2020 Sequoia

TOYOTA
Your full-size adventures begin here.

As your family grows, so do your adventures. There are countless new places to explore, experiences to share and memories to create. That’s where the 2020 Toyota Sequoia comes into play. With a spacious interior that can seat up to eight passengers and a powerful 5.7L V8 — everyone and everything can come along for the ride. And when it’s time to take the fun beyond the campsite, Sequoia’s proven off-road capabilities and intelligent safety features will help get you there and back. So pack it in, hitch it up and get ready to make your next family outing one to remember.
Platinum shown in Blizzard Pearl; Interior shown in Red Rock Leather trim.
Room for everyone and everything.

Inside Sequoia, everyone gets to ride first class. Available heated and ventilated front seats, and available leather-trimmed seating for all, help keep everyone riding in comfort and style. Even third-row passengers will feel special with the ease of getting into their seats. An available JBL® Premium Audio system with Dynamic Navigation is the ultimate copilot, giving you turn-by-turn directions and a ton of music choices. Hear your music like never before and let your rear-seat passengers catch up on their favorite movies with the available rear-seat Blu-ray Disc™ player.

REAR-SEAT BLU-RAY DISC™ PLAYER
Sequoia will have your rear passengers hoping they’re not there yet. That’s because they can watch the latest movies or play video games on the available rear-seat Blu-ray Disc™ player with 9-in. display. Plus, all their movies and games will stow neatly away in Sequoia’s many storage compartments.

HEATED AND VENTILATED FRONT SEATS AND TRI-ZONE CLIMATE CONTROLS
Standard heated and ventilated front seats found inside Sequoia Platinum give driver and front passenger more comfort and the option to warm up or cool down with a touch of a button. Both front and rear passengers can dial in the comfort even more thanks to three-zone automatic climate control. Select the temperature you want and get ready to enjoy the ride.

STANDARD MOONROOF
Let more of the outside in with Sequoia’s one-touch tilt/slide power moonroof with sliding sunshade. Pull the sunshade back to brighten up the interior, tilt it up for some fresh air, or open it up to admire the view above. It’s the little things that make the adventure more fun.

See numbered footnotes in Disclosures section.
Let everyone in on the action.
The 2020 Sequoia TRD Pro.

The all-new 2020 Sequoia TRD Pro adds more off-road capabilities than ever before while still delivering a comfortable drive for every day. Whether it’s taking on the harshest deserts, exploring the deepest jungles or simply running your favorite local trail, Sequoia TRD Pro is ready to perform when roads are far and few between. Engineered by the team at Toyota Racing Development, Sequoia TRD Pro is equipped to push the limits. Standard features include lightweight 18-in. forged aluminum BBS® wheels, TRD-tuned FOX® shocks with piggyback reservoirs, a 1/4-inch-thick aluminum skid plate and a heritage-inspired front grille. It’s one tough rig that will take you to places you never thought possible.

TRD Pro shown in Super White. Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Wear seatbelts at all times and do not allow passengers in cargo area.

See numbered footnotes in Disclosures section.
SEQUOIA TRD PRO

TRD PRO WHEELS
Black forged aluminum 18-in. BBS® wheels with matching black lugs wrapped in all-terrain rubber give Sequoia TRD Pro more than a tougher look; their reduced unsprung mass improves overall performance and ride quality.

TRD EXHAUST
Sequoia TRD Pro is available with a TRD black cat-back exhaust. And more than just an aggressive exhaust note and stealthy look, TRD engineers have designed it with a frequency-tuned sound cancellation device to improve the sound quality inside.

TRD SKID PLATE
To help protect what’s underneath from all your treks off pavement, Sequoia TRD Pro is outfitted with a 1/4-in.-thick aluminum skid plate. Stamped with a red TRD logo, it’s ready to go to work while adding rugged style wherever you go.

RIGID INDUSTRIES® LED FOG LIGHTS
Rigid Industries® LED fog lights project long-range high-intensity light while drawing very little power. Their compact design is made to fit perfectly inside the front bumper and designed to help reveal more of whatever comes your way.

