2023 TUNDRA

Born for this.

Introducing the 2023 Tundra. Engineered with uncompromising power. Equipped with advanced capability features. And decked out with premium creature comforts inside. Take hold of the reins and get ready for unforgettable adventures.

Limited CrewMax shown in Supersonic Red (extra-cost color) with max towing capacity of 11,170 lbs. Never tow beyond a vehicle’s published towing capacities. See Owner’s Manual for limitations.

Cover image: TRD Pro CrewMax shown in Solar Octane (extra-cost color). Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Wear seatbelts at all times and do not allow passengers in cargo area.
A force to be reckoned with.

Tundra’s modern muscle delivers exceptional power without sacrificing efficiency. Equipped to go the extra mile, this full-size pickup has up to a manufacturer-estimated 22 combined mpg rating.⁴ The moment you step on the gas, you’re ready for action. And you can keep on driving with confidence, knowing this truck was built with the quality, durability and reliability Toyota is recognized for.

Electrified i-FORCE MAX powertrain

Tundra’s available i-FORCE MAX engine applies hybrid tech for more performance. By pairing the Twin-Turbo V6 with an electric motor, this hybrid engine generates an electrifying 437 horsepower with an amazing 583 lb.-ft. of torque. And the unique placement of the electric motor between the engine and transmission allows power to be transferred efficiently, without any lag. Charging up the trail or merging onto the freeway — the second you feel the instantaneous torque across the powerband, you’re ready to keep the adventure going.

Max towing of up to 12,000 lbs.

Its powertrain, frame and suspension work together to give Tundra an available max towing capacity of up to 12,000 lbs.³ Whether you’re towing your trailer for a weekend getaway or taking the ATVs out for a spin in the desert, Tundra helps you haul with confidence.
DESIGN & UTILITY

Take on the toughest demands.

Tundra is our toughest, most capable, most advanced body-on-frame hauler to date.

Fully boxed steel frame and multi-link rear suspension

Tundra's fully boxed, high-strength steel ladder frame provides enhanced rigidity, capability and driving comfort. The rear frame member is widened to improve stability and towing capability. And for more reinforcement, the frame cross members are more than doubled in size — making Tundra the most durable body-on-frame hauler to come off our Texas assembly line. A modern suspension to match its modern fully boxed frame, Tundra’s multi-link rear suspension delivers ride comfort, straight-line stability and overall handling dynamics on the road, trail and everywhere in between. And with this coil-spring suspension, Tundra delivers better roll damping and towing performance.

Ultra-durable composite bed

Tundra’s aluminum-reinforced bed is composed of an ultra-durable Sheet-Molded Composite (SMC) surface. This strong and resilient bed boasts a greater impact strength than aluminum and acts as a shield against dents, impact dings and rust. Even with its max payload of 1940 lbs\(^3\) loaded in the back, this rugged, high-tech bed offers added protection to help keep your Tundra looking good for years to come.

Platinum CrewMax Long Bed shown in Blueprint. Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Wear seatbelts at all times and do not allow passengers in cargo area. Payload includes the weight of occupants, cargo and options, limited by weight distribution.

See numbered footnotes in Disclosures section.
14-in. Toyota Audio Multimedia touchscreen

Get a better view of what’s around you on Tundra’s impressive available 14-in. audio multimedia touchscreen. Synced up to multiple cameras placed around Tundra, the large interactive display lets you choose different views — as if you had spotters with you. And with the available Multi-Terrain Monitor7 activated, you can check your immediate surroundings for obstacles as you take on tricky terrain.

Panoramic View Monitor

Tundra’s available Panoramic View Monitor (PVM)8 uses cameras on the front, sides and rear of the truck to give you a better view of what’s going on outside.

Trailer Backup Guide with Straight Path Assist

Using sensors and cameras, Tundra’s available driver assistance technology helps keep your trailer in a straight line as you back up.9

Blind Spot Monitor with Trailer Merge Warning

Tundra’s available Blind Spot Monitor (BSM)10 is designed to warn you when a vehicle in the next lane enters your blind spot on either side of the truck. When you engage its available Integrated Trailer Brake Controller (ITBC),11 the system automatically senses there’s a trailer connected, determines its length and activates Trailer Merge Warning — all without any input from the driver. And when you’re reversing out of a tight spot, available Rear Cross-Traffic Alert (RCTA)12 helps detect vehicles approaching from either side, warning you with side mirror indicators and a warning tone. Altogether, Tundra’s advanced safety and convenience features help bring added peace of mind to every journey.

