## Try Before You Buy Rental - The All-New Tundra

Sometimes a Test Drive isn't enough. Want to try the all-new 2022 Tundra before you buy it? Rent a Toyota offers you the perfect opportunity to experience how a new Toyota fits into your life. Rent it. Like it. Buy it!

This Tundra is our most powerful, most capable and most advanced body-on-frame truck ever—built with lightweight, high-strength materials for true rugged agility.

### **A force to be reckoned with**

Uncompromising power. Premium towing technology<sup>2</sup>. Advanced off-road technology for ultimate terrain-tackling capability. This Tundra pushes performance alongside Toyota's signature safety and cabin comforts for the next generation of trucks.

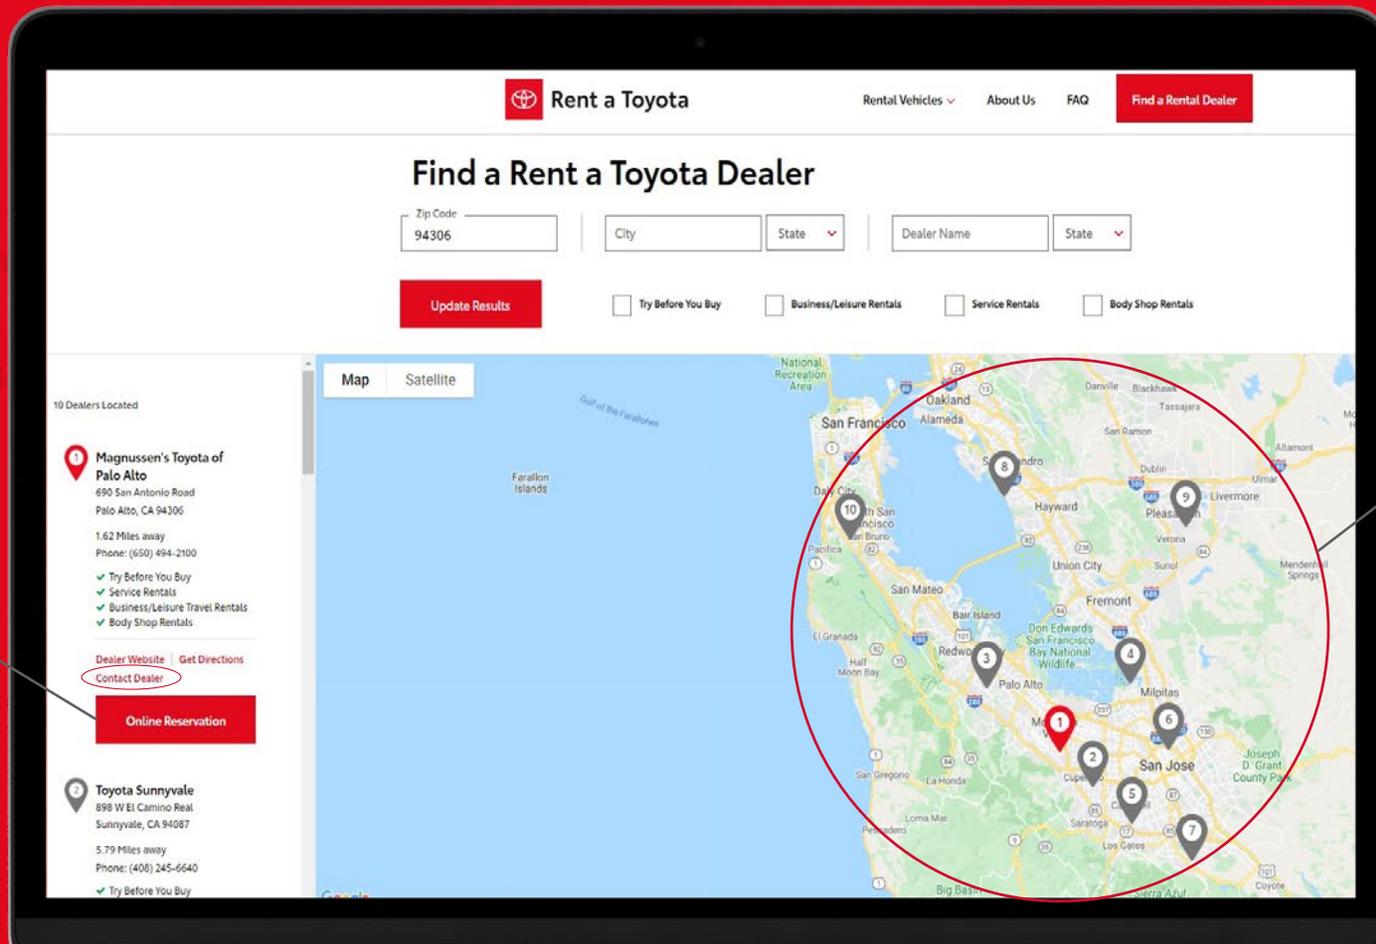

<sup>2</sup>Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. "Added vehicle equipment" includes additional standard/optional equipment and accessories added by the manufacturer, dealers, and/or vehicle owners. The only way to be certain of your vehicle's exact curb weight is to weigh your vehicle without passengers or cargo. Calculated with the new SAE J2807 method. See Owner's Manual for limitations.