TRD-TUNED FOX® SUSPENSION
Made specifically for off-roading, Sequoia TRD Pro’s FOX® shocks give you the ability to handle almost any terrain. The front 2.5-in. internal bypass shocks include seven compression zones and two rebound zones while the rear uses a 2-in. shock setup. With an additional 18 mm of rebound travel, get ready to go beyond the horizon.
Tuned to turn heads.

At Toyota Racing Development (TRD), our minds are always racing. We’ve been helping enthusiasts extract more performance from their Toyotas since 1979, and we have no intention of slowing down. We’ve taken the lessons learned from the racetrack and applied them to our sportiest full-size SUV: the 2020 Sequoia TRD Sport. TRD-tuned springs, Bilstein® shocks and tuned sway bars deliver on-road performance. And with its LED headlights, gloss-black grille with chrome surround and 20-in. TRD Sport black alloy wheels, this truck looks more than the part. It’s all the cool stuff you want — and more — so you can haul more than just family.
SEQUOIA TRD SPORT

TRD Sport shown in Magnetic Gray Metallic.
See numbered footnotes in Disclosures section.

TRD-TUNED SPORT SUSPENSION
Sequoia TRD Sport’s unique suspension includes TRD front and rear sway bars and Bilstein® shocks. Tuned by the engineers at Toyota Racing Development, these components work together to give this SUV flatter cornering and a smoother ride.

BLACK TRD SPORT BADGING
Matching Sequoia TRD Sport’s sleek black exterior accents is black TRD Sport badging. Not only does it signal that this is no ordinary SUV, it completes the look as it turns heads on the streets.
When your family adventures require more.

The best family moments aren’t created on a handheld device, they’re out there waiting for you in the outdoors. So when it’s time to get back to nature, Sequoia’s got the strength you need to get the family — and their stuff — well beyond city limits. With its fully boxed frame, 381-hp 5.7L V8 and TOW/HAUL transmission mode, this SUV can tow up to 7400 lb.™ An automatic 6-speed ECT-i transmission features uphill and downhill shift logic, making it easier to take on those steeper grades too. The only thing you need now for your next family adventure is a little imagination.
AUTOMATIC LIMITED-SLIP DIFFERENTIAL (AUTO LSD)²⁶

Sequoia’s advanced Automatic Limited-Slip Differential (Auto LSD) uses the brakes to help reduce individual wheelspin, giving you enhanced traction performance on unpredictable road surfaces like sand or mud.

ADAPTIVE VARIABLE SUSPENSION

Maintaining ride height is important when the vehicle is carrying many passengers or a lot of cargo weight. That’s why Platinum features rear pneumatic cylinder height-controlled suspension — allowing you to adjust ride height to compensate for changes in load. And Platinum’s electronically controlled Adaptive Variable Suspension (AVS) system offers driver-selectable settings that adapt to your needs.

MULTI-MODE 4WD

This available system can turn mountains into molehills. Just turn the shift dial to engage the 4WD mode and let the Torsen® limited-slip center differential go to work. The differential locks up to help get maximum traction on slippery or uneven surfaces.

POWERFUL V8 ENGINE

Sequoia comes standard with an all-aluminum 5.7L V8 that puts out 381 hp and 401 lb.-ft. of torque. Plus, this powerplant has received an Ultra Low Emission Vehicle III (ULEV-70) rating, because with power comes eco-sensitivity.

Platinum shown in Blizzard Pearl.⁵⁴

See numbered footnotes in Disclosures section.
Sequoia's independent double-wishbone front and rear suspension gives you the best of both worlds: responsive handling on pavement and a smoother ride off road. This sophisticated suspension utilizes low-pressure gas-filled shock absorbers and hollow stabilizer bars.
Platinum interior shown in Red Rock. Prototype shown with options. Apple CarPlay® screen shown.
“Roughing it” made easy.

Everyone knows it’s about the journey and not just the destination. That’s why Sequoia is filled with convenient features to make it easy for you to take it all in. From the personalized comfort of an available 10-way power-adjustable driver’s seat to a customizable 4.2-in. Multi-Information Display (MID) that puts Sequoia’s vitals front and center, it’s easy to enjoy the ride. And allowing you to interact with all of Sequoia’s functions is a 7-in. touch-screen display. You can personalize the drive even further by connecting your compatible iPhone to access your favorite apps through Apple CarPlay or using Android Auto™ to help keep you connected to your world.