TECHNOLOGY

Off-the-grid street smarts.

The most advanced Tundra ever built. Outfitted with the latest tech, Tundra features a Human Machine Interface (HMI). This advanced system uses Tundra’s available 14-in. multimedia touchscreen to heighten your interaction through sight, touch and voice activation — helping you stay connected to every adventure.

See numbered footnotes in Disclosures section.
**INTERIOR**

**A first-class cabin.**

Tundra’s premium interior features available leather-trimmed and soft-touch materials throughout, plenty of room for friends or gear, and a driver’s seat that fits like a glove.

---

**Premium leather-trimmed seats**

Bring maximum comfort to wild rides. Tundra’s available premium leather-trimmed seats are designed with a wide shoulder to give you more support. And to up the ante on luxury, TRD Pro comes decked out with available red leather trim.

**Heated and ventilated seats**

Warm up on your way up the mountain. Cool down when you’re under the desert sun. No matter the climate, Tundra’s available heated and ventilated front and rear seats help you wander in total comfort.

**Rear-seat storage**

Tundra’s versatile rear seats flip and fold — helping you make space for more gear. And on certain models, Tundra’s back seats flip up for added storage underneath. Thoughtfully designed, this cabin is ready for your next big trip.

**Power vertical rear window**

A signature Toyota feature. Tundra CrewMax features a standard rear glass window that raises and fully lowers with the push of a button. When you’re driving on the trail, this handy feature optimizes airflow inside the cabin — and gives your four-legged friend a better view.

---

See numbered footnotes in Disclosures section.
Modern muscle.

From the ground up, Tundra’s design pays homage to Toyota’s legendary adventurous look. Bold lines, bulging fenders and a powerful front grille hint at the capability that lives under the sheet metal and show onlookers that this truck can handle the toughest demands.

Premium LED headlights
High-performance, efficient LED headlights give Tundra a striking look. And these fully LED headlights offer available dynamic sequential turn signals, Daytime Running Lights (DRL) and LED low and high beams for better visibility. In addition to Tundra’s standard manual-leveling headlights, its available auto-leveling headlights stay level for safer towing and hauling — without any input from the driver.

Distinct Platinum and 1794 Edition styling
Right off the bat, Tundra’s thick bumper interlocks with its brawny grille to create a strong, visceral image. Platinum’s bold grille — featuring dark chrome-finished accents — sends a powerful message that this truck is a premium recreation machine. And with a modern Western design, 1794 Edition’s bright chrome-finished grille lets everyone know this rugged rig rides in a league of its own.

SX Package
Get more bang for your truck — customize your vehicle to be as bold as you, with Tundra’s newly available SX Package. Dress up your Tundra with stunning Dark Gray Metallic 18-in. wheels and black body-color trim, including on the outer door handles and the rear inboard bumper. Similar styling can be found inside the cabin, as black accents replace smoked silver for the trim.

See numbered footnotes in Disclosures section.
Equipped for adventure.

Designed to make your outdoor adventures even greater, the team at Toyota Racing Development (TRD) has built on Tundra’s pedigree of toughness. Whether it’s with the TRD Off-Road Package, TRD Sport Package or TRD Pro grade, you’ll be ready for the trail with one-of-a-kind enhancements in performance, capability and styling. TRD Off-Road Package available on SR5, Limited and 1794 Edition. TRD Sport Package available on SR5.

TRD Pro

Built for the great outdoors. TRD Pro’s BBS® forged wheels come wrapped in Falken® WILDPEAK all-terrain tires. A high-strength aluminum TRD Pro skid plate helps protect this beast’s underbelly. And for enhanced off-road performance, TRD Pro’s suspension features rugged FOX® shocks.

