Nothing beats the style and simplicity of the new 2018 Yaris.

Simple, straightforward and safe. The recently refreshed 2018 Toyota Yaris is all about character — with upgraded style and features you’ll enjoy using every day. Luckily, Yaris already comes standard with Entune™ Audio, which includes a 6.1-in. touch-screen display, Bluetooth® and a backup camera. These features make getting from point A to point B comfortable and convenient. Since safety and reliability reign supreme, you’ll be pleased to know that Toyota Safety Sense™ C (TSS-C) comes standard. If leading by example is your thing, Yaris is your chance to demonstrate how pure and practical can also be sporty and stylish.
5-Door SE shown in Blue Eclipse Metallic and 5-Door LE shown in Ruby Flare Pearl. Prototypes shown. Production models may vary.

See numbered footnotes in Disclosures section.
More tech features. Less fluff.

Features you need. None that you don't. That's because the stylishly straightforward 2018 Yaris prides itself on its simplicity and practicality — ensuring that every recently upgraded feature is enjoyable and intuitive. This is tech that has you in mind, like standard Entune™ Audio and hands-free phone capability with music streaming via Bluetooth®. The standard integrated backup camera just may become your favorite feature, helping you to get in and out of tight spots. You'll wonder how you ever lived without all this helpful technology.

STANDARD ENTUNE™ AUDIO 6.1-IN. TOUCH-SCREEN W/USB® AND BLUETOOTH® CONNECTIVITY

The standard Entune™ Audio 6.1-in. touch-screen display with USB 2.0 port and Bluetooth® connectivity, including advanced voice recognition, will guide you along your ride and help get you to where you’re going more conveniently.

HANDS-FREE PHONE CAPABILITY WITH MUSIC STREAMING® VIA BLUETOOTH®

Standard integrated Bluetooth® technology with music streaming lets you take and make calls, and enjoy your favorite music, without you ever touching your phone or missing a beat.

STANDARD BACKUP CAMERA®

When you’re in reverse, the standard integrated backup camera offers you a helpful view of what the camera detects from behind. An additional touch of visibility to help make your journey forward a safe one.

AVAILABLE CONNECTED NAVIGATION™

The available Entune™ Audio Plus with Connected Navigation App helps you find your way from A to B much more conveniently. It comes equipped with the Scout® GPS Link App, allowing you to pair your smartphone for turn-by-turn directions.

See numbered footnotes in Disclosures section.
Redesigned from the inside out.

A roomy interior filled with lots and lots of extras. The kind of extras you want, like available remote keyless entry, so that just a press of the button gets you in and out of Yaris. Plus, easy-reach cup holders and door pockets, where you can stash your stuff. A generous center storage cubby helps you keep it all in check.
Designed for safety.

Toyota Safety Sense™ (TSS)® is a bundle of active safety features on most new Toyota vehicles at no additional cost. These innovative features were designed to help protect you and your passengers from harm.

**PRE-COLLISION SYSTEM (PCS)**
Using an integrated camera and laser or radar to help detect other vehicles in front of you, the Pre-Collision System (PCS) can prompt you to take action using audio and visual alerts if it determines a frontal collision is likely. If you notice the potential collision and apply the brakes, PCS may apply additional force using Brake Assist (BA). If you don’t brake in time, PCS may automatically apply the brakes for you, helping to minimize the likelihood of a frontal collision or reduce its severity.

**LANE DEPARTURE ALERT (LDA)**
Under certain circumstances, Lane Departure Alert (LDA) is designed to detect lane departure on roads with clear markings. LDA only activates when you’re traveling at a speed of 32 mph or faster. When you hear and see the alert, after carefully checking the road around you, you should safely direct your vehicle back to the center of your lane.

**AUTOMATIC HIGH BEAMS (AHB)**
Automatic High Beams (AHB) are a safety system designed to help you see more clearly at night — without blinding other drivers. Designed to activate at speeds above 25 mph, AHB rely on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggle between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow earlier detection of pedestrians and obstacles.