SMART KEY SYSTEM™ WITH PUSH BUTTON START

No need to reach into your pocket or purse with Sequoia’s Smart Key System. When Sequoia senses you are near, you can unlock the doors by grabbing the handles on the front doors or liftgate. Once inside, push the brake pedal, press the Push Button Start and you’re ready to go.

APPLE CARPLAY® COMPATIBILITY

Bring along a familiar face. Now with Apple CarPlay® compatibility, you can use your compatible iPhone® with Sequoia’s audio multimedia system to get directions, make calls, send and receive messages, and listen to music, while staying focused on your commute. Screen depiction accurate as of summer 2019.

PREMIUM JBL® AUDIO SYSTEM WITH DYNAMIC NAVIGATION

The available JBL® w/Clari-Fi® sound system with 14 custom-engineered speakers including subwoofer and amplifier, plus a media USB port, two 2.1A USB ports, and hands-free phone capability with Bluetooth® wireless streaming, make you feel like you are in the front row for every performance.

ANDROID AUTO™

Android Auto™ puts many of your favorite Android™ apps right on Sequoia’s 7.0-in. touch-screen. You can take calls, pull up your favorite playlist and a whole lot more — all while your Android phone is safely stashed away.

See numbered footnotes in Disclosures section.
Technology that keeps up with you.

Out of sight, but never out of mind. Stay in touch with the world while inside Sequoia and even when you’re away, you can stay connected with available Connected Services. Remotely monitor guest drivers, control interior temps, locate your Sequoia in a crowded lot and more. Discover a convenience and sense of security with a connection designed to help make driving safe.

REMOTE CONNECT

Toyota’s Remote Connect feature allows you to access select vehicle capabilities from your smart device. Locking and unlocking doors, starting and stopping engine, finding and monitoring vehicle status are all possible through the Toyota app. One-year trial included.

SERVICE CONNECT

Stay up-to-date with your Sequoia’s information. Vehicle health reports provide data such as mileage, fuel level and service history. Enable maintenance alerts and receive maintenance reminders that can also be sent to your preferred dealer for extra convenience. Ten-year trial included.

WI-FI CONNECT

When you enable Wi-Fi Connect services you can turn your Sequoia into a hotspot with 4G connectivity. This feature allows up to five devices to stay connected to favorite apps for work or play while conserving battery power and data for every device. Three-month trial included.

AVAILABLE DESTINATION ASSIST

Take the stress out of being in unfamiliar territory. Destination Assist connects you with a live agent to help you locate places to go and things to do. One-year trial included.

See numbered footnotes in Disclosures section.
Limited shown in Shoreline Blue Pearl.

Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. See numbered footnotes in Disclosures section.

SAFETY CONNECT®

When the unexpected occurs, Safety Connect® is ready to help. Drivers can be connected to our 24/7 response center at the touch of a button. In case of an accident or emergency, an agent can notify local emergency services to request dispatch to the vehicle’s location. You also get 24/7 Roadside Assistance® and Stolen Vehicle locator,12 to give you peace of mind that help is on the way so you can be on yours. One-year trial included.19
Space that’s ready for whatever you’ve got.

Because there’s no such thing as a one-size-fits-all adventure, Sequoia makes it easy to carry gear, family or both. The sliding second-row and third-row seats fold flat, making it easy to load and unload the equipment your weekend road trip requires. And the split-fold seat design lets you choose how to store those bigger items: upright or flat. Of course, with its spacious interior, available reclining third-row seat and available second-row console, Sequoia is as accommodating to passengers as it is to cargo. So what are you waiting for?

POWER RECLINING AND FOLD-FLAT THIRD-ROW SEAT
When it comes to comfort, the available power reclining and fold-flat third-row seat will make settling in for the long haul as easy as pushing a button.

FRONT-SEAT CONSOLE
The front-seat console on Platinum offers climate control and cup holders for those in the second row. There are also RCA jacks for the rear-seat Blu-ray Disc player, three 12V auxiliary power outlets and a handy 120V AC power outlet.