TRD Off-Road suspension

Delivering consistent performance when the going gets rough, TRD Off-Road’s Bilstein® shocks help steady the course. And its unique 18-in. alloy wheels come wrapped in Falken® WILDPEAK all-terrain tires to help you take on rock, dirt and mud — without losing your grip. TRD Off-Road Package available on SR5, Limited and 1794 Edition.

TRD Sport 20-in. wheels

Strong and lightweight, 20-in. TRD Sport alloy wheels with a matte-black finish give this rugged rig a magnetic look on wild terrain. And the TRD Sport Package also comes with a sport-tuned and lowered suspension equipped with Bilstein® shocks to optimize driving dynamics. TRD Sport Package available on SR5.

Off-roading is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Wear seatbelts at all times and do not allow passengers in cargo area.
Amplify your drive.

Enhance every drive with an experience that’s all about you. Whether enjoying the sounds of your favorite soundtrack or interacting with an interface that you’re familiar with, you’ll always be surrounded by comfort.

**JBL® Premium Audio system**

Immerse yourself in quality sound with Tundra’s available JBL® Premium Audio system. A 12-speaker audio system equipped with a subwoofer, it provides phenomenal sound that amplifies every drive.

**Wireless Apple CarPlay®**

Bring along a familiar face. With Tundra’s wireless Apple CarPlay® compatibility, you can use your compatible iPhone® with the multimedia system to get directions, make calls, send and receive messages and listen to music, all while staying focused behind the wheel.

**Wireless Android Auto™**

Stay connected on the road. By pairing your compatible Android™ phone with the audio multimedia system, Android Auto™ lets you get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more.

**SiriusXM® Platinum Plan 3-month trial**

With a SiriusXM® 3-month Platinum Plan trial subscription, you get 425+ channels, including 165+ channels in your vehicle, to listen to ad-free music, plus sports, news, comedy and more. Innovative features in the Tundra make it even easier to search, discover and listen than ever before, through personalized channel recommendations curated just “For You.” Plus, the Live Sports category puts all your games and teams in one place for easy access.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. Refer to applicable Warranty and Maintenance Guide for details.

Hybrid Battery: HV battery is covered for 10 years or 150,000 miles, whichever comes first. Warranty coverage is subject to terms and conditions. Refer to applicable Warranty and Maintenance Guide for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase, the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.

### Safety and Convenience

- Toyota Safety Sense™ 2.5 (TSS 2.5):35 Pre-Collision System with Pedestrian Detection (PCS w/PD),36 Full-Speed Range Dynamic Radar Cruise Control (DRCC),37 Lane Departure Alert with Steering Assist (LDA w/SA),38 Lane Tracing Assist (LTA),39 Automatic High Beams (AHB),40 Road Sign Assist (RSA)41
- Blind Spot Monitor (BSM)42 with Rear Cross-Traffic Alert (RCTA)43 and Trailer Merge Warning
- Front and Rear Parking Assist with Automatic Braking (PA w/AB)44
- Tire Pressure Monitor System (TPMS)45
- Eight total airbags,46 including driver and passenger side, knee and curtain airbags
- Driver and front passenger active headrests47
- 3-point seatbelts for all seating positions; driver-side Emergency Locking Retractor (ELR) and Automatic/Emergency Locking Retractor (ALR/ELR) on all passenger seatbelts
- LATCH (Lower Anchors and Tethers for Children) includes lower anchors on all outboard second-row rear seats
- Child-protector rear door locks and power window lockout control

### Audio Multimedia

- 8-in. Toyota Audio Multimedia touchscreen with 6-speaker audio system, wireless Android Auto™29 & Apple CarPlay®25 compatible, SiriusXM®32 with 3-month Platinum Plan trial subscription.33
- 8-in. Toyota Audio Multimedia touchscreen with 9-speaker audio system, wireless Android Auto™29 & Apple CarPlay®25 compatible, SiriusXM®32 with 3-month Platinum Plan trial subscription.33
- 14-in. Toyota Audio Multimedia touchscreen with 6-speaker audio system, wireless Android Auto™29 & Apple CarPlay®25 compatible, SiriusXM®32 with 3-month Platinum Plan trial subscription.33
- 14-in. Toyota Audio Multimedia touchscreen with 9-speaker audio system, wireless Android Auto™29 & Apple CarPlay®25 compatible, SiriusXM®32 with 3-month Platinum Plan trial subscription.33
- 14-in. Toyota Audio Multimedia touchscreen with 12 JBL®34 speakers including subwoofer and amplifier, wireless Android Auto™29 & Apple CarPlay®25 compatible, SiriusXM®32 with 3-month Platinum Plan trial subscription.33

