More than enough.

Get ready to take on the day — and look good while doing it. The 2023 Toyota Sienna comes loaded with all the tech you crave, the space you need, and the efficiency to take you farther. Standard Apple CarPlay®¹ and Android Auto™² compatibility let you take your favorite apps along for the ride. Sienna’s class-leading EPA-estimated 36 combined mpg³ helps answer whatever the day calls for. And introducing the 25th Anniversary Special Edition, to celebrate Sienna’s 25 years of design work in Michigan and assembly in Indiana, outfitted with signature touches to bring added style to your every day.
Sporty styling

With available 20-in. dark wheels and sporty black accents, including a honeycomb grille, Sienna’s modern design matches your sense of style.

Premium exterior

Sienna’s design is as stylish as it is functional. Its unmistakable silhouette inspires you to accomplish whatever’s on the agenda, in style.

Bold colors

Stand out from the pack with Sienna’s eye-catching exterior colors. From Cypress green to Cement, there’s a color that’ll make a statement wherever you go.

EXTERIOR

Style, with room to spare.

Whether you’re going to your daughter’s dance recital or taking your partner out for date night, Sienna’s picture-perfect look is ready for any occasion.

See numbered footnotes in Disclosures section.
A legacy 25 years in the making.

This Special Edition celebrates 25 years of design work and assembly in the U.S. and comes outfitted with exclusive interior details like 25th Anniversary Smart Key fob cover, premium leather-trimmed seats and available built-in ottomans in the second row. Loaded with signature touches, the 25th Anniversary Special Edition is ready for any occasion.

Memory seats and stitching

Sienna’s 25th Anniversary Special Edition has a few tricks up its sleeve. Its memory seats let you save two positions each on the driver’s seat, side mirrors and steering wheel to suit you and your partner’s needs. And this Special Edition’s Black leather-trimmed seats with silver-colored stitching give it an elegant look. Start it up and everything feels just right.

Distinguished interior details

This Special Edition comes outfitted with exclusive interior details like floor mats and a key fob cover with signature 25 Years logo.
**INTERIOR**

Full of good ideas.

From the moment you sit behind the wheel of Sienna, you’re the one in control. With no inch overlooked, Sienna’s thoughtfully designed interior is the ideal balance of function and style.

---

**Second-row captain’s chairs**

Sienna’s available super-long-slide seats and captain’s chairs with built-in ottomans4 slide back for enhanced comfort or move up to make more room for cargo or passengers in the third row.

---

**Unique seats and stitching**

Sienna Woodland Edition’s dark chrome-accented exterior with black badging is complemented by an interior to match. Black SofTex® sport-trimmed seats feature a unique stitch color that raises the bar in style and comfort.

---

**1500W-capable power outlet**

With Sienna’s available 1500W-capable power outlet7, you can bring the comforts of home wherever you go.

---

See numbered footnotes in Disclosures section.

PERFORMANCE

Keeps up with your hustle.

Every Sienna is a hybrid. With this powertrain’s capabilities, there’s never a dull moment behind the wheel. Feel more confident and in control on the road, whether navigating highways or trails. All there’s left for you to worry about is what to pack.

All-Wheel Drive capability

Gravel, rain or snow, Sienna’s available All-Wheel Drive (AWD) system helps give you confidence on unfamiliar roads.

Hybrid performance

Whether you’re driving around the city during the day or taking a weekend road trip, Sienna’s class-leading EPA-estimated 36 combined mpg helps keep you going. And with 3500 lbs. of towing capacity, you can bring more with you on your next adventure.

Sport-tuned suspension

Sienna doesn’t compromise on performance. Its available sport-tuned suspension helps deliver a dynamic drive every time you get behind the wheel.

See numbered footnotes in Disclosures section.
COMFORT

Refined in all the right ways.

Four-zone climate control
You like it hot. Your partner likes it cool. Your son needs it to be 70 degrees exactly. And your dog likes it toasty. Using Sienna’s available best-in-class four-zone climate control system, you can set the temperature for each zone so everyone can keep their cool.

Entertainment center
On road trips or campouts, passengers can watch their favorite shows in the back with Sienna’s available 1080p HD rear-seat entertainment center.

Heated and ventilated seats
Sienna’s available heated and ventilated front seats and heated rear captain’s chairs bring enhanced comfort — no matter the season.
CONVENIENCE

A real people pleaser.

In a rush and not sure if you’ve locked the car’s doors? Well, with Sienna’s available Remote Connect,\(^5\) you can use your compatible smart device to check. Along with a host of other capabilities like remote vehicle start, Sienna helps keep you in control.

Front and Rear Parking Assist with Automatic Braking

Up your parking game. When pulling in or backing out of a tight space, Sienna’s available Front and Rear Parking Assist with Automatic Braking (PA w/AB)\(^5\) sends you audio and visual notifications, helping you park under pressure — without breaking a sweat.

Seven USB ports

Passengers can freely use their phones and tablets without worrying about their battery levels by connecting to one of the seven USB ports found across all three rows.\(^1\)

Split & Stow 3rd Row® seat

Make room for more friends, more stuff or both. Sienna’s 60/40 One-Motion-Stow Split & Stow 3rd Row® seat easily folds down so you can configure the space in the back to meet the day’s needs.
CONNECTED SERVICES

Technology that keeps up with you.