See numbered footnotes in Disclosures section.
Practical performance meets sporty style.

Performance-inspired touches you’ll appreciate all around you. For twisty roads, the available leather-trimmed steering wheel and shift lever add to the adventure while available sport fabric-trimmed seats enhance your comfort and enjoyment. Available metallic interior trim accents with satin chrome interior door handles mean business. It’s clear that Yaris really does have you in mind, offering all that’s smart and savvy in one practical package.
Smaller in size. Bigger on safety.

Zipping in and out of the city is a breeze in Yaris, but sometimes the unexpected can happen. That’s why we’ve loaded Yaris with so many safety features, like nine standard airbags; to help keep you from harm. With the Star Safety System™ — a suite of six active safety features — plus ToyotaCare, which offers two years or 25,000 miles of TLC for your new or leased Toyota, you’ll soon discover that no matter the size of Yaris, you matter.

NINE AIRBAGS

Yaris has nine airbags, which include a driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, a driver knee airbag, driver and front passenger seat-cushion airbags, and front and rear side curtain airbags.

STAR SAFETY SYSTEM™

Travel safely with more peace of mind. Yaris comes standard with this suite of six advanced safety features designed to help keep you out of harm’s way. The system includes Vehicle Stability Control (VSC); Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA) and Smart Stop Technology® (SST).

TOYOTACARE

Find new adventures without worry. Toyota is devoted to safety and dependability, and proper vehicle maintenance is important to both. That’s why we include a no cost maintenance plan with the purchase or lease of every new Yaris for 2 years or 25,000 miles, whichever comes first. 24-hour roadside assistance is also included for 2 years and unlimited miles.

See numbered footnotes in Disclosures section.
5-Door LE shown in Ruby Flare Pearl™ Prototype shown. Production model may vary.

YARIS MODELS

L
Available in 3- or 5-door models

Powertrain
• 1.5L 4-Cyl. Engine
• 5-speed manual or available 4-speed automatic transmission
• 30 city/36 hwy/33 combined EPA-est. mpg³ (manual)
• 30 city/35 hwy/32 combined EPA-est. mpg³ (automatic)

Exterior Features
• Bold front fascia with grille and chrome accents
• Multi-reflector halogen headlights with chrome accents
• Daytime Running Lights (DRL)
• Color-keyed outside mirrors
• 15-in. styled steel wheels

Interior Features
• Entune™ Audio — includes Entune™ Multimedia Bundle⁴
  (6.1-in. touch-screen display, AM/FM CD player, MP3/WMA playback capability, six speakers, auxiliary audio jack, USB 2.0 port⁵ with iPod®⁶ connectivity and control, advanced voice recognition, hands-free phone capability, phone book access and music streaming⁶ via Bluetooth®⁹ wireless technology), and Siri® Eyes Free®¹⁰
• Integrated backup camera¹² display with projected path
• Fabric-trimmed front seats
• 6-way adjustable driver’s seat
• 4-way adjustable front passenger seat with seatback pocket
• 60/40 split fold-down rear seats
• Tilt 3-spoke steering wheel with audio controls
• Power door locks with illuminated entry
• Power windows with driver-side auto down
• Passenger-side glove compartment
• 12V auxiliary power outlet
• Cargo area tonneau cover

Safety Features
• Toyota Safety Sense™ C (TSS-C)¹⁷ — includes Pre-Collision System (PCS)¹⁶, Lane Departure Alert (LDA)¹⁷ and Automatic High Beams (AHB)²⁰
• Star Safety System™ and nine airbags²⁴

See numbered footnotes in Disclosures section.