AUTOMATIC POWER LIFTGATE
Sequoia’s available power liftgate helps you get ready to go. Just press a button inside the cargo area, or on the dash or use the key fob, and it will open or close automatically.

See numbered footnotes in Disclosures section.
SECOND-ROW CAPTAIN’S CHAIRS
Sequoia offers premium second-row captain’s chairs for comfort that’s in a class of its own. Platinum takes it up a notch by giving your passengers the first-class treatment with the addition of heated seats and multi-function center console.

REAR CARGO 12V POWER OUTLET
Power your gear. All you have to do is access the rear cargo area and plug into Sequoia’s standard 12V outlet for that extra touch of convenience wherever you go.

PLENTY OF ROOM
Sequoia’s big cabin offers much more than just space. There’s comfortable seating for up to eight with the standard third row, and a variety of seating configurations, to handle any combination of passengers and payload. Or fold all the seats flat and reveal 120 cubic feet of cargo capacity — perfect for that drum kit, those home improvement materials or that eight-person tent.
Platinum shown in Blizzard Pearl. Never tow beyond a vehicle's published towing capacities. See Owner’s Manual for additional limitations and details. See numbered footnotes in Disclosures section.
POWERFUL FLEXIBILITY

You planned your trip. We planned your return.

With Sequoia, one thing you’ll never leave behind is peace of mind. Sequoia is equipped with an array of active safety features designed to help you avoid trouble and passive safety features designed to help protect you if trouble proves unavoidable — such as Dynamic Radar Cruise Control (DRCC), which automatically adjusts vehicle speed to help maintain a preset distance between you and the vehicle in front of you. We go to these lengths because, as with any excursion, there’s no substitute for preparation.

BACKUP CAMERA

Get a better view. When you shift into Reverse, Sequoia’s standard integrated backup camera automatically enables the touch-screen display to help you see what’s behind you.

STANDARD BLIND SPOT MONITOR WITH REAR CROSS-TRAFFIC ALERT

Sequoia’s standard Blind Spot Monitor (BSM) with Rear Cross-Traffic Alert (RCTA) are designed to help you identify vehicles that might be in a blind spot. When you use your turn signal and BSM detects a vehicle, it warns you with a flashing indicator light on the appropriate outside mirror. The Rear Cross-Traffic Alert provides audible and visual indicators are designed to help warn you of approaching vehicles when you’re slowly backing out of a driveway or parking spot.

ADVANCED AIRBAG SYSTEM

Not all collisions call for maximum airbag deployment. In certain types of frontal collisions, the standard driver and front passenger Advanced Airbag System is designed to sense impact severity and adjust airbag deployment accordingly.

STAR SAFETY SYSTEM™

Sequoia comes standard with the Star Safety System™, a suite of six advanced safety features designed to help keep drivers out of harm’s way. The system includes Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA) and Smart Stop Technology® (SST).
Designed for safety.

Toyota Safety Sense™ P (TSS-P) is a bundle of active safety features that comes standard on every new Toyota Sequoia. These innovative features were designed to help protect you and your passengers from harm.
Intended for highway use and similar to "constant speed" cruise control, Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. If a driver is traveling slower than you, or within your preset range, DRCC will automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes are applied.

Under certain circumstances, Lane Departure Alert (LDA) is designed to help detect lane departure on roads with visible lane markings. LDA only activates when you’re traveling at a speed of 32 mph or faster. When you hear and see the alert, after carefully checking the road around you, safely direct your vehicle back to the center of your lane.

The Automatic High Beams (AHB) feature is a safety system designed to help you see more clearly at night — without distracting other drivers. Designed to activate at speeds above 25 mph, AHB relies on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggles between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow for earlier detection of pedestrians and obstacles.

Pre-Collision System with Pedestrian Detection (PCS w/PD) is designed to help keep the road safe by detecting a vehicle or a pedestrian in certain situations. By combining millimeter-wave radar with a camera capable of detecting certain shape recognition, the system provides an audio/visual alert, warning you of a possible collision under certain circumstances. If you don’t react, the system is designed for automatic braking support to help mitigate the potential for a collision.

