Lane Tracing Assist (LTA) is designed to be used by the driver to help maintain lane position and speed on the driver’s side of the lane. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 37. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to help mitigate injury in certain rear-end collisions involving a pedestrian. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 38. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details. 39. JBL® and Clari-Fi® are registered trademarks of Harman International Industries, Inc. 40. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 41. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 42. Lane Tracing Assist (LTA) is designed to be used by the driver to help maintain lane position and speed on the driver’s side of the lane. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 43. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner’s Manual for additional limitations and details. 44. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner’s Manual for additional limitations and details. 45. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner’s Manual for additional limitations and details. 46. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details. 47. The universal tablet holder is intended for passengers only. Drivers should always be sure to obey traffic regulations and maintain awareness of the road and traffic conditions at all times. Use of aftermarket accessories may pose an increased risk of injury to occupants in the event of an accident. Tablet sold separately. 48. Airbags are Supplemental Restraint Systems and are designed to inflate only in certain circumstances and collisions. See Owner’s Manual for additional limitations and details. 49. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect how VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 50. Reliable high-speed Internet service is required to access the service. Terms and conditions apply. 51. Whiplash-Injury-Lessening front seats can help reduce the severity of whiplash injury in certain rear-end collisions. 52. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. See Owner’s Manual for additional limitations and details. 53. Hill Start Assist Control is designed to help prevent rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect how VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 54. Downhill Assist Control is designed to help prevent rolling on steep descents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect how VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 55. The engine immobilizer is a state-of-the-art anti-theft system that is activated when you insert your key into the vehicle key slot. The engine will only start if the chip in the transponder chip in the key/foob matches the code in the vehicle’s Immobilizer. If the transponder chip is embedded in the key/foob and can be costly to replace. If you lose a key or foob, your Toyota dealer can help or go to www.alaoha.com to find a qualified locksmith in your area who can perform high-security key service. 56. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and in your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner’s Manual for additional limitations and details. 57. When the system is on, the vehicle’s braking system is engaged to allow the Parking Brake to hold the vehicle in place. This may not hold the vehicle under all conditions. See Owner’s Manual for additional limitations and details. 58. Before towing, confirm Start and Stop Engine System is disengaged (V6 gas models only). 59. At speeds of 9 mph or less, Front and Rear Parking Assist with Automated Braking (PA w/AB) is designed to assist drivers in avoiding potential collisions with nearby static objects when the vehicle is in Drive or Reverse and approaching crossing vehicles when the vehicle is in Reverse. Do not rely exclusively on PA w/AB. Always look around outside the vehicle and use mirrors to confirm clearance. Certain vehicle and environmental factors, including an object’s vehicle’s shape, size and composition, may affect the system’s effectiveness. See Owner’s Manual for additional limitations and details. 60. Predictive Fuel-Efficient Drive systems require a destination entry in the navigation system for use. See Owner’s Manual for details. 61. Meets Tier-2 Bin 3 Federal emissions standard. 62. Hybrid vehicle battery expected life is 150,000 miles based on laboratory bench testing. 63. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 64. Before towing, confirm your vehicle is compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner’s Manual. 65. The universal tablet holder is intended for passengers only. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and in your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner’s Manual for additional limitations and details. 66. Trailer-Sway Control (TSC) is an electronic system designed to help prevent rolling on steep descents. It is not a substitute for safe driving practices. Factors including speed, grade, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 67. 2020 preliminary mpg estimates determined by Toyota. Actual mileage will vary. 68. Extra-cost color. 69. 2020 Highlander vs. 2020 competitors. Based on manufacturers’ data as of 9/19/19. 70. Always drive safely and obey traffic laws. 71. 2020 Highlander Hybrid AWD preliminary 35 city/35 hwy/35 combined mpg estimates determined by Toyota. Actual mileage will vary. 2020 Highlander Hybrid vs. 2020 competitors based on manufacturers’ data as of 9/19/19. 72. CAUTION! Pedestrians, bicyclists, and other vehicles may not hear your vehicle approach when driving in EV Mode. Quick acceleration and braking, temperature, hybrid battery charge and other road and vehicle conditions may prevent or limit usage or effectiveness of EV Mode. Driving speed and distance is limited. See Owner’s Manual for details. 73. iPhone® is a registered trademark of Apple Inc. All rights reserved. 74. Android is a trademark of Google LLC. 75. This floor mat/floor liner was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat/liner must be secured with its fasteners. Do not install a floor mat/floor liner on top of an existing floor mat/floor liner. 76. Genuine Toyota Paint Protection Film by 3M™ is designated for specific sections of the vehicle most prone to chipping and may vary depending on vehicle model. Select applications may require an additional charge. Toyota Genuine Accessory Warranty only applies when installation is performed by a trained Toyota-approved installer. See Toyota dealer for details.
Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic**: 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Hybrid-Related Component Coverage**: Hybrid-related components, including the battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. Refer to applicable Warranty and Maintenance Guide for details.

**Hybrid Battery**: HV battery is covered for 10 years or 150,000 miles, whichever comes first. Warranty coverage is subject to terms and conditions. Refer to applicable Warranty and Maintenance Guide for details.

**Powertrain**: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through**: 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions**: Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

**Accessories**: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty. For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.