### Connected Services

- Wi-Fi Connect23 — with AT&T Wi-Fi hotspot and Integrated Streaming (Apple Music®27 and Amazon Music®31) compatibility.1-month trial subscription for music services. Up to 30-day or 3 GB trial subscription on Wi-Fi hotspot.4 G network dependent.
- Service Connect® with up to 10-year trial subscription — receive personalized maintenance updates and vehicle health reports. Subscription required.21 4G network dependent.
- Remote Connect® — remotely interact with your vehicle through the Toyota app via your smartwatch.28 Amazon Alexa-enabled® devices, and Google Assistant™-enabled® devices. Allowing you to lock/unlock doors, start and stop the vehicle, locate your last parked location, check vehicle status and monitor guest drivers. Subscription required.1-year trial subscription.22 4G network dependent.
- Drive Connect® — includes Cloud Navigation® with Google Points of Interest (POI) data, Intelligent Assistant® with Hey, Toyota, and Destination Assist®. Subscription required.24 4G network dependent.

### ENGINE

- 24-valve DOHC aluminum cylinder heads with Dual Variable Valve Timing with intelligence (VVT-i);
- 3445 c.c. aluminum engine block, 85.5 x 100 (mm.) bore x stroke, 10.4:1 compression ratio
- Twin turbochargers with electric wastegate valve actuators and water-cooled intercooler
- D-4ST direct-injection and port-injection fuel system
- Conventional 12V starter
- Stop and Start Engine System (S&S)
- Stainless steel exhaust system
- Eco, Normal and Sport driving modes
- Eco, Comfort, Normal, Sport S, Sport S+ and Custom driving modes

### TRANSMISSION

- 10-speed Electronically Controlled automatic Transmission with intelligence (ECT-i), sequential shift mode, and uphill/downhill shift logic
- Parallel hybrid system with permanent magnet synchronous motor/generator, electric motor power: 48 hp (36 kW), torque: 184 lb.-ft. (250 N•m)
- 288V Sealed Nickel-Metal Hydride (Ni-MH) battery with 1.87 kWh capacity

### HYBRID SYSTEM

- Rear-Wheel Drive (RWD) with Automatic Limited-Slip Differential (Auto LSD)
- 4WDemand part-time 4-Wheel Drive with electronically controlled 2-speed transfer case (high/low range) and Automatic Limited-Slip Differential (Auto LSD)
- Electronically controlled locking rear differential

### DRIVETRAIN

- Fully boxed high-strength steel ladder frame with hydraulic cab mounts
- Ultra high-strength steel cabin construction with aluminum hood and front door panels
- Active aero front spoiler
- Active grille shutters

### BODY AND FRAME

- Load-leveling Rear Height Control Air Suspension

### SUSPENSION

- Independent double-wishbone front suspension, coil spring multi-link rear suspension
- TRD sport-tuned and lowered suspension with Bilstein® shocks
- TRD Pro off-road suspension with Bilstein® shocks
- TRD Pro off-road suspension with 1.1-in. front lift, 2.5-in. FOX® internal Bypass coil-overs and rear remote-reservoir shocks, and TRD Pro front stabilizer bar
- Adaptive Variable Suspension (AVS) system
- Electric Power Steering (EPS); power-assisted rack-and-pinion

### BRAKES

- Power-assisted ventilated 13.9-in. front disc brakes with opposed dual-piston brake calipers; ventilated 13.6-in. rear disc brakes with single-piston calipers
- Electric Parking Brake (EPB)
- Electronically Controlled Braking (ECB) system
- Electronically Controlled Braking (ECB) system with integrated regenerative braking (hybrid only)