See numbered footnotes in Disclosures section.
**SR5**

**Exterior**
- LED high- and low-beam headlights with auto-off feature
- Integrated LED fog lights
- Color-keyed heated power outside mirrors
- 18-inch alloy wheels
- Power tilt/slide moonroof with sliding sunshade

**Interior**
- Automatic three-zone front and rear climate control with air filter
- Optitron instrumentation with speedometer and tachometer, LCD display with odometer and trip meters
- Easy-clean fabric-trimmed front seats; 8-way power-adjustable driver’s seat, 4-way adjustable front passenger seat
- Easy-clean fabric-trimmed 40/20/40 split, sliding, reclining, fold-flat second-row seat with one-touch access to third-row seat
- Multi-function center console with two front and two rear cup holders, four 12V auxiliary power outlets, sliding covered armrest and storage compartment

**Safety/Convenience**
- Toyota Safety Sense™ P (TSS-P)™ — includes Pre-Collision System with Pedestrian Detection (PCS w/PD), Lane Departure Alert (LDA), Automatic High Beams (AHB) and Dynamic Radar Cruise Control (DRCC)
- Blind Spot Monitor (BSM) with Rear Cross-Traffic Alert (RCTA)
- Star Safety System™

**Options**
- Premium Package — includes 8-passenger leather-trimmed seats, heated 10-way power-adjustable driver’s seat and 6-way power-adjustable front passenger seat, power reclining and fold-flat third-row seating, Premium Audio with Dynamic Navigation, Dynamic Navigation with up to 3-year trial, auto-dimming rearview mirror with compass and HomeLink® universal transceiver

---

**TRD Sport**

**Exterior**
- Satin-black TRD Sport front door logos
- Gloss-black heated power outside mirrors
- 20-in. TRD Sport black alloy wheels
- TRD Sport performance-tuned Bilstein shocks
- TRD Sport performance-tuned sway bars

**Interior**
- 7-passenger seating with easy-clean fabric-trimmed front seats and second-row captain’s chairs, 8-way power-adjustable driver’s seat, 4-way adjustable front passenger seat

**Options**
- TRD Sport Premium Package — includes 7-passenger black leather-trimmed seats with contrast stitching, heated 10-way power-adjustable driver’s seat and 6-way power-adjustable front passenger seat

---

**Limited**

**Exterior**
- Chrome auto-dimming heated power outside mirrors with power folding feature and turn signal indicators
- Power liftgate with jam protection
- 20-in. alloy wheels

**Interior**
- Premium Audio with Dynamic Navigation, JBL® w/Clari-Fi® and 7.0-in. touch-screen display
- Rear-seat Blu-ray Disc™ player with 9-in. display, two wireless headphones, wireless remote and rear audio system with 120V AC power outlet and RCA jacks
- Perforated leather-trimmed heated and ventilated front seats, 10-way power-adjustable driver’s seat with power thigh and lumbar support, 6-way power-adjustable front passenger seat
- 7-passenger seating with perforated leather-trimmed and heated second-row captain’s chairs and multi-function center console
- Perforated leather-trimmed 60/40 split, power reclining and fold-flat third-row seat with folding headrests

---

**Platinum**

**Exterior**
- Chrome auto-dimming heated power outside mirrors with power folding, reverse tilt-down and memory features, turn signal indicators and puddle lights
- 20-in. diamond-cut-finish alloy wheels

**Interior**
- Premium Audio with Dynamic Navigation, JBL® w/Clari-Fi® and 7.0-in. touch-screen display
- Rear-seat Blu-ray Disc™ player with 9-in. display, two wireless headphones, wireless remote and rear audio system with 120V AC power outlet and RCA jacks
- Perforated leather-trimmed heated and ventilated front seats, 10-way power-adjustable driver’s seat with power thigh and lumbar support, 6-way power-adjustable front passenger seat
- 7-passenger seating with leather trim and second-row captain’s chairs

---

COLOR/TRIM*

**Color**
- Midnight Black Metallic
- Shoreline Blue Pearl
- Army Green
- Sizzling Crimson Mica
- Magnetic Gray Metallic
- Celestial Silver Metallic
- Blizzard Pearl
- Super White