LE
Available in 3- or 5-door models
Adds to or replaces features offered on L

Powertrain
• 1.5L 4-Cyl. Engine
• 4-speed automatic transmission
• 30 city/35 hwy/32 combined EPA-est. mpg³

Exterior Features
• Color-keyed power outside mirrors
• 15-in. machined alloy wheels

Interior Features
• Cruise control
• Remote keyless entry system
• Metallic interior trim accents with satin chrome handles

Safety Features
• Engine immobilizer²⁷

SE
5-door model only
Adds to or replaces features offered on LE

Powertrain
• 1.5L 4-Cyl. Engine
• 5-speed manual or available 4-speed automatic transmission
• 30 city/36 hwy/33 combined EPA-est. mpg³ (manual)
• 30 city/35 hwy/32 combined EPA-est. mpg³ (automatic)

Exterior Features
• Projector-beam headlights with black sport trim and LED light bar accent
• LED Daytime Running Lights (DRL)
• Integrated fog lights with chrome surround
• Sporty front fascia with piano-black mesh pattern grille and chrome accent
• Rear spoiler
• 16-in. machined alloy wheels with dark accents

Interior Features
• Sport fabric-trimmed front seats
• Leather-trimmed tilt 3-spoke steering wheel with audio controls
• Leather-trimmed shift lever

See numbered footnotes in Disclosures section.
At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help live in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasts. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

SiriusXM Audio Services: SiriusXM satellite radio reception is subject to all the terms and conditions of the SiriusXM Agreement for Service, including fees, charges and taxes. SiriusXM audio services require a subscription sold separately, or as a package, by SiriusXM Radio Inc. For more information, call SiriusXM at 1-866-635-2349. ©2017 Sirius XM Radio Inc. SiriusXM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. 13. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and "Arc" logos are proprietary trademarks of iBiquity Digital Corp. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner’s Manual for additional limitations and details. 15. Manual transmission only. 16. Automatic transmission only. 17. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. Depending on the conditions of roads, weather and the vehicle, the system(s) may not work as intended. See Owner's Manual for additional limitations and details. 18. The TSS Pre-Collision System is designed to help avoid or reduce the severity of frontal collisions with certain types of前方。Detection of collision risk and System effectiveness is dependent on road, weather and vehicle conditions. See Owner’s Manual for additional limitations and details. 19. Lane Departure Alert is designed to read visible lane markers under certain conditions, and provide visual and audible alerts when lane departure is detected. It is not a substitute for safe and attentive driving. Effectiveness is dependent on road, weather and vehicle conditions. See Owner’s Manual for additional limitations and details. 20. Automatic High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner’s Manual for additional limitations and details. 21. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See Owner’s Manual for additional limitations and details. 22. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, and tire and road conditions. See Owner’s Manual for additional limitations and details. 23. Smart Stop Technology® operates only in the event of certain contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. See Owner’s Manual for additional limitations and details. 24. All airbag systems are Supplemental Restraint Systems. All airbags (if installed) are designed to inflate only under certain conditions and only in certain types of collisions. TSS Pre-Collision System effectiveness is dependent on road, weather and vehicle and system conditions. If the vehicle is rear-ended, the system may not function as intended. Do not use a rear-facing child seat in any front passenger seat. See Owner’s Manual for further information/warnings. 25. Whiplash-Injury-Lessening front seats can help reduce the severity of whiplash injury in certain rear-end collisions. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. 26. Owner's Manual for details. 27. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transmitter chip inside the key/fob matches the code in the vehicle's immobilizer. Because the transmitter chip is embedded in the key/fob, it can be costly to replace. Do not put objects in front of an airbag or around the seatback. For additional limitations and details, see your local Toyota dealer. 28. Covers factory ordered vehicles with pre-production date 1/1/2018 or later. 29. Covers factory ordered vehicles with pre-production date 1/1/2018 or later. 30. Does not include parts and fluids, except emergency fuel delivery. Valid only in the continental U.S. and Alaska. 31. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with its fasteners. Do not install a floor mat on top of an existing floor mat. 32. The Toyota Genuine Accessory Warranty will only apply when the installation is performed by a trained Toyota-approved installer. Please see dealer for details. 33. Trial length and service availability may vary by model, model year or trim.