Take advantage of smart and convenient technologies designed to simplify your everyday life. Trial periods are available on select models for the listed connected services. Subscriptions required after trial.* 4G network dependent.

---

**WARRANTIES**

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Hybrid-Related Component Coverage:** Hybrid-related components, including the battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. Refer to applicable Warranty and Maintenance Guide for details.

**Hybrid Battery:** HV battery is covered for 10 years or 150,000 miles, whichever comes first. Warranty coverage is subject to terms and conditions. Refer to applicable Warranty and Maintenance Guide for details.

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

Hybrid — 2.5-Liter with Double Overhead Cam (DOHC), 16-Valve, D-4S Injection and Dual VVT-i 245 net hybrid system hp 245 net hybrid system hp 245 net hybrid system hp

**EMISSION RATING**

Super Ultra Low Emission Vehicle (SULEV)31

**ELECTRIC MOTORS**

Permanent magnet synchronous motors (two front) (FWD) Permanent magnet synchronous motors (two front, one rear) (AWD)

**TRACTION BATTERY**

Battery type: sealed Nickel-Metal Hydride (Ni-MH)

**TRANSMISSION**

Electronically controlled Continuously Variable Transmission (ECVT) with sequential shift mode

**DRIVETRAIN**

Front-Wheel Drive (FWD) Electronic On-Demand All-Wheel Drive (AWD) system

**DRIVE MODES**

Normal, Eco, EV, Manual, Sport

See numbered footnotes in Disclosures section.
DISCLOSURES

37. Lane Tracing Assist (LTA) is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See Owner’s Manual for additional limitations and details. 38. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle’s forward-facing camera and navigation system (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on road, weather, vehicle and sign conditions. Use common sense when using RSA and do not drive distracted. See Owner’s Manual for additional limitations and details. 39. SofTex® is a registered trademark of Toyota Motor Sales, U.S.A., Inc. 40. EV Mode lets you operate solely on battery power at low speeds for short distances and in limited circumstances, such as in a parking garage. Different conditions may prevent or limit usage. See your Owner’s Manual for limitations and details. 41. Airbag systems are Supplemental Restraint Systems and are designed to inflate only under certain conditions and in certain types of severe collisions. To decrease the risk of injury from an inflating airbag, always wear seatbelts and sit upright in the middle of the seat as far back as possible. Do not put objects in front of an airbag or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. See Owner’s Manual for additional limitations and details. 42. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner’s Manual for additional limitations and details. 43. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner’s Manual for additional limitations and details. 44. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner’s Manual for additional limitations and details. 45. Qi wireless charging may not be compatible with all mobile phones, MP3/WMA players and like models. When using the wireless charging system, avoid placing metal objects between the wireless charger and the mobile device when charging is active. Doing so may cause metal objects to become hot and could cause burns. 46. When the system is on, Automatic Electric Parking Brake is designed to automatically engage the Electric Parking Brake under limited conditions. It may not hold the vehicle under all conditions and does not function when the vehicle is in reverse. Automatic Electric Parking Brake is not a substitute for manual use of the Electric Parking Brake. See Owner’s Manual for additional limitations and details. 47. When the system is on, Brake Hold is designed to keep the brakes engaged after the driver brings the vehicle to a complete stop. It may not hold the vehicle under certain conditions and does not function when the vehicle is in reverse. Brake Hold is not a substitute for safe and attentive driving. See Owner’s Manual for additional limitations and details. 48. Selection of the Genuine Toyota tow hitch will require removing or disabling the kick sensor, and the sensor operation setting in your vehicle should be turned off. Water, weather, dirt and other conditions also may cause the sensor to not operate properly or to operate unintentionally. See Owner’s Manual for limitations. 49. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner’s Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment. 50. Extra-cost color. 51. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). 52. The backup camera does not provide a comprehensive view of the rear area of the vehicle and you should also look around the vehicle, using mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner’s Manual for additional limitations and details. 53. Headphones are for passenger use only. 54. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc., and any use of such marks by Toyota is under license. A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 55. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 56. Rated for 12 volts/10 amps. See Owner’s Manual for additional limitations and details. 57. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 58. Brake Assist is designed to help the driver take advantage of ABS and is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, tire and road conditions. See Owner’s Manual for additional limitations and details. 59. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details. 60. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See Owner’s Manual for additional limitations and details. 61. Hill Start Assist Control is designed to help minimize backward rolling on steep ascents. It is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether HAC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 62. The engine immobilizer is a state-of-the-art anti-theft system that is initiated when you insert your key into the ignition switch or bring a Smart Key fob into the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. The transponder chip is embedded in the key/fob and can be costly to replace. If you lose a key or fob, your Toyota dealer can help or go to www.aloa.org to find a qualified locksmith in your area who can perform high-security key service. 63. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print). 64. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 65. JBL® and Clari-Fi® are registered trademarks of Harman International Industries, Inc. 66. Do not overload your vehicle. See Owner’s Manual for weight limits and restrictions. 67. Dashcam may not record under certain conditions. Always respect the privacy rights of others. See your dashcam Owner’s Manual for details.