**Trim**
- Also available in:
  - SR5 easy-clean fabric in Graphite
  - Sand Beige
  - TRD Sport in Black
  - TRD Pro leather trim in Black
  - Limited leather trim in Graphite
  - Sand Beige
  - Platinum perforated leather trim in Graphite
  - Sand Beige
  - Red Rock

**Wheels**
- SR5 18-in. alloy wheel
- TRD Sport 20-in. black alloy wheel
- Limited 20-in. alloy wheel
- Platinum 20-in. diamond-cut-finish alloy wheel
- TRD Pro 18-in. black BBS® alloy wheel

*Not all colors and trims available on all model grades. See dealer for details. See numbered footnotes in Disclosures section.
Because no two families are alike. A wide range of Genuine Toyota Accessories are available to help you make your Sequoia your own. Considering how appealing Sequoia is to begin with, these quality products will be like icing on the cake. Some accessories may not be available in all regions of the country. See your Toyota dealer for details.
## MECHANICAL AND PERFORMANCE SR5 TRD SPORT LIMITED PLATINUM TRD PRO

### Engine
5.7-Liter i-FORCE V8 DOHC 32-Valve with Dual Independent Variable Valve Timing with intelligence (VVT-i); 381 hp @ 5600 rpm; 401 lb.-ft. @ 3600 rpm

### EMISSION RATING
California Air Resources Board (CARB) Emission Standard, Low Emission Vehicle (LEV) III, Ultra Low Emission Vehicle (ULEV) 70

Federal Environmental Protection Agency (EPA) Emission Standard; Bin 70

### TRANSMISSION
6-speed Electronically Controlled automatic Transmission with intelligence (ECT-i); sequential shift mode and uphill/downhill shift logic, TOW/HAUL Mode

### DRIVETRAIN
Rear-Wheel Drive (RWD)

Multi-Mode 4WD with Torsen® limited-slip center differential with locking feature (4x4 only)

### BODY CONSTRUCTION
Reinforced body-on-frame construction

### SUSPENSION
Front high-mounted coil-spring independent double-wishbone front suspension with low-pressure gas-filled shock absorbers and hollow stabilizer bar; rear coil-spring independent double-wishbone suspension with low-pressure gas-filled shock absorbers and hollow stabilizer bar

Front high-mounted coil-spring independent double-wishbone front suspension with TRD Sport performance-tuned Bilstein® shock absorbers, and TRD Sport performance-tuned sway bar; rear coil-spring independent double-wishbone suspension with TRD Sport performance-tuned Bilstein® shock absorbers, and TRD Sport performance-tuned sway bar

Front high-mounted coil-spring independent double-wishbone front suspension with low-pressure gas-filled electronically actuated shock absorbers and hollow stabilizer bar; rear pneumatic cylinder height-controlled independent double-wishbone suspension with low-pressure gas-filled electronically actuated shock absorbers and hollow stabilizer bar

Electronic Modulated Rear Air Suspension

Adaptive Variable Suspension (AVS) system (which controls the damping force of the shock absorbers for all four wheels in accordance with driving and road surface conditions)

TRD Pro front and rear coil-spring independent double wishbone suspension with TRD FOX® shocks with piggyback reservoirs

### STEERING
Engine speed-sensing Variable Flow Control (VFC) power-assisted rack-and-pinion

Turning circle diameter, curb to curb (ft.)

### BRAKES
Power-assisted 4-wheel Anti-lock Brake System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist (BA)®

### WHEELS
18-inch x 8-inch aluminum alloy

20-inch x 8-inch aluminum alloy

TRD 18-inch x 8-inch forged aluminum alloy

### EXTERIOR DIMENSIONS (in.)
Overall width/height/length

Wheelbase

Track (front/rear)

### INTERIOR DIMENSIONS (front/second-row/third-row seats) (in.)
Head room with moonroof

Shoulder room

Hip room

Leg room

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

Toyastrives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print).

For Toyota Mobility program details, go to www.toyota.com/mobility or call the Toyota Customer Assistance Center at 1-800-331-4331