See numbered footnotes in Disclosures section.
DISCLOSURES

1. Extra-cost color. 2. The Toyota Tundra is designed to meet most off-road driving requirements, but off-road driving is inherently dangerous. Abusive use may result in bodily harm or vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. 3. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual. The maximum you can tow depends on base curb weight plus the total weight of any cargo, occupants, and added vehicle equipment or “equipment,” including weight added by the manufacturer, dealers, and/or vehicle owners. A way to be certain of your vehicle's exact curb weight is to weigh it with your vehicle without passengers or cargo. [Calculated with the new SAE J2807 method.] Installation of a tow hitch receiver or other accessories located near the rear bumper may require disabling or removing the kick sensor, and the sensor operation setting in your vehicle should be turned off. See Owner's Manual for limitations. 4. 2023 projected EPA-estimated mpg rating estimates as determined by manufacturer. EPA estimates not available at time of posting. Use for comparison purposes only. Your mileage will vary for many reasons, including your vehicle's condition and how/where you drive. 5. Fuel Economy is the calculation of GVWR minus curb weight and should be used for comparison purposes only. The maximum amount of passenger and cargo weight your vehicle can carry is the Load Carrying Capacity indicated on the label(s) on the driver's doorjamb. 6. Screen depiction accurate at time of printing. 7. The Multi-Terrain Monitor view is limited and can be affected by environmental conditions. See Owner's Manual for additional limitations and details. 8. The Panoramic View Monitor does not provide a comprehensive view of the area surrounding the vehicle. You should use your mirrors and turn signals to confirm surrounding clearance. Environmental conditions can limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 9. The backup camera does not provide a comprehensive view of the rear area of the vehicle/trailer, and you should look around outside your vehicle and use your mirrors to confirm rear clearance. Additionally, when using Straight Path Assist, the driver is still responsible for safe operation as there are environmental conditions and design limitations to system performance. See Owner's Manual for limitations and details. 10. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your mirrors to check rear clearance. See Owner's Manual for additional limitations and details. 11. Integrated Trailer Brake Controller is an electronic system that operates in tandem with a trailer equipped with an electric braking system. It is designed to help the driver maintain trailer control by increasing or reducing trailer braking based on trailer weight. It is not a substitute for safe towing practices. Factors including speed, weather, road conditions and driver input can all affect trailer braking control. See Owner's Manual for additional limitations and details. 12. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details. 13. Cargo and load capacity limited by weight and distribution. Always properly secure cargo and cargo area. 14. BBS® is a registered trademark of BBS of America, Inc. 15. Falken is a registered trademark of Sumitomo Rubber Industries, Ltd. 16. FOX is a registered trademark of FOX Factory, Inc. 17. Bilstein® is a registered trademark of ThysenKrupp Bilstein GmbH FED REP GERMANY. 18. Connected Services depends on factors outside Toyota's control, including an operative telematics device, a cellular connection, GPS signal and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded, including access to response center and emergency support. Stolen vehicle police report required to use Stolen Vehicle Locator. Automatic Collision Notification activated only if 4G LTE data plan connected. Service may vary by vehicle and region. Apps and services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data charges may apply. See usage precautions and service limitations in Owner's Manual and at toyota.com/connected-services for additional details. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacycts/. Connected Services includes the following subscription services. All data collected by Toyota has been encrypted, including any operating systems, personal information and audio content. Toyota and its partners may use the data to improve Connected Services performance and accuracy, as well as to develop new services and features. Subscriptions are available for a limited time after trial and are subject to change at any time without notice. Owner’s Manual and at toyota.com/connected-services for additional details. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacycts/. The Safety Connect® trial period (if applicable) is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Service required after trial to access the service. Terms of Use apply. 20. Requires dealer activation. Service and information provided is based on the last time data was collected from the vehicle and is not real-time data. Service Connect depends on factors outside of Toyota's control, including an operative telematics device, a cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle and region. Requires app download/registration and subscription after trial. Service subject to change at any time without notice. Terms of Use apply. Data charges may apply. See usage precautions and service limitations in Owner's Manual and at toyota.com/connected-services for additional details. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacycts/. Service Connect is not renewable as a stand-alone service and requires a subscription to any of Safety Connect®, Remote Connect or Drive Connect upon trial expiration. The Service Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Service required after trial. Service Connect renewal will be included when Safety Connect®, Remote Connect or Destination Assist connected service renewal is selected. 22. Depends on operative telematics device, availability of compatible wireless network and other factors. Use only if aware of vehicle surroundings and it is legal and safe (e.g., do not use if vehicle is in enclosed space or is occupied by a child). Subject to change without notice. Requires app download and registration/subscription after trial (if applicable). Not available on vehicles with manual transmission. Terms of Use apply. Data charges may apply. See Toyota Owner's Manual and https://www.toyota.com/connected-services/. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacycts/. Remote Connect trial period (if applicable) is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Service required after trial to access the service. Terms of Use apply. 23. Apps and services are subject to change at any time without notice. Data charges may apply. Apple CarPlay® functionality requires a compatible iPhone® connected wirelessly to the vehicle. Apple CarPlay® is a registered trademark of Apple Inc. 24. Drive Connect availability and accuracy depend on factors outside of Toyota’s control, including an operative telematics device, cellular connection, GPS signal, and the availability of a compatible wireless network, without which system functionality and availability may be limited or precluded. Service may vary by vehicle and region. Requires app download/registration and subscription after trial. Service subject to change at any time without notice. Requires app download and registration/subscription after trial (if applicable). Not available on vehicles with manual transmission. Terms of Use apply. Data charges may apply. See Toyota Owner’s Manual and https://www.toyota.com/connected-services/ for additional limitations and details. To learn about Toyota’s Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/privacycts/. Drive Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. Service required after trial to access the service. Terms of Use apply. 26. Apple CarPlay® is a registered trademark of Apple Inc. All rights reserved. 27. Apple Music and the Apple logo are trademarks of Apple Inc., registered in the U.S. and other countries. Requires Wi-Fi Connect subscription after trial (if applicable) and your own Apple Music account. 28. Android is a trademark of Google LLC. 29. Android™ and Android Auto™ are trademarks of Google LLC. To wirelessly use Android Auto™ on your car display, you need a compatible Android™ smartphone with an active data plan. You can check which smartphones are compatible at Owner's Manual and use your mirrors to confirm surrounding clearance. Environmental conditions can limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 31. Trial length and service availability may vary by model, model year or trim. Service will automatically stop at the end of your trial subscription period unless you choose to continue service. If you choose to continue service, you can subscribe to the service by calling 1-888-537-2972. Service will remain available until your next scheduled oil change for the term of your warranty or the end of the trial period, whichever occurs first. Service subject to the SiriusXM Customer Agreement and Privacy Policy; visit www.siriusxm.com to see complete terms and how to cancel which includes cancelling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. All fees, content and features are subject to change. SiriusXM, Pandora and all related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. 33. SiriusXM trial length and service availability may vary by model, model year or trim. 34. JBL® is a registered trademark of Harman International Industries, Inc. 35. Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your own surroundings and drive safely. See Owner’s Manual for additional limitations and details. 36. The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, a pedestrian or a bicyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist, weather and road conditions, and the system's ability to detect an object. Pre-Collision System may not always recognize pedestrians or bicyclists. Full-Speed Range Dynamic Radar Cruise Control (DRCC) is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors including road, weather and traffic conditions. Vehicles with manual transmission have regular DRCC. See Owner’s Manual for additional limitations and details. 38. Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. System effectiveness is dependent on many factors including road, weather and traffic conditions. 39. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner’s Manual for additional limitations and details. 40. The Lane Tracing Assist (LTA) lane centering function is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. Not available on vehicles with manual transmissions. See Owner’s Manual for additional limitations and details. 41. Do not rely exclusively on Road Sign Assist (RSA). RSA is a driver support system that utilizes the vehicle's forward-facing camera and navigation system (when data is available) to recognize certain road signs and provide information to the driver via the multi-information display and/or Head-Up Display. Effectiveness is dependent on weather, road, light, etc.
